YEAR AT A GLANCE

Faculty Research

Ahmedabad University fosters progress of the self and society. Promoting rigour and relevance in research in an interdisciplinary environment has led to a collaborative and sustaining partnership with communities for social and intellectual impact.

Key Highlights

Research and Publications Academic Year 2024 (July 2024 - June 2025)

| | |
|---------------------------------------|-----|
| Guest Lectures | 165 |
| Research Seminars | 132 |
| Books | 12 |
| Book Chapters | 31 |
| Journal Articles | 184 |
| Conference Proceedings | 46 |
| Conference Presentations | 167 |
| Invited Lectures | 210 |
| Student Presentations | 18 |
| Research Working Papers | 2 |
| Articles in Periodicals and Magazines | 57 |
| Reports | 10 |
| Films/ Videos | 4 |
| Cases | 1 |
| Teaching Notes | 1 |
| Patents Registered by Faculty | 4 |
| Patents registered by Startups | 2 |

There were 44 Ongoing sponsored projects with a total sanctioned budget of INR 3060 lakhs.

Graduating Students

| | |
|---------------------------------|------------|
| Undergraduate* | 688 |
| Masters* | 185 |
| Doctoral | 6 |
| Certificate and Diploma | 4 |
| Online Programmes | 19 |
| *including dual-degree students | |
| TOTAL | 902 |

GIFT International Fintech Institute (GIFT IFI)

A consortium of Ahmedabad University, IIT Gandhinagar, and UC San Diego, in partnership with the Gujarat International Finance Tec-City (GIFT City), has launched the GIFT International Fintech Institute (GIFT IFI) to build a workforce equipped for India's expanding fintech demands. The institute aims to establish India as a global leader in fintech by delivering advanced training and research that meets the sector's evolving needs.

School of Public Health Naming

Established in 2023, the School of Public Health has now been renamed the Bagchi School of Public Health in honour of philanthropists Susmita and Subroto Bagchi, who have enabled the School with a transformative gift. This will fuel the development of world-class physical, digital, and intellectual infrastructure.

The Climate Institute

The Climate Institute has been set up at the University to address the climate, energy, and environment challenges in the Global South. Coalescing local, national, and global resources, the Institute aims to execute its mission through three principal pillars: Education, Research, and Impact.

Stepwell: A High-Performance Computing (HPC) System

Commissioned a state-of-the-art High-Performance Computing (HPC) system, Stepwell, to strengthen the research ecosystem at the University. The system is ranked among India's top 50 by the Centre for Development of Advanced Computing (C-DAC), making Ahmedabad University the only private university in Gujarat and one of just two private universities in India on the list.

Sabarmati International Contemporary Arts Festival (SICAFA)

The inaugural edition of the Sabarmati International Contemporary Arts Festival (SICAFA) was a precursor to the upcoming School of Performing and Visual Arts. The eight-day festival featured artists across India who presented diverse theatrical works, including plays, musicals, street puppetry, dance performances, and experimental shows. The festival also featured art workshops, symposiums, and interactive sessions.

Financial Aid and Scholarship

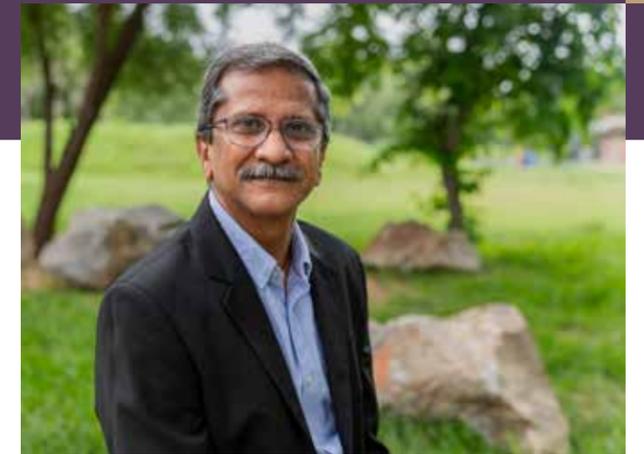

| Scholarship Type | Amount (INR in Lakhs) |
|--------------------------------|-----------------------|
| Merit Based Scholarship | 339.24 |
| Need Based Scholarship | 994.82 |
| Mahatma Gandhi Scholarship | 64.57 |
| Other Scholarships | 136.50 |
| Fellowship to Doctoral Student | 303.59 |
| TOTAL | 1839 |

Recognitions

- Awarded the Leadership and Management Team of the Year at the Times Higher Education Awards Asia 2025, its highest award at the annual ceremony held in Macao on April 22, 2025.
- Awarded the 'Platinum Certification' under the Indian Green Building Council (IGBC) Green Campus Rating System for demonstrating exceptional sustainability standards, making Ahmedabad University the sole institution from Gujarat to receive it.
- Received a five-star rating (2023-24), one of the highest recognitions in the Gujarat State Institutional Rating Framework (GSIRF), awarded by the Department of Education, Government of Gujarat.
- Recognised as a Centre of Excellence (CoE) by the Government of Gujarat, this time for a period of six years, marking the second consecutive recognition.

Chairman's Note

The Academic year 2024-25 saw the deepening of several initiatives when it came to reimagining teaching and learning and interdisciplinary research on the one hand and building new centres and institutes of future promise, on the other. Bringing liberal arts education at the core of professional education is helping us build young minds who are both technically deep and have a nuanced understanding of the needs of the society through critical enquiry and a broad understanding of complex issues that the society faces. Students are now starting to come to Ahmedabad University for the kind of education that we impart, our pedagogy, and our ways of engaging with questioning minds.

The BxMx programme is the first in the country to provide professional education along with a very diverse BA and BS education thereby opening more employment possibilities for our liberal arts students. We asked ourselves as to why should a student doing, say, a BA in History not aspire to become a banker? The answer was a five year integrated BxMx programme where such a student can earn a BA and an MBA with a strong training in banking, quantitative finance, and fintech and make her aspiration come true.

The academic year saw us win a highly contested bid to establish the International Fintech Institute for GIFT City (the GIFT IFI) in partnership with IIT Gandhinagar and University of California San Diego. The Institute allows us to participate in the national building process of preparing talent for the upcoming fintech sector which is becoming the backbone of the financial services growth from India. The Institute, which was launched in January 2025, partners with industry to build stackable skilling programmes and undertakes applied research. This also gives our management school a strong interdisciplinary focus around fintech, as well, in its education and research.

The University launched the Climate Institute to broaden its existing work on energy and environment to also address issues around air and water, cities and settlements, and environment & public health. This also leading to interdisciplinary research involving all schools at the University. Similarly, we announced our intention to build a new school in performing and visual arts through the launch of a dual degree programme in Integrated Arts leading to a BA degree as well as a Masters in Fine Arts or Performing Arts as well as the Sabarmati International Contemporary Arts Festival – an eight days festival of arts and an academic symposium that was open to the city and beyond.

The University also commissioned its next generation supercomputer – a state-of-the-art High Performance Cluster, The Stepwell, with a computational power of nearly 167 TFLOPS, built on the latest Intel Xeon processors along with GPU systems. It ranks amongst the top 50 in the country. It enhances our ability to research new areas and especially complex interdisciplinary problems.

Finally, we are proud of our commitment towards bringing students from underserved communities and backgrounds and providing them with substantive financial support so that they can benefit from our transformative education. We increased our financial support dramatically to cover support to almost a quarter of our students and look forward to increasing it further in years to come.

Pankaj Chandra
Vice Chancellor
and Chairman,
Board of Management

Amrut Mody School of Management

The School's mission is to advance the understanding of management practice through interdisciplinary inquiry and liberal perspectives. It prepares innovative leaders with a contextual understanding who develop solutions to contemporary problems while contributing to the creation of a sustainable world.

The School offers undergraduate, graduate, and doctoral programmes, along with short-term courses for working professionals. It works closely with industry partners to provide a balance of rigorous practice and strong conceptual education. Its central location, surrounded by historic commercial centres, fosters entrepreneurial thinking and offers unique learning opportunities for students.

During the year, Ahmedabad University invested in a Bloomberg Lab with 12 terminals at the Amrut Mody School of Management, reinforcing its commitment to data-driven teaching and research. From the Monsoon 2025 semester, faculty across disciplines have integrated use of the Bloomberg database into their courses. Students of Finance, Economics, and Management, including those at GIFT International Fintech Institute*, benefit directly, while the resource also opens new avenues for interdisciplinary work across the University. By enabling hands-on engagement with real-time financial data, analytics, and global market intelligence, the Lab strengthens the methodological rigour of Economics, the applied orientation of MBA programmes, the industry relevance of fintech education, and the research capabilities of fields intersecting with finance and technology.

New Faculty

HARNAIN KAUR ARORA

Assistant Professor
PhD in Management, Indian Institute of Management Ahmedabad

SABYASACHI DAS

Associate Professor
PhD in Economics, Yale University

SATISH DESHPANDE

Professor of Practice of Management
Executive Fellow in Management, Indian School of Business

SIBANI MOHAPATRA

Professor of Practice
Fellow Programme in Management (Industry), Indian Institute of Management Indore

ABHITESH RANJAN

Visiting Faculty
PhD in Economics, University of Minnesota Twin Cities

SUBHANKAR SAHA

Assistant Professor
PhD in Production and Operations Management, Indian Institute of Management Bangalore

DEEPTI SHARMA

Visiting Professor
PhD in Public Policy, Indian Institute of Management Bangalore

VIVEK KUMAR SUNDRIYAL

Assistant Professor
PhD in Business Administration, Lund University

*GIFT International Fintech Institute

This year, Ahmedabad University, led by the Amrut Mody School of Management as the consortium's lead institution alongside IIT Gandhinagar and UC San Diego, won the bid to establish the GIFT International Fintech Institute in strategic partnership with Gujarat International Finance Tec-City (GIFTCL). The Institute is designed to develop technological solutions and financial management systems, integrate them with policy design, and assess the impact of artificial intelligence and emerging technologies in fintech. It will also undertake research on climate financing to advance financial inclusion and poverty reduction.

Launched in January 2025, GIFT IFI offers flexible, industry-aligned courses for learners from diverse backgrounds. It represents AMSOM's leadership in shaping education and research at the intersection of finance, technology, and policy. Through its consortium model and strong industry linkages, the Institute is poised to contribute significantly to the fintech ecosystem in India, preparing students and professionals to address global challenges, drive innovation, and strengthen the country's positioning as a hub for financial services and technology.

Programmes

UNDERGRADUATE

Bachelor of Arts (Honours)

- Major in Economics (Jointly offered with the School of Arts and Sciences)

Bachelor of Commerce (Honours)

Bachelor of Commerce (Professional)

- Major in Accounting

Bachelor of Science in Management (Honours)

- Major in Accounting and Finance
- Major in Business Analytics
- Major in Finance
- Major in Finance and Economics
- Major in Human Resource and Organisations
- Major in Marketing
- Major in Operations Management
- Major in Operations Research and Statistics
- Major in Supply Chain Management

Integrated Programme in Technology and Management

- BTech + MBA (Jointly offered with the School of Engineering and Applied Science)

The Family Business and Entrepreneurship Programme (BSM (Hons) + MBA)

- Major in Family Business and Entrepreneurship

The BxMx Programme (Dual Degree)

- BA + MBA
- BA + MMS in Heritage Management
- BA in Economics + MS in Quantitative Finance
- BS in Computer Science + MS in Quantitative Finance
- BS in Mathematical and Computational Sciences + MS in Quantitative Finance
- BS in Physics + MS in Quantitative Finance

GRADUATE

Master of Business Administration

Master of Science in Economics (Erstwhile Master of Arts in Economics)

Master of Science in Quantitative Finance

DOCTORAL

- PhD in Management

EXECUTIVE EDUCATION

- Global Executive Master of Business Administration in Pharmaceutical Management (GEMBA)
- Transforming R&D in Indian Firms
- GROW Executive General Management Programme
- Customised Programmes
 - Zydus Life Sciences
 - Forbes Marshall
 - Larsen & Toubro
- Joint Immersion with The Wharton School, University of Pennsylvania
- Nayanta University Programme on Navigating the World

Faculty Achievements

Vaibhav Kadia
Assistant Professor

Awarded the Vocational Excellence Service Award for making the world a better place through genuine excellence in vocation and community service by Rotary Club, Ahmedabad.

