Ahmedabad University

Our Purpose

Ahmedabad University is dedicated to foster continuous progress of self and society. We aspire to become an exemplar in the transformation of higher education and research in India. Our graduates bear the capabilities, attitude and values to excel in whatever field they choose to pursue around the world.

Our Mission

- To prepare leaders of outstanding character who will contribute significantly to their fields of study and practice
- To build an evolving learning environment that is based on cross-disciplinary linkages between the arts, sciences, and professional disciplines, combined with rigour and reflection
- To actively advance research and intellectual enterprise at the University and in the society
- To promote independent-mindedness and diversity across all dimensions of the University
- To generate knowledge that provides a context of learning from and contribution to India and the world
- To actively advance the social, economic, and ecological development of local, national, and international communities
- To educate young people of India and the world to become contextually-literate global citizens
- To catalyze students to mature into critical thinkers who are analytically equipped, practically oriented, and ethically driven

We recognise that social challenges and job opportunities are occurring at the intersection of various axes of influence, defined by disciplines (data, materials, biology, and behaviour), nature (air, water, forests, and land), sectors of impact (health, transport, energy, and education) and society (individual and community). Accordingly, Ahmedabad University strives to guide students on how to learn through interdisciplinary academics and real-life experiences that traverse these intersections. Research programmes at the University also embody this integrative philosophy.

**Ahmedabad
University**

A Brief History

Ahmedabad University was founded by **Ahmedabad Education Society (AES)**. AES is a non-profit educational trust located in Ahmedabad. More than 80 years old, AES was established at the behest of Sardar Vallabhbhai Patel, the first Home Minister of India, by illustrious leaders such as Kasturbhai Lalbhai, the doyen of the Indian textile industry; Ganesh Mavalankar, the first Speaker of the Indian Parliament; and Amrutlal Hargovandas, one of the prominent industrialists of Ahmedabad. AES envisioned that the university would serve to advance education in the state of Gujarat, throughout India and the world. AES and its leaders have played significant roles in the founding of national institutions such as Indian Institute of Management

Ahmedabad, National Institute of Design, Physical Research Laboratory, and Centre for Environmental Planning and Technology or (CEPT). The Trust is also responsible for supporting reputed institutions such as MG College of Science, LD College of Arts, HL College of Commerce, LM College of Pharmacy, AG Teacher's College and LD Institute of Indology, amongst others.

When the history of educational enabling is written in India, AES will be at the top for its amazing perspective and record of developing best in class institutions independently and with the government where land, funding and often management was provided by the leaders of AES.

Our Logo

Ahmedabad University defines its philosophical roots in a universal enquiry that empowers open and unbounded thought leading humanity to prosperity. The University is informed and guided by deep scholarship and multiple perspectives that enhance our vision.

The logo embodies this philosophy using a contemporary mnemonic representing the rich heritage of the city of Ahmedabad as its inspiration. The mnemonic is a stylised representation of an integral icon of the city - the stepwell, in the form of a minimalistic yet powerful graphic illustration.

At the core of the structure is the self, which must grow with the aim of transforming society for better, thus evolving itself. Historically, a stepwell was constructed to sit deep in the earth which speaks to the University's focus on the enquiry for deep understanding. The channels and doors represent the openness ingrained in the holistic philosophy of education that Ahmedabad University embodies. From encouraging the spirit of disciplinary research to facilitating intersections that enable progress and prosperity.

RECOGNITION

ESTABLISHMENT OF THE UNIVERSITY

Ahmedabad University is a private, non-profit research university committed to providing students a liberal education focused on interdisciplinary learning and research thinking. Established in 2009 by Ahmedabad Education Society under the Gujarat State Private Universities Act, 2009, Ahmedabad University offers undergraduate, graduate and doctoral studies in areas such as engineering, humanities, management, natural sciences, and social sciences. With a centrally located campus and internationally renowned faculty, it has one of the most stimulating academic environments in the country.

DEPARTMENT OF SCIENTIFIC AND INDUSTRIAL RESEARCH (SIRO)

The Department of Scientific and Industrial Research, Government of India, has registered Ahmedabad University as a Research Institute under its Research Programmes.

UNIVERSITY GRANTS COMMISSION

The University Grants Commission has recognised Ahmedabad University under section 12(B) of the UGC Act, a recognition given to select research universities. Ahmedabad University is one of the very few private research universities in the country to have received this recognition. The University is now eligible to receive research and development grants, projects, and scheme-specific support from the University Grants Commission.

FOREIGN CONTRIBUTION (REGULATION) ACT (FCRA), 2010

The Ministry of Home Affairs, Government of India, has registered Ahmedabad University under the Foreign Contribution (Regulation) Act, 2010.

RECOGNITION

CENTRE OF EXCELLENCE

The Government of Gujarat has recognised Ahmedabad University as a Centre of Excellence (CoE). This recognition is part of a flagship initiative of the Government of Gujarat to select the best universities in the state and provide them with greater autonomy and regulatory freedom to allow them to achieve global standards in education. Ahmedabad University was assessed for its achievements in research, infrastructure, and quality of faculty among a host of other parameters by a high powered committee prior to the granting of this recognition.

