ASIA PACIFIC INNOVATION CONFERENCE (APIC 2023)

OCTOBER 19-21, 2023

The Centre for Technology Innovation and Economic Research (CTIER) and Ahmedabad University are pleased to host the 13th Asia-Pacific Innovation Conference. The Conference aims to foster an interdisciplinary exchange of knowledge related to innovation, intellectual property rights, and science and technology policy. Sessions will include contributed papers, keynote presentations, and panel discussions. Continuing with the APIC tradition, we look forward to the participation of scholars from all disciplines and practitioners interested in the economic, legal, managerial, and policy aspects of innovation.

PAPER SUBMISSION

- Full papers or extended abstracts must be submitted via apic2023@ctier.org
- The paper must be sent in either PDF or MS Word format in English, along with your CV.
- Please indicate the name of the presenter and his/her contact details (affiliation and email).
- All submissions will be peer-reviewed by the conference's scientific committee, and decisions will be intimated by August 25, 2023.

CONFERENCE HOST

Centre for Technology Innovation and Economic Research (CTIER) and Ahmedabad University (Conference Chair - Professor Pankaj Chandra, Vice Chancellor, Ahmedabad University).

About CTIER

The Centre for Technology Innovation and Economic Research (CTIER), based in Pune, has been incorporated under Section 8 of the Companies Act, 2013 in India. CTIER is completely autonomous and works with some of India's leading industry and academic experts in the field of innovation and technology policy. It aims to facilitate high-quality economic research, provide a platform to inform policy making and impact higher education in India. CTIER has been contributing towards improving the timeliness and quality of data, assessing the impact of policy measures introduced to promote R&D and identifying ways to create systemic change in India's R&D and innovation system. The Centre intends to raise the level of debate and awareness amongst policymakers, industry and students about the essential role of technical capability in economic development, and how it is best fostered. Please visit www.ctier.org for further information.

About Ahmedabad University

Ahmedabad University is dedicated to rigorous academic pursuit with a focus on building inquiry as a value through interdisciplinary learning. The University promotes an environment where students, working professionals, researchers and scholars explore resolution of complex problems with the faculty through hands-on approach rooted in data and discourse. Often, this learning process is mediated by projects, fieldwork and a belief that good theory leads to good practice. Ahmedabad University, located in India's first UNESCO World Heritage City, offers programmes across its four schools and seven centres at bachelors, masters, and doctoral levels. Established in 2009 by the Ahmedabad Education Society, an 87-year-old foundation, the University comprises eminent founders, a congregation of inspiring leaders, engaging scholars, industry experts, and a talented pool of highly motivated faculty members.