Parag Patel
Associate Professor and Senior Associate Dean

Nominated as an Executive Board Member at the GIFT International Fintech Institute set up by a consortium of Ahmedabad University, IIT Gandhinagar, and UC San Diego at GIFT City in Gandhinagar.

Kunal Mankodi
Senior Lecturer (MBA, Class of 2008)

Received the Chairman's Excellence Award in Teaching on Ahmedabad University's Foundation Day.

Rahul Rao
Assistant Professor

- His thesis 'Essays on Misallocation' named a winning entry for the Indian Exim Bank International Economic Research Annual Citation 2023.
- Awarded a travel grant by the 2025 Econometric Society World Congress.

Jinal Parikh
Assistant Professor

Felicitated as a 'Distinguished Alumni' by Institute of Technology, Nirma University's Alumni Association.

Sonal Yadav
Assistant Professor

Nominated member of the Research Advisory Committee, Department of Rural Economics, Gujarat Vidhyapith, Ahmedabad.

International Immersions

Students completed a ten-day international immersion programme in Thailand. The programme, which focused on innovation, technological disruption, and the integration of AI, included studies at the Asian Institute of Technology (AIT) and an industrial visit to Ichtan Group. The programme gave students real-world insights into smart manufacturing and sustainable business practices. It fostered skills such as problem-solving, collaboration, and adaptability through workshops, case discussions, and industry visits. It enhanced students' understanding of global business, the role of technology, and the importance of cultural sensitivity in international markets.

Events

CONCOURSE

The School's flagship management fest (March 28 – 30, 2025), Concourse, themed "Contest, Conflict, Compete," was designed to cultivate leadership, drive innovation, and encourage critical thinking among students through healthy competition and collaboration. The fest attracted over 1,000 participants from several universities, including Nirma University, St. Xavier's College, and PDEU, among many others.

THE CONVERSATION SERIES

The flagship event offers a platform to engage in unique interdisciplinary dialogue on topics across management, economics, and public policy. It brings distinguished experts and faculty together to enable meaningful discussion on contemporary issues.

N Sundaresha Subramaniam, Author, *The Dirty Dozen* and **Parag Patel**, Senior Associate Dean and Associate Professor, Amrut Mody School of Management, Ahmedabad University. *The Dirty Dozen: Unveiling India's Corporate Debt Crisis and the Path to Reform*. January 22, 2025.

THE LEADERSHIP SERIES

This initiative addresses the demand for leadership skills by nurturing future leaders. It serves as a platform for our students to engage with and learn from accomplished leaders from diverse backgrounds, within India and globally.

Uday Kotak, Founder and Director, Kotak Mahindra Bank. *Leadership in the New Era*. August 31, 2024.

Ashish Chauhan, Managing Director and CEO, NSE India. *Entrepreneurship and Technology: Indian Experiment*. October 3, 2024.

NS Parthasarathy, Co-founder, Mindtree, L&T. *Scaling AI: A Pathway from Concept to Execution*. October 4, 2024.

Sumit Chadha, Managing Director and CEO, Baroda Global Shared Services. *Women in Leadership: A Transformational Journey*. January 6, 2025.

Rajesh Gopinathan, Former CEO and Managing Director, Tata Consultancy Services. *Insights into the Roles of CEO and CFO: Leadership Experiences and Lifelong Learnings*. February 14, 2025.

LEADING LEGACIES: THE FAMILY BUSINESS CHRONICLES

The initiative spotlights enduring values, leadership transitions, and strategic growth journeys within some of India's most distinguished family-run enterprises. Curated by the Family Business Club and Confederation of Indian Industry - Family Business Network (CII-FBN), the event offers a platform for students to engage directly with legacy business leaders.

Aasiya Tejani, Director of Finance, Gits Food Products Pvt. Ltd., and **Samana Tejani**, Director of Operations, Gits Food Products Pvt. Ltd. August 7, 2024.

Kulin Lalbhai, Chairman, CII Gujarat State Council, **Shobha Das**, Dean, Amrut Mody School of Management, Ahmedabad University, and **Farhad Forbes**, Chairman, CII-FBN India Chapter Council. September 19, 2024.

Ajay Shridhar, Founder, A. Shridhar Group, and **Sharvil Shridhar**, Co-founder, A. Shridhar Group. November 16, 2024.

Abhijit Kothari, Adjunct Faculty, Ahmedabad University and Co-founder, Spacestudio Architects, **Akshat Doshi**, Director, Vishakha Group, **Urval Gandhi**, Founder, DFLEVENTS, and **Khush Bakeri**, Director, ACON Innovations Pvt. Ltd. February 9, 2025.

Ritu Muthoot, Director, Muthoot Pappachan Group. March 19, 2025.

Vivek Gupta, Project Manager, Mundra Port Operations. April 5-6, 2025.

Ahmedabad Winter School of Economics

The first edition, which focused on "Emerging Themes in Current Economic Research," attracted participants from India's leading academic institutions, including the University of Delhi, the University of Hyderabad, and IIT Madras, among other prominent colleges and universities across the country. The event aimed to foster academic engagement and research excellence in the field of economics.

Conference

6th Annual Economics Conference (January 6 – 7, 2025)

Experts from academia and industry convened at the 6th Annual Economics Conference to address the complex challenges brought forth by economic uncertainties. The two-day conference, themed 'Contemporary Challenges in Modern Economics,' featured keynote addresses, paper presentations, and industry-oriented panel discussions. The sessions explored diverse aspects of economics, such as the applications of game theory in understanding and predicting outcomes in economics, politics, and decision-making; the role of activism in political economy; the economics of establishing global financial centres; and the importance of recognising academic research that extends beyond patents in innovation. The panel discussions examined global uncertainties and their implications for India.

The following eminent speakers delivered addresses at the conference:

Dilip Abreu
Professor of Economics
Department of Economics
New York University

Kalyan Chatterjee
Distinguished Professor of Economics
and Management Science
Department of Economics
The Pennsylvania State University

Dipesh Shah
Executive Director
The International Financial Services
Central Authority

Amrita Dhillon
Professor of Economics
Department of Political Economy King's
College, London

Student Achievements

Aditi Bamrotiya
Master of Arts in Economics

Finalist for the Fintech Olympiad 2024, a national-level contest that tests financial and digital literacy among the youth.

Priyanka Brahmabhatt
Bachelor of Science in Management
(Honours)

Secured 1st prize at the Mahatma Gandhi Elocution Trophy Competition organised by HL College of Commerce Ahmedabad.

Aditi Jain
Bachelor of Business Administration
(Honours)

Selected as a finalist for a month-long exchange programme in the United States, conducted by Jain Association of North America (JAINA) and Jain International Trade Organization (JITO).

Shashank Jain, Abhishek Shah, Sagar Nandaniya, and Ayush Suba

Master of Business Administration

Developed "MinVantor", a smart, AI-powered vendor management solution, recognised at Pandit Deendayal Energy University's Nirman 1.0 Business Plan Competition. The project stood out among 86 teams and received an award.

Aditi Jain and Nandini Rajesh
Bachelor of Business Administration
(Honours)

Mustafa Rupawala
Integrated Master of Business Administration

Received the Chairman's Student Award for Outstanding Performance and Impact on Community at Ahmedabad University's Foundation Day.

Meha Parekh, Mansi Tiwari, Soham Pathak, and Juhi Saluja
Bachelor of Business Administration (Honours)

The team secured 3rd position at Global Case Study Competition on AI by MSIS and Kelley School of Business organised (Indiana University), Delhi.

Sakshi Soni
Bachelor of Science in Management (Honours)

Finalist in the IMS Online National Case Study Competition 2024 with ICFAI Business School (IBS), organised by IMS, Mumbai, Maharashtra.

Industrial and Field Visits

Vasna Barrage- Sabarmati River, Ahmedabad

First-year students from the Water Foundation Studio visited the Vasna Barrage on the Sabarmati River to gain hands-on exposure to critical water management infrastructure.

Pashupati Group - Textile Manufacturing, Kadi Ahmedabad

Students of the Business to Business Marketing course visited the Pashupati Group, a textile manufacturing unit at Kadi, Ahmedabad, to gain insights into how B2B companies navigate complex market structures.

SEBI, NSE, and RBI Museum, Mumbai

Students visited SEBI, NSE, and the RBI Museum in Mumbai to gain firsthand exposure to the financial markets. They also interacted with senior officials at the NSE and SEBI.

NEPRA Visit- Ahmedabad

Students of the Sustainability and Circular Economy course conducted an industry visit to NEPRA, a waste management company, where they learned about waste generation sources and the recycling process that encourages sustainability.

EXECUTIVE EDUCATION

Executive Education at Ahmedabad University facilitates collaboration between the University and its multiple schools and centres with the world of practice. It offers programmes for working professionals designed as timely learning interventions that help them upgrade their skills and progress in their careers while enhancing the performance of their organisations. These programmes prepare leaders for tomorrow with deep domain knowledge, independent and creative decision-making skills, and a global perspective.

Masterclasses

Degree Programme

The Global Executive MBA in Pharmaceutical Management

Ahmedabad University launched the Global Executive MBA in Pharmaceutical Management (GEMBA PM) in September 2018 for senior/middle management professionals in pharmaceutical and allied industries. The programme has successfully launched six cohorts, out of which five cohorts have graduated from the programme. All the cohorts have seen participants from multiple domains, such as R&D, finance, manufacturing, operations, sales and marketing, leadership, planning, and compliance functions from some of India's top pharmaceutical companies.

The Class of 2024 and the Class of 2025 have an average work experience of nearly two decades and 17 years, respectively. The cohorts include professionals from leading companies such as Biocon Limited, Merck Lifesciences, Zydus Lifesciences, R-Pharm Russia, Orbicular Pharma Technologies, United Biotech, and VM Sciences.

Open Programmes

Transforming R&D in Indian Firms

Ahmedabad University, in collaboration with the Centre for Technology, Innovation and Economic Research (CTIER), launched the fourth cohort of the Transforming R&D in Indian Firms executive programme in October 2024. The 12-week blended programme, which combines on-campus and online learning, is designed for professionals who aspire to lead R&D functions within their organisations. The fourth cohort brought together participants from leading companies, including Pidilite, Forbes Marshall, Godrej Industries, DCM Shriram, Blue Star, Tata Steel, Laxmi Machine Works, Godrej & Boyce, and Dixon Technologies.

GROW - A General Management Programme for Managers

Executive Education at Ahmedabad University launched the inaugural cohort of the GROW programme in September 2024. This certificate programme is designed for managers and senior managers preparing to transition into general management roles. It focuses on building core business competencies alongside critical leadership capabilities to help participants confidently lead in complex, cross-functional environments. The first cohort brought together professionals with an average of 10 years of experience, representing leading organisations such as Arvind Limited, Forbes Marshall, Pidilite, and Ahmedabad University.

Customised Programmes

Stemming from the focus on an interdisciplinary approach and research thinking, Ahmedabad University develops customised learning interventions and executive programmes to bridge capability gaps in client organisations. These tailored programmes address specific learning and reskilling needs in different areas of the organisation.

| CUSTOMISED PROGRAMME | PARTNER ORGANISATIONS | FOCUS AND HIGHLIGHTS |
|---|--|---|
| Organisational Behaviour and Communication | Zydus Lifesciences | Strengthened organisational behaviour and communication skills through cases, simulations, and assignments. |
| Leadership Development Programme | Zydus Lifesciences | Built strategic leadership and communication capabilities through a modular journey. |
| Science Behind Sensors | Forbes Marshall | Enhanced technical expertise in sensors, signal processing, and advanced manufacturing tools. |
| Business and Operations in India: From Gandhi to Globalisation | The Wharton School, University of Pennsylvania | Explored India's business-society-governance nexus with industry visits and grassroots engagement. |
| Integrated Approach to Plant Engineering | Larsen & Toubro Technology Services | Provided hands-on exposure to plant design, equipment layout, and piping planning. |
| Navigating the World: A Leadership Journey | Nayanta University with Forbes Marshall, CII, Thermax Global, Godrej Consumer Products, Pidilite Industries, Blue Star, Tata Chemicals, TVS Supply Chain Solutions | Advanced leadership insights on markets, organisations, technology, and complex challenges. |

Collaborations

Larsen & Toubro Technology Services Plant Engineering

Executive Education collaborated with L&T group company, LTTs Plant Engineering (Baroda), to leverage expertise and build core engineering courseware that brings real-world challenges and scenarios into the classroom. The academia-industry collaboration involves jointly taking up customer challenges and developing better solutions.

