3. Any Other Matter

Students lost interest in attending classes on Campus

Professor Chandra briefed the members about the issue of students not willing to attend offline classes, some of them despite being on Campus. Offline classes may be made compulsory from January 2022 with some dis-incentives for not attending them. This is being done to break cycle of laziness in the students and bring them to classes.

The members agreed that the pandemic has had larger effect on the students who have lost interest in personal engagement with others while their involvement in social media has increased significantly.

Progress on Campus Projects

Structural construction of new AMSOM building and University Centre is completed. Last work of only finishing is left and expected to be over by mid of January 2022.

The meeting ended with a vote of thanks to the Chair.
