*This is a five years Integrated Masters Programme

Interdisciplinary Major

Interdisciplinary Major is one that is customised to the learning and specialisation goals of the student. An Interdisciplinary Major is developed, approved and overseen by a Committee on Individual Thought.

A student may opt for an Interdisciplinary Major only after completing one year at the University. The Interdisciplinary Major requires working with the Committee to develop a proposal and is advisable only for very well prepared students.

An appropriate Degree will be awarded depending on the area of enquiry in the Interdisciplinary Major by any or more than one School.

A student can pursue a Dual Major from the same or different Schools, subject to School level eligibility requirements.

Minors

A student can pursue a Minor from the same or different Schools, subject to School level eligibility requirements.