Edept

A learning and development partner to drive sales, codesign, and execute the international immersion module for the GEMBA (Pharmaceutical Management) degree programme.

Bagchi School of Public Health

The World Health Organization (WHO) defines public health as all organised measures, public or private, that prevent disease, promote health, improve life expectancy, and create conditions for people to live healthy lives. This calls for large, population-based perspectives and approaches. The Bagchi School of Public Health builds on the distinctive strengths of Ahmedabad University in interdisciplinary education to address the challenges of the 21st century in innovative and holistic ways.

Public health is complex and interdisciplinary, encompassing physical, mental, and social wellbeing. This aligns with Ahmedabad University's stepwell logo, which embodies many positive dimensions that influence health, including physical activity, social interaction, community access to water, and disaster preparedness in an era of climate change. The School seeks to develop leaders who can design contemporary, interdisciplinary solutions, drawing on the Indian ethos, to address both present and unforeseen challenges.

Programme

DOCTORAL

- PhD in Epidemiology

New Faculty

INDRAJIT GHOSH

Assistant Professor
PhD in Applied Mathematics, Indian Statistical Institute, Kolkata

CHETKAR JHA

Assistant Professor
PhD in Statistics, University of Missouri, Columbia

SUBHABRATA MOITRA

Assistant Professor
PhD in Physiology, University of Kalyani

ANIL PATEL

Assistant Professor
PhD in Geoscience, Physical Research Laboratory

Faculty Achievements

Kaumudi Joshipura
Professor and Dean

Listed in the Stanford/Elsevier "World's Top 2% Scientists" list.

Subhabrata Moitra
Assistant Professor

- Conferred the Rising Star Award by the XII International Workshop on Lung Health-Innovative Medicine, Lisbon, Portugal.
- Conferred the Young Scientist Award by the European Respiratory Society.

Events

Tackling Health Inequalities through Community Approaches: Focus on Oral Health | October 17, 2024

The School and the Self Employed Women's Association (SEWA) co-hosted a panel discussion on oral health as a growing global health priority. Speakers, including Professor Kaumudi Joshipura, Professor Richard Watt, Dr Carol Guarnizo-Herreno, Yasmin Shaikh (Gujarat Health Coordinator, SEWA), Varsha Dabhi (Grassroot Leader, Sabarkantha), and other SEWA leaders, discussed systemic disparities in oral health, particularly among marginalised communities. Panellists explored common risk factors and emphasised the need for equitable, community-based solutions. Mirai Chatterjee (Director, SEWA's Social Security team), moderated the session.

Healthy Diwali Treats Competition | October 22, 2024

The School celebrated Diwali by promoting wellness through festive foods. Participants prepared and shared innovative, nutritious recipes, honouring tradition while emphasising health. The event encouraged mindful eating and incorporating healthy choices into cultural celebrations.

Dental Camp | February 10 - 12, 2025

The School, in collaboration with Morsmiles Group, organised a three-day dental screening for faculty, staff, students, and outsourced workers. The initiative promoted early detection and prevention of oral health issues such as tooth decay, gum disease, oral infections, and early signs of oral cancer.

AIRWAYS Symposium on Respiratory Health | March 5, 2025

The symposium focused on critical challenges and advancements in respiratory health. The event brought together global experts to discuss implications for patient care, innovative intervention strategies, and directions for future research.

Wear A Hat Day | April 2, 2025

The event aimed to raise awareness about heat protection and sun safety, shifting community norms toward staying cool and covered during the hotter months. This event brought forth participants' creativity, enthusiasm, and community spirit, reinforcing that simple habits can have significant health benefits.

Workshops

Data Visualisation and Data Analysis using R Software | April 19, 2025

The workshop introduced participants to the fundamentals of R programming through hands-on sessions focused on data manipulation, statistical analysis, and visualisation. Participants engaged in practical exercises using real-world data and received guidance on best practices and efficient workflows in R. The workshop offered a valuable opportunity to strengthen data literacy and analytical skills through an application-driven approach.

"संतुलन - The Steadiness Within" Mindfulness Workshop | June 28, 2025

The School, in collaboration with Community led Wellness (CoWe), hosted a mindfulness workshop, reinforcing the importance of mental wellbeing and emotional resilience in academic and community settings. The session, facilitated by Rucha Sarwate, Assistant Professor of Practice and Clinical Psychologist, offered participants a space to pause, reflect, and engage with core mindfulness practices. The workshop introduced attendees to practical tools for cultivating awareness in everyday life, including mindful eating, deep listening, and managing difficult emotions with compassion.

Field Visit

Infectious Disease Health Centre at Behrampura | June 4, 2025

A field team of doctoral students and staff conducted a preliminary site assessment at the Urban Health Center in Behrampura-3, Ahmedabad. Following consultations with health centre staff, including sanitation supervisor Ms Gauri and Auxiliary Nurse Midwife Ms Rekha, the team identified Sankalchand Mukhini Chali as a suitable field site. Household visits revealed good immunisation uptake and a mix of traditional and modern care, though residents expressed concerns about water contamination during the monsoon.

The team also assessed the local anganwadi centre. Discussions with anganwadi workers highlighted a strong focus on child nutrition and hygiene, but noted challenges with sanitation and resource constraints. Overall, the visit provided a valuable foundation for future research by offering a clear understanding of community dynamics and health service delivery.

Guest Lectures

CONFERENCE PRESENTATIONS

Ghosh, S., Ghosh, I., & Mukhopadhyay, S. (2025). An Age-Stratified Mathematical Model to Inform Optimal Measles Vaccination Strategies. *VIMC Consortium-Wide Meeting and Measles Analytics Hub Meeting*, Accra, Ghana, June 10-13.

Moitra, S., Patel, S., Garud, A., & Moitra, S. (2025). Adult-Onset Asthma Linked to Reduced Cerebral White Matter: A Mendelian Randomization Study. *XII International Workshop on Lung Health*, Lisbon, Portugal, January 16-18.

INVITED LECTURES

Joshipura, K. Designing Lifestyle Interventions and Randomized Controlled Trials. Department of Psychology, University of Delhi, April 24, 2025.

Joshipura, K. Designing Lifestyle Interventions and Randomized Controlled Trials. International Institute of Population Sciences, Mumbai, March 13, 2025.

Joshipura, K. SOALS: A Cohort Study Among Overweight/obese Adults. Centre of Social Medicine and Community Health, Jawaharlal Nehru University, New Delhi, March 20, 2025.

School of Arts and Sciences

The School has five academic divisions: Biological and Life Sciences, Humanities and Languages, Mathematical and Physical Sciences, Performing and Visual Arts, and Social Sciences.

Several graduates of the School have secured admission to prestigious international universities such as the London School of Economics and Political Science, New York University, Johns Hopkins University, and the University of Minnesota. Others are employed with leading organisations or engaged in research at renowned institutions.

The School's faculty members have publications, conferences, grants, and awards to their credit. Two faculty members published books during the year.

Key highlights of the School include organising the Sabarmati International Contemporary Arts Festival (SICAFA 2025), the Ahmedabad Astrophysics Meet-I, and the Stakeholder Consultation on Inclusive Net Zero Transport in Gujarat (INSTANZ). These events enhanced the University's engagement with the citizens, scholars, and government officials of Ahmedabad and Gujarat. The School also collaborated with the Physical Research Laboratory to further research and academic excellence.

Programmes

UNDERGRADUATE

Bachelor of Arts (Honours)

- Major in Economics (jointly offered with Amrut Mody School of Management)
- Major in History
- Major in Philosophy, History, and Languages
- Major in Psychology
- Major in Social and Political Sciences

Bachelor of Science (Honours)

- Major in Physics
- Major in Computer Science
- Major in Mathematical and Computational Science

Integrated Master of Science

- Major in Life Sciences

Dual Degree Programme in Integrated Arts

- Major in Integrated Arts (Performing Arts/Visual Arts)

The BxMx Programme (Dual Degree)

- BA + MBA
- BA + MMS in Heritage Management
- BS + MS in Quantitative Finance

DOCTORAL

- PhD in Physics
- PhD in Life Sciences
- PhD in Mathematical and Computational Science
- Interdisciplinary PhD in Humanities and Social Sciences

New Faculty

PRAMATH ANAMBY

Assistant Professor
PhD in Mathematics, Indian Institute of Science, Bangalore

SUDEEP CHAKRAVARTI

Professor of Practice
BA (Honours), St Stephen's College, Delhi University

KASTURI CHATTERJEE

Assistant Professor
PhD in International Politics, Jawaharlal Nehru University

PINAKI MAJUMDAR

Professor
PhD in Physics, Indian Institute of Science, Bangalore

KHUSDEEP KAUR MALHOTRA

Assistant Professor
PhD in Geography and Urban Studies, Temple University

NEERAJA SANKARAN

Visiting Professor
PhD in the History of Science and Medicine, Yale University

SHASHI KANT SHANKAR

Assistant Professor
PhD in Information Society Technologies, Tallinn University

AYESHA SHETH

Assistant Professor
PhD in South Asia Studies, University of Pennsylvania

NEELANJAN SIRCAR

Associate Professor
PhD in Political Science, Columbia University

Faculty Achievements

Samyaday Choudhury
Assistant Professor

- Received a travel grant from the University Research Board to attend an international workshop on Space-based Stellar Astrophysics in Ultraviolet. The workshop was held at the International Space Science Institute in Beijing, China, from April 14-18, 2025, where he also chaired a session.
- Led the establishment of IUCAA Centre for Astronomy Research and Development (ICARD) at Ahmedabad University in November 2024, in collaboration with Professor Gaurav Goswami.
- Invited to be Visiting Associate at Inter University Centre for Astronomy and Astrophysics (IUCAA, Pune) in August 2024, for three years.
- Established collaboration with Space Applications Centre-ISRO (Ahmedabad) on a project, titled, "Study of Interstellar medium filaments detection algorithms and application on the Galactic plane TeraHertz surveys", from August 2024 to March 2026.

Darshini Mahadevia
Professor

- Appointed Member of the Advisory Committee to formulate 'Street Vending Design Guidelines', setup by the Ministry of Housing & Urban Affairs, Government of India, on December 6, 2024.

Shomen Mukherjee
Associate Professor

- Received Chairman's Award for Excellence in Research on Ahmedabad University's Foundation Day, 2025.
- Received Arvind LTD CSR funding for Wildlife Bioacoustics research in March 2025.

Rajesh Naidu
Assistant Professor

Artwork longlisted for the Jackson's Art Prize 2025, London and shortlisted for the Blue Shop Galleries submissions titled 'Works on Paper 7', London.

Aparajith Ramnath
Associate Professor

- Appointed Member of Nominations Committee for the DHST Council. DHST is the Division of History of Science and Technology, in the International Union for the History and Philosophy of Science and Technology (IUHPST), associated with UNESCO.
- Appointed Member of External Review Committee, Archives at NCBS (National Centre for Biological Sciences (NCBS), Bengaluru.

Balaji Prakash
Professor

Awarded the EMBL Sabbatical Visitor Fellowship by the European Molecular Biology Laboratory, Heidelberg, from June-July 2025.

Subhash Rajpurohit
Associate Professor

- Received a "Certificate of Appreciation" from the Entomological Society of India, Indian Agricultural Research Institute, New Delhi, India (2025), for contributions in the field of insect physiology.
- Joined the Editorial Board of the journal BMC Ecology & Evolution in January 2025.

Manjil Saikia
Assistant Professor

Received complete travel support, jointly from the American Mathematical Society (AMS), Simons Foundation, and the International Mathematical Union (IMU) to attend the International Congress of Mathematicians (ICM) 2026 at Philadelphia, USA.

Shishir Saxena
Assistant Professor

Nominated for "Most Innovative Teacher of the Year" at the Times Higher Education Awards Asia 2025.

Alok Shukla
Assistant Professor

Joined the Advisory Board of Qclairvoyance Quantum Labs Pvt. Ltd.

Guillaume Wadia
Assistant Professor

Received Chairman's Award for Experiments to Advance Active Learning on Ahmedabad University's Foundation Day.

Aditya Vaishya
Assistant Professor

- Received Chairman's Award for Excellence in Research 2025 on Ahmedabad University's Foundation Day.
- Scientific steering committee member of the URSI Regional Conference on Radio Science 2024.
- Steering committee member of the WeATHER and Climate Hackathon held on September 19 - 21, 2024.

Events

Philosophy & Film | August 28, 2024

The ongoing initiative features film screenings and student discussions on relevant philosophical themes. This session, the featured film was the Persian short "The Chorus" by Abbas Kiarostami.