Ahmedabad University, in its strategy plan for the CoE, has committed to increase financial support for students, enhance diversity of its student body, and also set up special research support mechanisms to usher in a globally benchmarked education.

Recognised as a Centre of Excellence in 2022 by the Government of Gujarat for its high quality faculty, deep innovative programmes, research outcomes, and contemporary infrastructure, among other parameters.

NATIONAL ACCREDITATION AND ASSESSMENT COUNCIL

Ahmedabad University has been accredited with 'A' grade by the National Assessment and Accreditation Council (NAAC) with a GPA of 3.25 on a scale of 4. This accreditation is valid for a period of five years from October 2022.

GUJARAT STATE INSTITUTIONAL RATING FRAMEWORK

Received a 5-star Rating, the highest awarded in the Gujarat State Institutional Rating Framework (GSIRF), for 2021-22 by the Knowledge Consortium of Gujarat (KCG), Department of Education, Government of Gujarat.

TIMES HIGHER EDUCATION

Ahmedabad University has been ranked among the top 10 universities in India and the top 20 in South Asia in the Times Higher Education (THE) Impact Ranking 2021 for Climate Action.

SOME RECENT ACHIEVEMENTS

Ahmedabad University's BCom (Hons) and BBA (Hons) Programmes Accredited by **Association of Chartered Certified Accountants to Offer Students a Globally Recognised Qualification.**

Ahmedabad University is recognised by the **Times Higher Education Awards Asia 2023 as Highly Commended University for Teaching and Learning Strategy.**

Ahmedabad University's Amrut Mody School of Management presented with AACSB's **Innovations That Inspire Award 2023.**

New Collaborative Study by **Professor Ritesh Shukla** uses Fluorescent Dye for Blood Screening Signalling Significant Advancement in Forensic Science.

Centre for Heritage Management received recognition in 2022 from National Monuments Authority under the Ministry of Culture, Government of India, as an **Expert Heritage Body** marking it as a leading institution for archaeology and built heritage conservation for the Western and Central regions.

Priyadarshi Shukla, Distinguished Professor, Amrut Mody School of Management, and Chair, Global Centre for Environment and Energy, is the Co-Chair of the Intergovernmental Panel on Climate Change (IPCC) Working Group III.

Dharamashi Rabari, Assistant Professor, School of Engineering and Applied Science, received the Gujarat Council on Science and Technology (GUJCOST) funding for research on carbon dioxide cycloaddition to identify economically viable and sustainable methods to catalyse the CO₂ to produce various chemicals, fuels, and plastic precursors using Deep Eutectic Solvents (DES).

Ashim Rai, Assistant Professor in the Biological and Life Sciences division, School of Arts and Sciences, received the highly prestigious DBT/Wellcome Trust India Alliance Intermediate Award supporting his research on Structure-function mapping of Salmonella-host cytoskeleton interactions for five years.

Adarsh Ganesan, Assistant Professor, School of Engineering and Applied Science, in collaboration with physicists at Delft University of Technology, built a new technology on a microchip by combining two Nobel Prize-winning techniques to measure distances in materials at high precision.

Priyadarshi Shukla, Chair, Global Centre for Environment and Energy, and Minal Pathak, Associate Professor, Global Centre for Environment and Energy, and Senior Scientist of the Working Group III, are among the select authors of the Synthesis Report (2023) which summarised the findings of IPCC.

Priyadarshi Shukla, Distinguished Professor, Amrut Mody School of Management, and Director, Global Centre for Environment and Energy; Ashutosh Kumar, Associate Professor, School of Arts and Sciences, Akhand Rai, Assistant Professor, School of Engineering and Applied Science; and Ritesh Shukla, Assistant Professor, School of Arts and Sciences, featured in the World's Top 2% Scientists in the 2022 report by Stanford University and PLOS Biology.

A study by **Krishna Swamy, Assistant Professor, School of Arts and Sciences**, and his colleagues uncovered the role of impaired protein complexes in alleviating or aggravating hybrid birth defects.

Siddhartha Saxena, Assistant Professor, Amrut Mody School of Management, was selected to the Fetzer Scholarship Committee that supports research at the intersections of spirituality and religion with management.

SOME RECENT ACHIEVEMENTS

Led by **Vivek Tanavde, Associate Professor, School of Arts and Sciences**, researchers of the Oral Cancer Cluster at the Biological and Life Sciences division, and doctors from the Department of Head and Neck Oncology, HCG Cancer Centre, Ahmedabad, discovered a novel miRNA in the saliva of patients to help predict tumour aggressiveness and better prognosis of oral cancer, and restrict the need for the invasive method of conventional biopsy in oral cancer patients.

Subhash Rajpurohit, Associate Professor at the School of Arts and Sciences and Ramanujan Fellow, was selected to the Equal Opportunities Initiative committee of the European Society for Evolutionary Biology (ESEB).

