Student Housing and Residential Life

University Residences

University Residences provide secure spaces for Ahmedabad University students to live in a homelike environment vital for their growth and development. The University currently provides four high quality Residences in its commitment towards simple, comfortable and secure living for those from out of town. Our Residences are a lesson in building a community that has at its core a respect for diversity in ideas, in ways of living, in food preferences, in cultural practices, language and in religion.

While our own dorms are under construction, our University Residences are currently in partnership with an entrepreneurial student accommodation firm. The Residences are overseen by a dedicated Office of Student Housing and Residential Life. The University has onsite Residence Managers/

Wardens to address any concerns that students might have.

Our modern housing options offered for both boys and girls are within close proximity of the Campus. Currently, the University has separate Residences for boys and girls due to logistical concerns. However, the University may convert some or all of the Residences into co-ed facilities if the situation demands. The conversions will be done keeping all due precautions in mind. There will be exclusive boys' and girls' floors with adequate entry barriers to prevent unauthorised access.

Services and Amenities

Besides professional managers and residence coordinators, we have senior students doubling up as residence advisors to oversee, guide, and curate the experience at our University Residences.

Amenities at the University Residences include, choice of twin or triple sharing rooms with every student having a single bed with mattress, a wardrobe, a writing table, a chair and bed linen set. Some of the Residences have a very limited number of single occupancy rooms, air-conditioned room with a ceiling fan, window blinds, a bath mat and a dustbin, attached bathroom in every room and dining and café areas with common facilities like microwave ovens and refrigerators.

Fees include normal electricity consumption for fans, lights and hot water arrangements. Electricity consumption on actuals only for the AC, will be billed as per the sub-meter installed in each room.

HYGENIC FOOD

Nutritious and sumptuous vegetarian and non-vegetarian meals prepared by our team of in-house chefs.

MEDICAL ASSISTANCE

First Aid Kits provided with a Doctor-on-Call facility.

SECURITY

Biometric access systems and 24/7 CCTV surveillance.

TRANSPORT

Transport facility to and from the Campus at specified timings is provided for some of the Residences on need basis.

LAUNDRY

Free laundry with pick-up and drop service for up to four clothes on a daily basis. In-house washing machines for personal/inner garments and ironing boards for delicate clothes.

SUSTAINABLE WASTE MANAGEMENT

We strive towards zero waste by using sustainable composting and recycling measures.

MEDIA

Projector facilities with all popular OTT access and informal seating.

NO SUBSTANCE ABUSE

All Residences follow a strict No Tobacco, No Alcohol and No Drugs policy.

HI-SPEED INTERNET

Wi-Fi enabled high-speed internet access with IT support services.

FRONT DESK

Highly responsive support desk ensures that your comfort is kept top priority.

HOUSEKEEPING

Professional housekeeping of rooms and common areas every day.

READING ROOM

Quiet Reading Rooms with casual seating and book racks

FITNESS CENTRE

The professionally equipped University Gym is available for students on Campus at the University Centre. Fitness centres at the Residences are also open to students.

EMERGENCY MANAGEMENT

Robust emergency management system in case of fire or natural disaster.

A minimum commitment of two semesters is required to confirm accommodation. First Year students can register their interest for University Housing by paying a Registration Fee on application. This fee would be adjusted against the actual Housing Fees. The option to register their interest for University housing will be available by logging into the admission portal, after the student confirms their final admission by paying the fees for the 1st Semester.

Though the student may register for single, twin, or triple accommodation, the actual allocation will be done based on availability. Any difference in the fee amounts will be either billed or refunded.

The room allotments annually will be as per the management's discretion and availability and the same room may not be allotted to a returning student. During semester break, the room may be changed if required.

Ahmedabad University is fortunate to be located in the centre of a very vibrant city. There are varied casual and formal dining options in the vicinity of the Campus.

A very unique and exciting University Centre on Campus houses multiple sports facilities, a state-of-the-art gymnasium, and University Cafeteria.

The Common Dining in the University Residence provides three major meals, Breakfast, Lunch and Dinner, and High-Tea. These are unlimited meals served buffet-style (i.e. self-service) with the exception of High-Tea and non-vegetarian meals. The following cafes on the Campus also provide diverse eating options:

- University Cafeteria (serves a variety of cuisines)
- Project Otenga (serves food options from northeast of India and is also a cafe)
- Café VentureStudio (serves bistro style food).

The Wellness Centre of the University provides counselling and promotes good health which is essential for an engaging life at the University and

beyond. The Health Centre on Campus provides expert consultation. The Health Centre is associated with several high quality hospitals in the vicinity of the University.

The option to register their interest for University housing will be available by logging into the admission portal, after the student confirms their final admission by paying the fees for the 1st Semester.

We created this resource as a way to help you and your peers address some important things that aren't usually talked about, but are important to think about at this juncture in your life.

If you would like to know more about life at Ahmedabad, housing or dining experiences at Ahmedabad University, the Office of Student Housing and Residential Life will be happy to address your queries and concerns at anytime.