A Dhrupad Concert | September 8, 2024

A Dhrupad concert featuring renowned vocalist Uday Bhawalkar and pakhawaj artist Pratap Awad was held at the Patrick French Black Box. The event marked the first collaboration between Ahmedabad University and the National Centre for the Performing Arts (NCPA), Mumbai.

Book Launch: Engineering a Nation: The Life and Career of M. Visvesvaraya (1861-1962) | October 1, 2024

The event featured Professor Aparajith Ramnath, the book's author, in conversation with Professor Leya Mathew. They discussed the book Engineering a Nation: The Life and Career of M. Visvesvaraya (1861-1962). The book explores the professional and intellectual relationships that shaped Visvesvaraya, regarded as a national icon, and highlights the historical context in which he worked.

Astronomy Unplugged | October 16, 2024

The event offered participants a virtual night sky experience, lessons on cosmic distances and celestial coordinates, and a quiz on galaxy shapes. Attendees concluded the evening with a sky-gazing session, where they observed the Moon and Saturn through optical telescopes (provided by event partners Invincible NGO) and, for the first time, detected a 1.4 GHz signal from the Milky Way using an in-house radio telescope.

Music for Peace: Call of Manipur | November 20, 2024

Mangka Mayanglambam, an award-winning singer, dancer, teacher, and researcher of Manipuri folk music; and Megha Dalton, an accomplished singer and composer from Daltonganj in Jharkhand, used their music to disseminate a message of peace as an antidote to the prevailing unrest in the State of Manipur. The programme was a collaboration with Vishwagram, an organisation from Gujarat that has worked to provide relief in several conflict-ridden areas in Manipur.

Narrating History | January 16, 2025

The event featured author Aparna Vaidik, Professor of History at Ashoka University, in conversation with Professor Neeraja Sankaran. The talk explored the author's different approaches to narrating related historical themes and events.

Film Screening: Mrs Robinson followed by a panel discussion with Mary Robinson on Climate Justice | February 1, 2025

Ahmedabad University, in partnership with SEWA, hosted Mary Robinson, former President of Ireland. The event began with the screening of the film Mrs Robinson, on the life and work of Mary Robinson in the areas of human rights, gender justice, and climate action, followed by a panel discussion on climate justice and action with Mary Robinson, Professor Darshini Mahadevia, Professor Minal Pathak, and BA (Hons) student Bhavya Patodi.

Chiasma | February 7-9, 2025

The event featured interdisciplinary workshops, including bioinformatics, molecular biology, psychology, forensic science, ethology, and microbial fluorescence kinetics. It invited participants to explore cutting-edge topics through hands-on learning and collaborative activities.

Book Talk: Fallen City – A Double Murder, Political Insanity, and Delhi's Descent from Grace by Sudeep Chakravarti | February 13, 2025

The event featured author Sudeep Chakravarti, Professor of Practice, in conversation with Professor Maya Ratnam. They discussed the book Fallen City, a full-length exploration of the 1978 brutal murders of teenage siblings Geeta and Sanjay Chopra. The book examines the aftermath of the murders, set against the backdrop of a tumultuous period in Delhi's history.

An Afternoon of Jazz | February 15, 2025

The event featured jazz musician Professor John Gunther from the University of Colorado, Boulder. He conducted a student band that came together to jam, sing, and perform using instruments such as the bass guitar, harmonica, drums, and more.

Ahmedabad Astrophysics Meet-I | February 22, 2025

Ahmedabad University professors, including Samyaday Choudhury, Gaurav Goswami, Pankaj Joshi, and Raghavan Rangarajan, brought together researchers from the Physical Research Laboratory, IIT Gandhinagar, Institute of Plasma Research, and Space Applications Centre (ISRO) to discuss diverse areas of Astrophysics at the Ahmedabad Astrophysics Meet-I. The event aimed to strengthen inter-institutional collaborations to resolve the key questions and challenges facing modern astrophysics.

Sabarmati International Contemporary Arts Festival (SICAFA) | March 11-18, 2025

The eight-day-long curated cultural event brought together a vibrant community of artists and audiences to the Ahmedabad University campus and into the city. Themed ART LEADS, the festival's inaugural edition, presented a diverse range of theatrical works, including plays, musicals, street puppetry, dance performances, and experimental shows. The festival also featured art workshops, symposiums, and interactive sessions. The festival is a precursor to establishing the School of Performing and Visual Arts.

Hindustani Music Concert (Sitar and Tabla) | March 16, 2025

A Hindustani music concert by acclaimed sitarist Anupama Bhagwat, with Sapan Anjaria on the tabla, was held as part of the University's ongoing collaboration with the National Centre for the Performing Arts (NCPA), Mumbai. The partnership aims to bring classical music performances to the University community.

StudentSpeak: Sanskrit and Its Scholastic Spectrum | March 19, 2025

The event offered students a platform to share with the University community thought-provoking and inspiring ideas from the rich scholastic world of Sanskrit.

Nowruz Celebrations | March 20, 2025

Students of the course PER102 Introduction to Persian invited the University fraternity to celebrate Nowruz, the Persian New Year. The festivities featured refreshments, a beautifully arranged haft sin table, and Persian poetry recitations by the students.

Arts and Sciences Lecture Series

Sanjay Jambhulkar, Former Head, Bhabha Atomic Research Center, Mumbai. *Use of Nuclear Technology in Agriculture and Food*. October 9, 2024.

Sunil Sharma, Professor of Persianate and Comparative Literature, Boston University, USA. *From Epic Hero to Sufi Master: Poetic Personas of the Mughal Emperor Akbar*. October 16, 2024.

Atul Dixit, Associate Professor, Indian Institute of Technology Gandhinagar. *A Glimpse into the Mathematical Universe of Srinivasa Ramanujan*. November 6, 2024.

Sudev Sheth, Senior Lecturer, The Joseph H. Lauder Institute of Management and International Studies, and Department of History, University of Pennsylvania, USA. *The Jhaveris of Ahmedabad and Political Power in Mughal Times*. January 7, 2025.

Aparna Vaidik, Professor, Ashoka University. *The Afterlife of Revolutionaries and their Histories*. January 15, 2025.

Sudeep Chakravarti, Professor of Practice, School of Arts and Sciences, Ahmedabad University. *Manipur: The Fire This Time*. January 22, 2025.

Karthik Anantharaman, Associate Professor, University of Wisconsin-Madison, USA. *AI Approaches for Applications of Phage in Health and Sustainability*. February 5, 2025.

Ajay Kohli, Deputy Director General, Research and Innovation, International Rice Research Institute, Philippines. *Molecules to Agriculture to Socioeconomic Impact: Rice Molecular Biology Research as a Model for Food System Deliverables*. February 26, 2025.

Workshops

Stakeholder Consultation Workshop | September 6, 2024
Professor Darshini Mahadevia organised Inclusive Net Zero Transport (INSTANZ), Gujarat, in collaboration with IIT Delhi and UNEP Copenhagen Climate Centre.

The workshop, under the project Inclusive Net-Zero Transport for a City in Gujarat – A Case of Rajkot City, aimed to gather insights on net-zero urban transport scenarios and indicators and to present initial findings from fieldwork conducted in Rajkot. The event brought together government officials, sector experts, and community representatives, whose diverse perspectives provided constructive feedback to refine the project's strategy and establish a clear roadmap for inclusive net-zero transport in Rajkot.

The Grand Challenges: Insect Decline, Causes and Consequences | November 28-29, 2024

The national-level seminar brought together experts to address the alarming decline in global insect populations and their threat to ecosystems and human wellbeing. The discussion covered a wide range of topics, from the evolutionary history of insects to the latest technologies used to study their decline. Professor Subhash Rajpurohit organised the ANRF, Government of India, funded workshop.

Data Visualisation and Data Analysis using R Software |

Swadesh Mahajan, Research Professor, University of Texas, Austin, USA. *Fusion on Earth - A Quintessential Scientific Pursuit with a Big Commercial Goal*. March 10, 2025.

Sohini Chattopadhyay, Associate Professor, CEPT University. *The Day I Became a Runner: A Women's History of India Through the Lens of Sports*. March 12, 2025.

BV Rajarama Bhat, Professor, Indian Statistical Institute, Bangalore. *Invariants*. March 26, 2025.

Swami Medhananda, Senior Research Fellow in Philosophy, Vedanta Society of Southern California in Hollywood. *Infinite Paths to Infinite Reality: Why Sri Ramakrishna's Religious Pluralism Still Matters*. March 28, 2025.

Samay Pande, Assistant Professor, Indian Institute of Science, Bengaluru. *Bacterial Predators Drive the Maintenance of Antibiotic Resistance in Pristine Environments*. April 2, 2025.

Mewa Singh, INSA Distinguished Professor, University of Mysore. *Behaviour and Conservation Management of Wildlife in Altered Habitats: Lessons from Studies on Indian Primates*. April 9, 2025.

Rupam Barman, Professor of Mathematics, Indian Institute of Technology Guwahati. *Hypergeometric series in Arithmetic Geometry*. April 14, 2025.

Aranya Sahay, Writer, Director and Producer, Fiction and Documentary Films. *Humans in the Loop*. April 16, 2025.

April 19, 2025
The workshop introduced participants to the fundamentals of R programming through hands-on sessions focused on data manipulation, statistical analysis, and visualisation. Participants engaged in practical exercises using real-world data and received guidance on best practices and efficient workflows in R. The workshop offered a valuable opportunity to strengthen data literacy and analytical skills through an application-driven approach.

Student Achievements

Anant Kedia
Bachelor of Science (Honours)

Selected for the Indian Science Academies Summer Research Fellowship (April 2025). He is doing his fellowship at IISc in June-July 2025.

Ananyaa Sahai
Bachelor of Arts (Honours)

Selected for oral presentation at the 11th Annual Conference of Cognitive Science held at IIT Bombay for her study on the differential effects of emotions on action vs perception tasks.

Kishan Malaviya
Doctoral Student in Physics

His poster, "Studying star forming clumps in NGC3368: A UVIT, GALEX and JWST perspective" got accepted at Young Astronomers Meet that was held at Tata Institute of Fundamental Research, Mumbai, in March 2025.

Field Trips

Introduction to Field Ecology
During a 12-day field trip to Kutch for their Introduction to Field Ecology course, students deepened their connection with nature. By emphasising careful observation and documentation, the trip allowed students to apply key ecological theories and understand natural patterns and processes.

The Mount Abu Infrared Observatory (MIRO)
Students visited the Mount Abu Infrared Observatory (MIRO), operated by the Physical Research Laboratory (PRL, Ahmedabad), to explore answers to some critical questions about Astronomy as part of their Introductory Astrophysics course.

Guest Lectures

Annalisa Mansukhani, Writer, Researcher, Curator, Programme Manager, Foundation for Indian Contemporary Art, Delhi. *Sentences with the Image: Seeing, Writing, Responding*. October 18, 2024.

Frederick Coolidge, Professor, University of Colorado, USA. *An Introduction to Paleopsychopathology*. January 13, 2025.

Research Seminar Series

S. C. Lakhotia, Banaras Hindu University. *Heat Shock Proteins and Cancer: Lessons from Drosophila Model of Epithelial Cancer*. July 30, 2024.

Ganesh Bagler, Indraprastha Institute of Information Technology Delhi. *Computational Gastronomy: A Data-driven Science of Food*. July 30, 2024.

Vivekananda Roy, Iowa State University, USA. *Predicting the Unpredictable: Introduction to Monte Carlo Simulation*. August 8, 2024.

Sumukha S, Indian Institute of Technology Gandhinagar. *Mordell-Tornheim zeta Functions and Functional Equations for Herglotz-Zagier type Functions*. August 14, 2024.

Ayesha Sheth, University of Pennsylvania, USA. *A Political History of Music: Sound, Place, and Circulation in the Early Modern Period*. August 13, 2024.

Shashi Kant Shankar, Amrita University. *From Data to Decisions: The Role of Learning Analytics in Technology-Enhanced Learning and Teaching*. August 16, 2024.

Bishal Deb, Sorbonne University, Paris. *Coefficientwise Total Positivity of Hankel Matrices in Counting Problems*. August 28, 2024.

Neelanjana Sircar, Associate Professor, School of Arts and Sciences, Ahmedabad University. *India Election Series: Decoding the Delhi Election*. February 12, 2025.