Leya Mathew, Assistant Professor of Social Sciences at the School of Arts and Sciences, released her new book English Linguistic Imperialism from Below: Moral Aspiration and Social Mobility which maps the experiences and aspirations of low-income and Dalit mothers and an unexpected politics that unfolds through and around low-fee private English-medium schooling.

Kamal Ghosh Ray, Professor of Finance, Amrut Mody School of Management, released the second edition of his book, Mergers and Acquisitions: Strategy, Valuation and Integration.

Ashutosh Kumar, Associate Professor at the School of Arts and Sciences, published his edited book, Environmental Toxicology and Ecosystem, that addresses the basics of ecotoxicity assessment, the interaction of abiotic or biotic factors with novel chemical entities, and the fate of the natural organic matter upon interaction with new chemical entities.

Ramadhar Singh, Distinguished University Professor, Amrut Mody School of Management, was honoured on the Heritage Wall of Fame of the Society for Personality and Social Psychology (SPSP) in the US in 2022. He was also presented with the Purdue University Distinguished Alumni Award by the College of Health and Human Sciences.

Jeemol Unni, Professor of Economics at Amrut Mody School of Management, was invited by the International Labour Organization (ILO), Geneva, as an external collaborator on the Engendering Informality Statistics project underway with the support of the Bill and Melinda Gates Foundation in 2023.

Jeemol Unni, Professor, Amrut Mody School of Management, was the Conference President of the 63rd Labour Economics Conference of the Indian Society of Labour Economics (ISLE) held in 2023.

Rahul Sarwate, Assistant Professor, School of Arts and Sciences, received the 2022 New India Foundation Translation Fellowship dedicated to bringing non-fiction works from Indian languages into English. Professor Sarwate will be translating Sharad Patil's Marxvad: Phule-Ambedkarvaad.

Tejaswini Niranjana, Director, Centre for Inter-Asian Research, was awarded the 2021 National Translation Award in Prose by the American Literary Translators Association for her English translation of No Presents Please: Mumbai Stories, an anthology of short stories in Kannada authored by Jayant Kaikini.

Kunal Basu, Distinguished Professor of Humanities at the Centre for Learning Futures and affiliated to the School of Arts and Sciences, was conferred the Parasuraman Award in 2021 for Long-Term Impact by the Academy of Marketing Science for his article Customer Loyalty: Towards an Integrated Conceptual Framework.

SOME RECENT ACHIEVEMENTS

Rahul Singh, Assistant Professor, Amrut Mody School of Management, won the BRICS Economic Research Award 2021 for his doctoral dissertation Essays in International Trade in Post Liberalization India.

Doctoral Student Aditi Patel, School of Arts and Sciences, who works in the area of oral cancer prognosis, was among a select few researchers globally to receive the Global Scholar-In-Training Award from the American Association for Cancer Research.

Shrutika Parihar, Doctoral Candidate, Global Centre for Environment and Energy, was selected in 2022 for research on carbon sequestration in mangroves in Kutch, Gujarat, for the SUPER GCRF PhD Researcher Exchange Scheme with the University of St Andrews, Scotland, UK, funded by the Natural Environment Research Council.

Shrutika Parihar, Doctoral Candidate, Global Centre for Environment and Energy, was awarded a fully-funded field-based workshop at Indian Sunderbans Early Career Researchers in 2022. She was among the top three of 18 Early Career Researchers at the Newton-Bhabha Researchers (British Council) Link Workshop 2020, organised by West Bengal State University and New Castle University.

Samiksha Purohit, MMS in Heritage Management, Centre for Heritage Management, received a scholarship from the Indian National Trust for Art and Cultural Heritage in 2022 for research on Redefining the urban landscape of Kashi through revival of Kathak as a form of living heritage.

Padmaja Anant, Diploma in Literary Translation programme, won the 2022 Mozhi Prize, a prestigious literary award for short fiction translated from Tamil into English.

Alumnus Jimil Desai, BTech in Information and Communication Technology, School of Engineering and Applied Science, was selected to work at the European Council for Nuclear Research (CERN) in 2022 as a Technical Student for a year.

Alumna Hasti Modi, BBA, Amrut Mody School of Management, received The Diana Award 2022 for impacting social change in the area of environment and sustainability.

Soham Payal Pathak, BBA (Hons), Amrut Mody School of Management, and his co-founder, Payal Pathak, won a Shark Tank deal in 2023 for their venture, The Simply Salad, a subscription-based model of salads with an Indian touch.

Devanshee Kansara, BTech in Computer Science and Engineering, School of Engineering and Applied Science, selected to participate in the highly competitive, scholarship and technical mentorship programme, Women Engineers, supported by Google.

VentureStudio-incubated startup Pragmatech Healthcare Solutions Private Limited received funding under the Biotechnology Ignition Grant (BIG) scheme by the Biotechnology Industrial Research Assistance Council (BIRAC) in 2022.

VentureStudio-incubated Peeschute, an innovative, environment-friendly and patented unisex disposable urine bag, closed an angel deal with Aman Gupta on the Indian business reality TV series, Shark Tank India, in 2022.