Pramath Anamby, Indian Institute of Science Education and Research, Pune. *Jacobi forms, Saito-Kurokawa lifts and Bounds on their Supnorms*. August 29, 2024.

Manash Samal, Physical Research Laboratory. *Understanding the Formation and Early Evolution of Star Clusters*. September 4, 2024.

Indranath Sengupta, Indian Institute of Technology Gandhinagar. *Elimination Theory - An Introduction*. September 11, 2024.

Mary Ann Chacko, Ahmedabad University. *It was the dress that was a Problem for me: Enrolling Muslim Girls in a Citizenship Training Programme in Kerala, India*. September 11, 2024.

William Telford, National Cancer Institute, USA. *Flow Cytometry: A Critical and Expanding Tool for Biomedical Research*. September 16, 2024.

Narendra Ojha, Physical Research Laboratory. *Deciphering Natural and Human Impacts on the Atmosphere Through Sophisticated Modelling*. September 18, 2024.

Radhika Joshi, Artist and Hindustani Music Vocalist. *Khayal Manthan: Exploring Contemporary Social Issues Through Hindustani Music*. September 18, 2024.

Tarinee Awasthi, FLAME University. *Bhāskararāya: Tantra and Mīmāṃsā in the Eighteenth Century*. September 20, 2024.

Nisha P. R., Independent Scholar. *Animals and Their Humans: Social Histories from Indian Circus*. September 27, 2024.

Alex Watson, Ashoka University. *Buddhism, Nyāya and Śaivism on the existence of selves*. October 1, 2024.

Sai Chaitanya Tadeпали, Indiana University Bloomington, USA. *Large Blue Spectral Index from a Conformal Limit of a Rotating Complex Scalar*. October 9, 2024.

Sunil Sharma, Boston University, USA. *Amir Khusrau and the Qawwali Tradition*. October 10, 2024.

Sunil Sharma, Boston University, USA. *Resuscitating Lives from the Archives: The Case of Atiya and Samuel Fyze-Rahamin*. October 15, 2024.

Dilpreet Kaur, Indian Institute of Technology Jodhpur. *z-Classes in Alternating group*. October 16, 2024.

Sudeep Chakravarti, Ahmedabad University. *India & Bangladesh: The Meltdown, the Fallout, and the Recalibration*, October 23, 2024.

Shanta Laishram, Indian Statistical Institute, Delhi. *On Squares in an Arithmetic Progression*. October 23, 2024.

Debargha Banerjee, Indian Institute of Science Education and Research, Pune. *Ramanujan Congruences and Beyond*. October 28, 2024.

Debasis Sengupta, Indian Statistical Institute, Kolkata. *Structural and Exchange Mobility as Additive Components of Social or Economic Mobility*. November 13, 2024.

Deepak Nair, Regional Centre for Biotechnology. *New Answers to Old Questions Regarding DNA Replication and Repair*. November 13, 2024.

Madhavilatha Maganti, Krea University. *The multimodal nature of early experiences in high and low-risk infants: What's going on in the tiny minds of infants?*. November 20, 2024.

Kinsuk Acharyya, Physical Research Laboratory. *Astrochemistry: Understanding Our Chemical Cosmos*. November 20, 2024.

Satabdi Saha, University of Texas, Austin, USA. *Flexible Aggregation of Compositional Predictors with Shared Effects for Microbiome Association Analysis*. December 12, 2024.

Iva Patel, Augsburg University, Germany. *Re-examining the Categorical Separation of Objects and Humans: Materiality in Gujarati Devotional Songs*. January 8, 2025.

Akshaa Vatwani, Indian Institute of Technology Gandhinagar. *Arithmetical Functions in Arithmetic Progressions*. January 8, 2025.

Nandini Hebbar, Mudra Institute of Communications Ahmedabad. *Engineering Lives: Exploring Social Structures in Technical Education?* January 15, 2025.

Sarjick Bakshi, Centre for Excellence in Basic Sciences, Mumbai. *g-vectors of Plücker coordinates*. January 15, 2025.

Rupesh Kumar Chillale, University of Maryland, USA. *Neural Encoding of Auditory Perception: Implications for Music, Speech and Learning Dynamics*. January 16, 2025.

Nabeel Zuberi, University of Auckland, New Zealand. *Synthesising South Asians in Discostan*. January 22, 2025.

Piyushkumar Patel, Institute for Space Research, Netherlands. *A New Lens on Aerosol-Cloud Retrievals: Advancing Satellite Remote Sensing with Polarimetric and Lidar Observations*. January 22, 2025.

Jens Lerche, University of London, UK. *Complexities of Rural and Agrarian Life in India: Agrarian Crisis, Labour Migration and Caste and Class under Neoliberal Agrarian Transition*. January 24, 2025.

Behroze Gandhi, Independent Producer, Co-founder of Hindi Picture, Channel Four Television. *Kekee Manzil: House of Art*. January 30, 2025.

Mattia Brescia, University of Naples, Italy. *New Perspective in Commutative and Non-Commutative Groups*. February 5, 2025.

John Gunther, University of Colorado, USA. *The Origins of Jazz*. February 12, 2025.

Sabtharishi Subramanian, Indian Council of Agricultural Research - Indian Agricultural Research Institute, New Delhi. *It makes Sense to Focus on Insect Chemosense*. February 12, 2025.

Manish Grover, Imperial College London, UK. *How Animals Chill-out Pathogens? Understanding Immune Signalling Against Oomycete Pathogens in C. Elegans*. February 13, 2025.

Gaurav Bhatnagar, Ashoka University. *The Bailey Lemma*. February 19, 2025.

Suresh Kumar, Wildlife Institute of India, Dehradun. *Trade Winds Fuel Avian Migration - The Case of the Amur Falcon Falco Amurensis a Long-distance Traveller*. February 19, 2025.

Senthil Arumugam, European Molecular Biology Laboratory, Australia. *Cell Biology of Developmental Processes: Imaging Across Scales*. February 21, 2025.

Nilima Sheikh, Artist and **Anuradha Kapur**, Theatre Maker. *On Practicing Collaboration- Nilima Sheikh and Anuradha Kapur In Conversation*. February 26, 2025.

Apratim Chakraborty, TCG Crest, West Bengal. *A Spanning Tree Model for Chromatic Homology*. February 26, 2025.

Madhavan Varadarajan, Raman Research Institute, Bengaluru. *Quantum Gravity: A View from General Relativity*. March 3, 2025.

Madhavan Varadarajan, Raman Research Institute, Bengaluru. *A Black hole story*, March 4, 2025.

Bhanu Pratap Das, Center for Quantum Engineering Research and Education, West Bengal. *Quantum Computation and its Application to Atoms and Molecules*. March 5, 2025.

Sudipta Sarkar, Indian Institute of Technology Gandhinagar. *Beyond Einstein: Search for New Gravitational Physics*. March 12, 2025.

Lisa Widdison, St Mary's University, USA. *Apoḥana as an Epistemic Power in Pratyabhijñā Philosophy*. March 13, 2025.

Rafaello De Léon-Jones Diani, Ecole des Hautes Etudes en Sciences Sociales, Paris. *A Jain Ritual at the Mughal Court*. March 19, 2025.

Ayush Gupta, Homi Bhabha Center for Science Education, Mumbai. *Confronting the ideology of merit is crucial for STEM Education*. March 19, 2025.

Aparna Kapadia, Williams College, USA. *Bhuchar Mori: The Mughal Conquest of Gujarat and the Politics of Historical Narratives*. March 26, 2025.

Meera Mary Sunny, Indian Institute of Technology Gandhinagar. *Beyond Information Processing: Rethinking Cognition and the Brain*. April 7, 2025.

Eric C. Schirmer, University of Edinburgh, UK. *Cancer-type Specific Targeting of Nuclear Size to Reduce Metastatic Spread*. April 8, 2025.

Sreedhara Voleti, Bharath Advanced Therapeutics, Hyderabad. *Identification and Progress of a Clinical Candidate for Acute and Chronic Myeloid Leukemias*. April 7, 2025.

Lynna Dhanani, University of California, USA. *Destabilizing Religious Imagination: Polemical Humor in Hemacandra's Devotional Texts*. April 8, 2025.

Subabati Goswami, Physical Research Laboratory. *From*

an Impossible Dream to the Unreachable Stars: The Journey of Neutrinos. April 9, 2025.

Eshita Mazumdar, Ahmedabad University. *On various Facets on Zero-sum Invariants in Finite Group*. April 11, 2025.

Umesh Kadhane, Indian Institute of Space Science and Technology, Trivandrum. *Plasma Physics in Space Science and Space Technology: The IIST Experience*. April 23, 2025.

Venkat Srinivasan, National Centre for Biological Sciences, Bengaluru. *Towards Building a Network of Archives across India: The Milli Archives Foundation*. June 11, 2025.

Intersections

The School launched Intersections, a seminar series, to encourage interdisciplinary learning, generate useful knowledge, and approach real-life problems through multiple disciplinary perspectives.

Professors from different academic disciplines address a common topic, facilitating dialogue, which may lead to future collaboration in teaching and research and serve as one of the platforms to embark on interdisciplinary ideas.

Shomen Mukherjee and **Rajesh Naidu**. *Observations through Time*. November 13, 2024.

STUDENT PRESENTATIONS

Dahima, Y., & Vaishya, A. (2024). Enhancing the Accuracy of Low-cost Sensors and its Applications to Assess Indoor Air Quality Exposure. *Conference of the Indian Aerosol Science and Technology Association (IASTA - 2024)*, Dehradun, India, December 17-20.

Gupta, L., Choudhury, S., & Calamida, A. (2025). Study of White Dwarfs in NGC2808 Using Near-Ultraviolet and Optical Data from the Hubble Space Telescope. *43rd Meeting of Astronomical Society of India*, NIT Rourkela, India, February 15-19.

Mahendra, R., Ojha, N., Girach, I., Sarangi, T., & Vaishya, A. (2025). Climatology and Trends in Atmospheric Trace Constituents over the Indian Subcontinent during 2003-2023 Period. *Frontiers in Geosciences Research Conference (FGRC-2024)*, Physical Research Laboratory, Ahmedabad, India, February 5-6.

Malaviya, K., Choudhury, S., & Mondal, C. (2025). Studying Star-forming Clumps in NGC3368: A UVIT, GALEX and JWST Perspective. *Ahmedabad Astrophysics Meet-I*, Ahmedabad University, India, February 22.

Yadav, N., Shah, K., Maindola, A., Choudhury, S., & Nayak, P. K. (2025). Multiwavelength Analysis of Stellar Populations in the Magellanic Bridge. *Ahmedabad Astrophysics Meet-I*, Ahmedabad University, India, February 22.

BOOKS

Chakravarti, S. (2024). *Fallen City: A Double Murder, Political Insanity, and Delhi's Descent from Grace*. New Delhi: Aleph Book Company.

Mahadevia, D., & Delgado Ramos, G. (2025). *Learning from COVID-19 for Climate-ready Urban Transformation*. Ahmedabad: Cambridge University Press.

Ramnath, A. (2024). *Engineering a Nation: The Life and Career of M. Visvesvaraya (1861-1962)*. Gurugram: Penguin Random House.

Roychoudhuri, R., & Brown, R. (2025). *Documenting Industry: Photography, Aesthetics and Labor in India*. Oxon and New York: Routledge.

BOOK CHAPTERS

Chaturvedi, A. (2025). The Historical and Theological Context of Puṣṭimārgiya Kīrtana Saṅgīta and Literary Analysis of the

Kaushik and Sarang Rāgāṅgānavaratnas. In R. Goswami (Ed.), *Ragangarnavaratna: Analysis of Acharya Sri Ranchodlalji's Ragangarnavaratna* (54-72), Ahmedabad: Goswami Haveli Vidya Vibhag.

Dash, K. (2024). The Body-in-music: Musical Entrances into Historiography. In S. Damodaran (Ed.), *Afro-Asian Musical Imaginaries: Interconnected Histories across Continents* (35-46), Delhi: Tulika Books.

Jeba, F. S., Roy, A., & Saikia, M. (2025). On k-Facile Perfect Numbers. In M. K. Patel, M. Ashraf, N. Mahdou, & H. Kim (Eds.), *International Conference on Algebra and its Applications (ICAA 2023): Springer Proceedings in Mathematics & Statistics* (111-121), Singapore: Springer.

Jeba, F. S., Roy, A., & Saikia, M. (2025). On Near-perfect Numbers with Five Prime Factors. In M. K. Patel, T. Nath, R. K. Pandey, & D. Shukla (Eds.), *Advances in Mathematical and Computational Sciences: Proceedings of The ICRTMPCS International Conference 2023* (207-220), Boston: De Gruyter.

Jha, M. (2024). Monnaies et médailles mogholes. In C. Lefevre, & C. Jean-Baptiste (Eds.), *Les Arts Moghols* (256-257), Paris: Citadelles & Mazenod.

Lathia, S., & Mahadevia, D. (2025). Rosario, Argentina, Uses Urban Farming to Tackle the Pandemic and Climate Crisis. *UCCRN Case Study Docking Station* (1-4), Online: UCCRN.

Mahadevia, D., Lathia, S., & Dubey, A. (2025). Exacerbating the Financial Woes of Transport for London: A Long-term Impact of COVID-19. *UCCRN Case Study Docking Station* (1-4), Online: UCCRN.

Mahadevia, D., & Lathia, S. (2025). Sustainable Urbanisation - Exploring Housing-Transport linkages for Low Income Populations in Tier II Metros in India. In G. Tiwari, M. Varghese, & K. Bhalla (Eds.), *Safe and Sustainable Mobility by Design- Safe Cities, Vehicles, Institutions, and Human Rights* (44-49), Singapore: Springer.

Mishra, R. (2024). Vulnerability and Resilience in Child Care Institutions: Liminality and Social Ecology. In R. Mathew (Ed.), *Series: Politics of Vulnerability. Book-The Liminal Beings: Vulnerability and Resilience*, Vernon Press.

Nasra, S., & Kumar, A. (2024). Male Reproductive and Developmental Toxicity Associated with Exposure to Engineered Nanoparticles. In D. Anderson, & K. Habas (Eds.), *Male-mediated Developmental Toxicity- Under the Series Issues in*

Toxicology (35 - 51). London: Royal Society of Chemistry.

Patel, A., Shah, K., Patel, S., & Tanavde, V. (2025). From Diagnosis to Prognosis: The Transformative Impact of Exosomal ncRNAs in Head and Neck Cancer. In S. Sedykh (Ed.), *Exosome Research-Biochemistry, Biomarkers and Perspectives in Therapy*. Online: Intech Open.

Ramnath, A. (2025). Who's in Charge of the Howrah Bridge? Engineering Expertise and the Political Economy of Late-Colonial India. In V. Caru (Ed.), *Engineers and Society in India: From Circa 1850 to Present Times*, Oxford University Press.

Roychoudhuri, R., & Brown, R. (2025). Industry, Documentary, Aesthetics: Postcolonial Indian Photography in a Global Frame. In R. Roychoudhuri, & R. Brown (Eds.), *Documenting Industry: Photography, Aesthetics, and Labor in India* (1-10), New York: Routledge.

Roychoudhuri, R. (2025). The Art of Belonging in the "Imagined Homeland". In S. Goswami, & S. Narain (Eds.), *Framing Portraits, Binding Albums: Family Photographs in India* (360-380), New Delhi: Zubaan Books.

Sarwate, R. (2025). The Caste Subconscious and the Dialectical Logic of Sharad Patil. In P. Banerjee (Ed.), *Textual Lives of Caste Across the Ages: Hierarchy, Humanity and Equality in Indian History* (211-227), London: Bloomsbury Academic.

Sarwate, R. (2024). Romance, Aesthetics, and Progressivism in Marathi Literary Culture: Narayan Sitaram Phadke and the Modern Marathi Novel. In U. Anjaria, & A. Nerlekar (Eds.), *The Oxford Handbook of Modern Indian Literatures* (493-514), New York: Oxford University Press.

Sivaraman, D. (2024). From Text to Performance: Deepan Sivaraman's Stage Adaptation of Khasak. A conversation with Deepan Sivaraman by Manila C Mohan. In E. V. Ramakrishnan, K. C. Muraliedharan, & O. V. Vijayan (Eds.), *The Critical Insider* (212-220), Delhi: Routledge India.

Sreeram, L. (2025). An Analysis of Saranga and Kaushika Ragangarnavaratan-s. In R. Goswami (Ed.), *Ragangarnavaratna: Analysis of Acharya Sri Ranchodlalji's Ragangarnavaratna* (1-22). Ahmedabad: Goswami Haveli Vidyavibhag.

Sreeram, L. (2025). Investigating "Musicology". In P. Dutta (Ed.), *Musicological Soundscapes* (5-12). Aurangabad: MGM University.

CONFERENCE PROCEEDINGS

Agrawal, S., Jhavar, J., Reina, A., Baliyarasimhuni, S., Hamann, H., & Li, L. (2024). Impact of Individual Defection on Collective Motion. *Fourteenth International Conference on Swarm Intelligence*, Germany, October 9-11. 127-140.

D Gawande, N., Parekh, M., Mishra, K., Kaushal, C., Gowrishankar, H., Pathak, B., & Sankaranarayanan, S. (2025). Deciphering Fatty Acid Biosynthesis in Peanut: Transcriptomic Insights from Seed Development in Cultivar GG20. *International Conference on Advances in Arachis through Genomics & Biotechnology*, Goa, India, March 23-25. 71.

Malhotra, K. (2025). Where There is Memory, There is History: Historicizing Space and Reclaiming Absence in Chittisinghpora, Kashmir. *International Seminar on Themes in Historical Geography*, Kannur University, Kerala, India, June 3-6.

Muravevskaia, E., Kuriappan, B., Shankar, S., & AS, S. (2024). Observing the Gaps from Theory to Practice in Rural Indian Public School Teachers' Pedagogical Competencies in Social-Emotional Learning. *Proceedings of 2024 IEEE International Conference on Advanced Learning Technologies*, Near East University, North Cyprus, July 1-4. 250-254.

Pothancheri, G., AkshayRaj, K., & Shankar, S. (2024). Having a Smartphone and Being Enrolled in a Higher Education Institution Does Not Make Students Digitally Literate! *Proceedings of 2024 IEEE 5th India Council International Subsections Conference*, Punjab Engineering College, Punjab, India, August 22-24. 1-6.

Rajput, P., Parekh, M., Jha, S., Patel, S., Nanavati, V., Shah, N., & Pathak, B. (2025). More Calcium, More Salinity Stress Tolerance – A Saga of Finger Millet (Eleusine coracana L.) *EMBO -High Elevation Plant Adaptation in a Changing Climate*, Council of Scientific & Industrial Research- Institute of Himalayan Bioresource Technology, Himachal Pradesh, India, February 25-28.

Shankar, S., & Pothancheri, G. (2025). Context Matters: Decoding Student Perceptions to TEL Tools in Two Distinct Indian Educational Settings. *Proceedings*

of International Conference on Technology for Education 2024, Indian Institute of Technology, Gandhinagar, India, December 6-8.

CONFERENCE PRESENTATIONS

Abdullah, B. H., Singh, P., Vaishya, A., Prasad, P., & Rastogi, S. (2024). Seasonal Variations in Black Carbon, Boundary Layer Height, and Aerosol Absorption Index Over Gorakhpur Region: A Decadal Study (2013-2023). *6th URSI Regional Conference on Radio Science 2024*, Bhimtal, India, October 22-25.

Chatterjee, K. (2024). Converging Narratives: Bridging Genocide Studies and International Relations for a Shared Understanding. *Annual Virtual Conference of the International Studies Association*, Virtual, July 30-August 2.

Chaturvedi, A. (2024). Appayya's Vedānta, Mīmāṃsā, and Alankāraśāstra. *Appayya Workshop*, Flame University, India, July 8-12.

Dahima, Y., Ojha, N., Girach, I., Sharma, A., & Vaishya, A. (2024). A Machine Learning Approach to Estimate PM2.5 in Western India: Combining Satellite Remote Sensing and Ground-based Measurements. *6th URSI Regional Conference on Radio Science 2024*, Bhimtal, India, October 22-25.

Das, S. (2025). Migration, Belonging and Nativism on the Eastern Himalaya: “Nepali” People and “Indian” Peacocks as Multispecies Subjects of Recognition. *International Workshop on Migration, Mobility, and Social Transformation*, GITAM University, Bangalore, India, April 21-22.

Deo, A. (2024). Musical Creativity and Gender: Women Musicians and the Hindustani Khayal Tradition. *Society for Ethnomusicology 69th Annual Meeting 2024*, Virtual, October 17-26.

Desai, B., Whitaker, N., & Ghosal, R. (2024). Understanding Patterns of Reproductive Behavior and Endocrine Correlates in Freshwater Muger Crocodiles (Crocodylus palustris). *International Society of Behavioral Ecology Congress*, Melbourne, Australia, September 29-October 4.

Desai, C., & Ghosal, R. (2024). Social Preferences and Shoaling Dynamics in Sexually Immature Green Chromide (Epiplatys suratensis), a Freshwater Cichlid. *European Conference on Behavioral Biology*, Zurich, Switzerland, July 16-19.

Desai, C., & Ghosal, R. (2025). Cichlids Invading the Cichlid World: Is it Threatful or Peaceful? *International Conference of Conservation Biology*, Brisbane, Australia, June 15-19.

Desai, C., & Ghosal, R. (2024). Sexually Immature Green Chromides Exhibit Choice-based Decision-making in the Context of Social Preferences. *International Society of Behavioral Ecology Congress*, Melbourne, Australia, September 29-October 4.

Dhaka, S., Lakshmi, S., Vaishya, A., Ojha, N., Pozzer, A., Ansari, T., & Sharma, A. (2025). Impacts of Anthropogenic Emissions on Monsoon Precipitation over Western India: Insights from High-resolution Regional Modeling. *EGU General Assembly 2025*, Vienna, Austria, April 27-May 2.

Dhaka, S., Lakshmi, S., Vaishya, A., Ojha, N., Pozzer, A., & Sharma, A. (2024). Quantifying the Influence of Regional vs Trans-regional Anthropogenic Aerosols on the Regional Climate of Western India. *American Geophysical Union 2024*, Washington, USA, December 9-13.

Goswami, G. (2024). Self-interactions of Ultralight Spinless Dark Matter to the Rescue? *PPC 2024: XVII International Conference on Interconnections between Particle Physics and Cosmology*, Indian Institute of Technology Hyderabad, India, October 14-18.

Grewal, R. (2024). Atomic Magnetometry with Warm Alkali Vapors. *Quantum Magnetometry*, Indian Institute of Technology Kanpur, India, December 5-8.

Gupta, A. (2024). Dialectic Behaviour Therapy. *National Annual Conference of Clinical Psychology Society of India 2024*, Rashtriya Raksha University, Gandhinagar, India, November 21-23.

Gupta, A. (2025). Role of Artificial Intelligence (AI) on Human Lifestyle. *International Conference on Indian Knowledge Systems of Yoga and Sanskrit for Global Well-being*, Lakulish Yoga University, Ahmedabad, India, January 9-10.

Gurkirat, S. J. N., & Sircar, N. (2025). Do State-Level Legislators Affect National Election Outcomes? Evidence from India. *European Political Science Association Annual Conference*, Universidad Carlos III de Madrid, Spain, June 26-28.

Jha, M. (2024). Loss of the Ganga, Losing the Empire: Explaining Mughal Decline from the Riparian Perspective. *Annual Conference on South Asia*, University of Wisconsin-Madison, USA, October 30-November 2.

Jhawar, J. (2024). Mathematical Models of Collective Behaviours Across Systems. *Mathematical Models in Ecology and Evolution*, University of Vienna, Austria, July 15-18.

Kumar, A. (2024). Kant, Persons and Value Realism. Kant's Project of Enlightenment, *14th International Kant-Kongress*, Bonn, Germany, September 8-13.

Laha, A., & Kumar, A. (2024). A Comparative Study for an Efficient Targeted Therapy for Macrophages in Rheumatoid Arthritis using Immunoliposomes. *Global Immunology Submit 2025: Emerging Frontiers of Immunobiology and Immunotherapy*. Translational Health Science and Technology Institute, Faridabad, India, February 13-15.

School of Engineering and Applied Science

The School provides a strong foundation in engineering theory and skills, emphasising practice-based learning through its undergraduate, graduate, and doctoral programmes. The contemporary curriculum includes required internships, capstone projects, and BTech engineering projects.

The School has formed several strategic partnerships to enhance its research and training. It collaborates with the Global Water Innovation Center for Action (GWICA) for water-related research, L&T Technology Services for plant engineering, and the Tata Indian Institute of Skills for developing skill-based training materials.

Additionally, the School secured a grant from the Ministry of Textiles to establish a state-of-the-art Composites Laboratory.

The School established the "Stepwell" High-Performance Computing system. This system is ranked 46th in India, making Ahmedabad University the only private university in Gujarat and the second in the nation to be in the top 50. It provides a theoretical peak performance of 140 TeraFlop/s to meet the university's high-end computational needs.

Programmes

UNDERGRADUATE

Bachelor of Technology

- Major in Chemical and Environmental Engineering
- Major in Computer Science and Engineering
- Major in Electrical and Electronics Engineering
- Major in Mechanical Engineering

Integrated Programme in Technology and Management

- BTech + MBA (Jointly offered with the Amrut Mody School of Management)

GRADUATE

Master of Technology

- Composites
- Computer Science and Engineering with specialisation in Data Science and Analytics

DOCTORAL

- PhD in Applied Physics
- PhD in Applied Science
- PhD in Chemical Engineering
- PhD in Computer Science and Engineering
- PhD in Mechanical Engineering

New Faculty

SHWETA AGARWALA

Professor and Associate Dean
PhD in Electrical and Computer Engineering, National University of Singapore

ABHISHEK CHAKRABORTY

Assistant Professor
PhD in Electronics and Communication Engineering, Indian Institute of Space Science and Technology

HEMANT CHOUHAN

Associate Professor
PhD in Mechanical Engineering (Composites and Ballistics), Indian Institute of Technology Delhi

ASHITAVA GHOSAL

Professor and Senior Associate Dean
PhD in Mechanical Engineering, Stanford University, USA

VISHAL NIRGUDE

Assistant Professor
PhD in Mechanical Engineering, Indian Institute of Technology, Indore

HITESH SHRIMALI

Professor
PhD in Electronics Engineering, Indian Institute of Technology Delhi

NAND KISHORE SINGH

Associate Professor
PhD in Mechanical Engineering, Indian Institute of Technology Dhanbad

AKHOURY SUDHIR KUMAR SINHA

Professor
PhD in Chemical Engineering, Banaras Hindu University

Faculty Achievements

Keyur Joshi
Assistant Professor

Received design registration for his work on Smart Water Flow Measurement Device. (Design registration number: 444080-001)

Maryam Kaveshgar
Assistant Professor

- Elected as IEEE ITSS Vice President for Outreach. (Term beginning November 2024)
- Mentored student team awarded IEEE EPICS Grant for the project Biomimicking Autonomous Underwater Vehicle with SONAR Imaging — one of the few projects from India to secure this global funding.

Snigdha Khuntia
Assistant Professor

Received design registration for her work on Spiral Photocatalytic Reactor for Gaseous NOX Oxidation with doctoral student Parveen Dalal and Professor Sridhar Dalai. (Design registration No. 456669-001)

Dhaval Patel
Associate Professor

- Received Best Research Paper Award in the IEEE 17th International Conference on COMMunication Systems and NETWORKS (COMSNETS) 2025 organised by IEEE / ACM COMSNETS Association in January 2025.
- Promoted as an IEEE Senior Member by IEEE, USA in February 2025.

Sanket Patel
Associate Professor

- Granted patent for his work on Integration and Control of Glucose Monitoring and Insulin Delivery Device with alumni Mohammedumar Khalak and Drashti Soni. (Application No. 202421007192)
- Granted patent for his work on Cassette and Hub System for Dispensing Medication with alumnus Aharnish Pithva. (Application No. 202421021686)

Akhand Rai
Assistant Professor

Featured in Stanford University's World's top 2% scientists 2024 list.

Aditi Singhal
Assistant Professor

Selected for the Scientific High Level Visiting Fellowship, September 2024 by the French Institute in India (IFI).

Mazad Zaveri
Associate Professor

Served as an Invited member of the Executive Committee, IEEE Intelligent Transportation Systems Society, Gujarat section for the year 2024.

Event

Ingenium 2025

The 10th edition of the Technology Festival, comprising workshops, conferences, competitions, and more, was organised in March. More than 1000 students representing Ahmedabad University, Indian Institute of Technology Gandhinagar, Sardar Vallabhbhai National Institute of Technology, Indian Institutes of Information Technology Guwahati, Maharaja Sayajirao University, Nirma University, LD College of Engineering, Pandit Deendayal Energy University, and more participated.

Workshops

Process Modelling and Simulation Using Aspen Plus | March 8-9, 2025

A two-day Aspen Plus workshop introduced 100 participants to process modelling and simulation, covering steady-state design, troubleshooting, and optimisation. Professors Dharamashi Rabari and Sridhar Dalai led the workshop.

Heat Integration using Aspen Energy Analyser | September 28, 2024

The workshop introduced 75 participants to Pinch technology and its principles for designing energy systems. Participants also gained practical skills in designing heat exchanger networks using the Aspen Energy Analyser. Professors Dharamashi Rabari and Sridhar Dalai led the workshop.

Brain-Computer Interfaces: Exploring Neuroscience, AI, and Signal Processing | March 28-29, 2025

Organised as part of IEEE Education Activity Week, the event was a collaboration between Ahmedabad University, Pandit Deendayal Energy University (PDEU), and National Forensic Sciences University (NFSU), along with the IEEE student branches of PDEU. The workshop had 85 participants. Professor Dhaval Patel led the workshop.

Emerging Trends and Applications in CSE Domain | April 25, 2025 and May 7, 2025

The workshop offered 75 participants a comprehensive understanding of the latest trends and applications in computer science and engineering, covering areas such as Data Science, Artificial Intelligence, Machine Learning, Cybersecurity, and the Internet of Things (IoT). Professor Kuntal Patel led the workshop.

Conferences

Composites Industries National Conference and Exhibition 2024 | August 9 -11, 2024

Various stakeholders, including Ahmedabad University, Composites Excellence Centre of Asia (CECA ASIA), Vadodara, and Ahmedabad Textile Industry's Research Association (ATIRA), jointly organised the Composite Industry National Conference and Exhibition (CINCE) 2024 to foster collaboration between academia and industry in the composites sector. This cooperation aimed to drive technological advancements and create new opportunities for research and development in composites. Other stakeholders included IIT Gandhinagar, Nirma University, Space Society of Mechanical Engineers (SSME), ISRO Ahmedabad, Navrachana University, PDEU, ASM International, and International Automobile Centre of Excellence (iACE).

GeneRative AI for Nurturing Sustainable Agriculture (GRAINS) 2024 | October 25 - 26, 2024

The conference, held in collaboration with the Indian Society of Agricultural Information Technology (INSAIT), brought together experts, including technologists, researchers, academicians, government officials, and industry specialists, to discuss and explore the potential role of AI in agriculture and the need to make it accessible to all.

Industrial Visits

Arvind Composites | February 21, 2025

Professor Hemant Chouhan organised a field visit to Arvind Composites in Ahmedabad for MTech students. The visit provided insight into composite processing techniques and practical exposure to industrial applications in the structural composites sector.

elnfochips | March 26, 2025

MTech and BTech students in the Computer Science and Engineering programme visited elnfochips. They received an overview of various research and development areas and learned about opportunities to build a career in engineering. Dr Hemal Shah, a manager at elnfochips, explained various interesting projects. Professors Mazad Zaveri, Jayendra Bhalodiya, Kuntal Patel, and Keyur Joshi facilitated the visit.

18th IEEE International Conference on Vehicular Electronics and Safety (ICVES) 2024 | December 16-19, 2024

Held at the University campus, marking its return to India after a decade, the conference brought together experts from industry and academia for theoretical discussions and practical sessions, focusing on various vehicular and road safety aspects. It emphasised leveraging emerging technologies such as artificial intelligence (AI) and machine learning (ML) to improve safety outcomes. The event confirmed AV development's interdisciplinary nature and the need for collaboration across technological, policy, and societal sectors, along with strong industry-academia partnerships.

Body Armour Lab, IIT Delhi | April 11-16, 2025

Professor Hemant Chouhan led MTech Composites students on a technical visit to the Body Armour Lab at IIT Delhi. The trip provided hands-on exposure to the design, manufacturing, and testing of ballistic protection systems.

Student Achievements

Vishv Boda, Deep Patel, Subrat Jain and Nirav Shah
Bachelor of Technology in Computer Science and Engineering

Won first prize in the 20-hour SocioHack Hackathon held at IIT Gandhinagar during February 14-15, 2025 as part of Blithchron'25.

Aadya Chinubhai
Bachelor of Technology in Computer Science and Engineering

Developed a software named 'ChainoPy: A Python Library for Markov Chain based Stochastic Analysis'. He authored a paper based on this work which was published in the Journal of Open Source Software.

Raj Dave
Bachelor of Technology in Computer Science and Engineering

Awarded the Best Research Paper Award-Main Track and the Best UG Presentation Award at the 17th International Conference on COMMunication Systems and NETWORKS (COMSNETS) 2025 with Professor Dhaval Patel.

Meet Rathi, Harsh Panchal, and Aryan Sukhadia
Bachelor of Technology in Computer Science and Engineering

Secured second place in the ISEC Software Defect Challenge 2025 at the 18th Innovations in Software Engineering Conference on February 21, 2025.

Rajeshree Liya
Doctoral Candidate

Received the 'Rasila Kadia Fellowship' to attend the 'International Conference on Catalysis, Chemical Engineering and Technology' (CCT2025), held during June 2-4, 2025, in Rome, Italy to present her research, Platinum-Incorporated Nickel Iron Oxide as a High-Performance Electrocatalyst for the Oxygen Evolution Reaction: Elucidating Substitutional and Support Strategy.

Akanksha Sharma
Doctoral Candidate

Received the Best Oral Presentation award for her work Electrochemical CO₂ Conversion: From Industrial Emissions to Green Chemicals and Fuels at the 3rd Chemical Catalysis Conference 2024 held at IIT Gandhinagar during December 6-9, 2024.

Srishti Sharma
Doctoral Candidate

Won first prize for presenting her research work at the Two-Minute Thesis Competition held at Ahmedabad University on April 16, 2025.

Guest Lectures

Jaimin R. Vasa, Chairman and Managing Director, Vasa Pharmachem Pvt. Ltd., India. *Empowering Tomorrow's Leaders: The Importance of Research and Development*, and Innovation for Students. September 18, 2024.

Faizal Gupta, Co-Founder, Logik, USA. *Navigating the SaaS Landscape: Insights from Logik.io and Industry Trends*. September 23, 2024.

Dipankar Choudhary, Deputy Chief Technical Officer, Ansys Inc., USA. *Physics-based Simulation in Research and Education: Current Practices and Key Initiatives*. November 2, 2024.

Research Seminar Series

Amit Kumar Singh, University of North Texas, USA. *Microstructure- Mechanical Property Relationships for Additively Manufactured Aluminium Alloy*. July 10, 2024.

Bryan Ranger, Boston College, USA. *Advancement in AI/ML for Low-cost Portable Ultrasound*. July 15, 2024.

Manish Bhaiyya, RBU University. *Biosensors in Point-of-Care-Testing Applications*. July 25, 2024.

Nand Kishore Singh, Rowan University, USA. *Additive Manufacturing, Coating, and Design of Polymer and Polymer-based Composite Materials*. July 26, 2024.

Ajay Kumar Pandey, Homi Bhabha National Institute, Gandhinagar. *Guided and Leaky Modes Characteristics of Dielectric Loaded Helix Structure and its Application to Leaky Wave Antennas*. July 31, 2024.

Pathik Pathak, University of Southampton, UK. *Introducing Justice-Adjusted Statistics: The Application of Quantitative Critical Race Theory to Aid Flow in 2023*. August 27, 2024.

Harish N Mirajkar, Polish Academy of Sciences, Poland. *Dynamics of Forced Plumes in Stratified Environments: Insights from Experiments and Applications to Environmental Flows*. January 10, 2025.

Jay Airao, Aarhus University, Denmark. *Machining Process: Exploring Fundamentals, Sustainability, and Data-driven Approaches*, January 21, 2025.

Pradip Munshi, Consultant and Visiting faculty, BIT Mesra, Ranchi. *Green Chemistry Practices in Industry*. November 19, 2024.

Hemal Shah, Project Manager, elfochips. *From Microcontrollers to Smart Devices: The Evolution of Embedded Systems*. February 19, 2025.

Abhishek Sharma, Director, Software Engineering, Bain & Company. *Navigating Tech Career Opportunities in Consulting and Global Capability Centers*. March 21, 2025.

Karan Maniar, Assistant Manager, KPMG India. *Exploring the Purple Team: Bridging Cyber Defense and Offense*. March 27, 2025.

Pritam Bari, TU Dresden, Germany. *Cutting Mechanics and Stability of Serrated End Mills*. January 23, 2025.

Rahul Mishra, Ulsan National Institute of Science and Technology, South Korea. *3D Transition of the Flow Past an Elastically Mounted Circular Cylinder*. January 27, 2025.

Shashi Prabh, Ahmedabad University. *Schedule Generation Using Knowledge Base for Contention-Free Medium Access in IoT Networks*. February 19, 2025.

Arpan Kusari, University of Michigan Transportation Research Institute, USA. *Generating Broken Lens Camera Failures as a Class of Physics-based Adversarial Examples*. February 24, 2025.

Ana Rita C. Duarte, NOVA University, Lisbon. *Natural Deep Eutectic Solvents: Properties and Applications*. March 3, 2025.

Vishal Nirgude, Seoul National University, South Korea. *From Enhancement of Nucleate Boiling to Debris Bed Quenching and Flow Visualization: A Journey Through Two-Phase Heat Transfer*. March 3, 2025.

Subhra Mazumdar, Indian Institute of Technology Indore. *Blockchain-Enabled Privacy-Preserving Data Auditing for Secure Cloud Storage*. March 5, 2025.

Amol Gedam, Indian Institute of Technology Ropar. *DC-Link Ripple Dynamics in Voltage Source Inverters: Analysis, Modelling and Minimization*. June 13, 2025.

RESEARCH

School of Engineering and Applied Science

STUDENT PRESENTATIONS

Bhavsar, Y., Zaveri, M., Raval, M. S., & Zaveri, S. (2024). U-UTM: A Cyber-Physical System for Road Traffic Monitoring Using UAVs. *18th IEEE International Conference on Vehicular Electronics and Safety (ICVES)*, Ahmedabad University, Ahmedabad, India, December 17-19.

Rathi, M., Sukhadia, A., & Panchal, H. (2025). Bug Priority Prediction using Fine-Tuned LLaMA 3.2. *18th Innovation in Software Engineering Conference (ISEC 2025)*, Kurukshetra, India, February 20-25.

Sharma, A., Yati, Sanyam, Mondal, A., Sharma, S., & Singhal, A. (2025). CO₂ Electroreduction Using Cu Supported Co304 Catalyst For Multi-Electron Product Formation via Metal Support Interaction. *6th International Conference on Green Energy and Environmental Technology*, Kuala Lumpur, Malaysia, June 2-3.

Singh, A., & Khuntia, S. (2024). Ultrasound Activated Sulfate Radical for Degradation of Ciprofloxacin in Wastewater. *77th Annual Session of the Indian Institute of Chemical Engineers: Indian Chemical Engineering Congress (IIChE CHEMCON 2024)*, National Institute of Technology, Jalandhar, India, December 27-30.

The Ahmedabad Design Lab, a pioneering initiative, is the central hub for research, practice, and teaching, dedicated to understanding and addressing complex societal challenges. It leverages design as an integrative force, seamlessly combining knowledge from various disciplines to foster innovative problem-solving.

The Lab seeks to create practical, equitable, and sustainable solutions by connecting design with ideas, methods, and knowledge from the University and society.

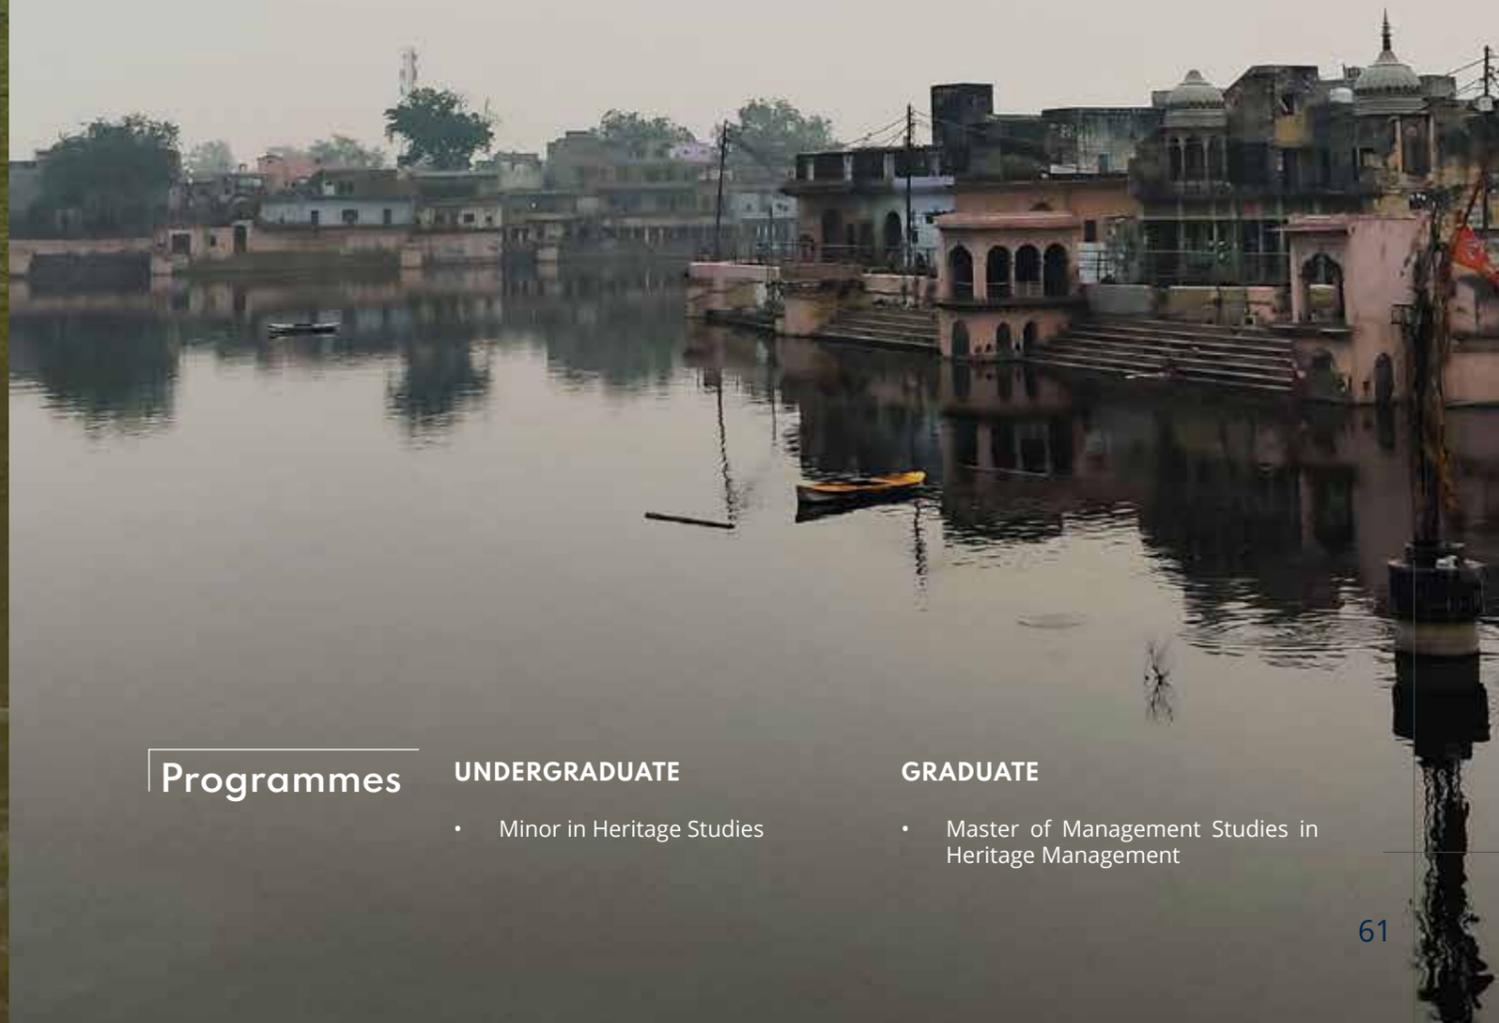

The Lab's engagement extends to industries and organisations, offering programmes and workshops that use design as a catalyst for managing change. It facilitates innovative solutions that drive progress by encouraging the industry to challenge the status quo.

- Programme** **UNDERGRADUATE**
- Minor in Design

The Centre fosters critical engagement with heritage and strategic management interventions in various heritage sectors through research, education, and collaborations. Geared towards capacity-building, the Centre empowers professionals, from government to individuals, through programmes and initiatives to interact, manage, and conserve heritage.

Some of these initiatives include research projects such as the European Union-funded Cultural Heritage Venture Lab; a community-based Heritage Learning Lab and a technical conservation lab; the international workshop on intangible cultural heritage and sustainable development (in partnership with UNESCO Bangkok, Asia Pacific Higher Education Network for Safeguarding Intangible Cultural Heritage (APHEN-ICH), Jadavpur University, University of Liverpool, and ICHCAP South Korea); outreach programmes like the annual International Conference series and the Centre's Journal of Heritage Management, among others. Internationally, the Centre is a founding and active member of the APHEN-ICH. It is also a member of the Asian Academy of Heritage Management (AAHM) for the Asia Pacific region.

This year, a key highlight for the Centre was collaborating with the Indira Gandhi National Centre for the Arts (IGNCA) on research, joint conferences, exhibitions, and other cultural and academic events. It also completed its two-year term as the APHEN-ICH Secretariat, during which it coordinated international conferences and workshops in Ahmedabad, an ICH field school in the Philippines, and the General Assembly and Conference in Kathmandu, Nepal.

Programmes

UNDERGRADUATE

- Minor in Heritage Studies

GRADUATE

- Master of Management Studies in Heritage Management

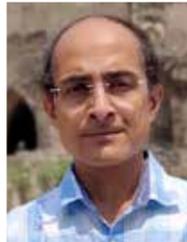

New Faculty

ADITYA GHOSH

Professor

PhD in Human Geography, University of Heidelberg, Germany

Faculty Achievements

Neel Kamal Chapagain

Professor

- Selected for "East West Center (EWC) – Association of Asian Studies (AAS) Research Innovation and Collaboration Exchange (RICE) Fellowship" 2023 - 24.
- Invited to serve as a Mentor for Early Career Researchers (2024 – 2025) Asia Pacific Research Forum for safeguarding Intangible Cultural Heritage, International Research Centre for Intangible Cultural Heritage in the Asia Pacific Region (IRCI), a UNESCO C2C in Japan.

Aditya Prakash Kanth

Assistant Professor

- Elected to the Fellowship of the International Institute for Conservation of Historic and Artistic Works, UK.
- Nominated as Convenor of Bureau of Indian Standard's (BIS) Technical Committee TC 46 for the adoption of ISO 23404 titled "Information and documentation — Papers and boards used for conservation — Measurement of impact of volatiles on cellulose in paper".

Molly Kaushal

Professor and Director

- Nominated as Member Board of Studies in Theatre and Film Production, Punjabi University, Patiala.
- Nominated as Member, Board of Studies in Hindu Studies, KJ Somaiya Institute of Dharma Studies, Mumbai.
- Trustee of National Folklore Centre, Chennai.
- Invited as an Expert on Traditional Knowledge to UNESCO Workshop on Living Root Bridges in Meghalaya, Government of Meghalaya. Participated as an Expert on Traditional Knowledge, Government of Meghalaya and UNESCO, May 27-28, 2025

Events

Heritage Management Practicum Symposium | September 4, 2024

Students shared their reflections on their field experiences conducted with organisations in diverse regions across India. These included the Ladakh Arts and Media Organisation, Labyrinth - The Design Experience, HCP Archives, Banglanatak dot com, and IGNCA, among many others.

Revelations in Lights: The Photographic Mastery of Raja Deen Dayal | October 17-22, 2024

The exhibition, curated by the Cultural Archives and Conservation Division of the IGNCA, showcased a collection of photographs by Raja Deen Dayal. The images provide a unique look into 19th-century India's culture, society, architecture, and urban landscapes.

Ganga Kinare - The Story of Banaras | February 5, 2025

Students of Class of 2026 organised an exhibition to showcase their work from an immersive field study in Varanasi. The event explored the city through various themes, including architecture, craft, faith, tourism, and ecology.

Workshops

International Workshop on Redefining Tangible and Intangible Cultural Heritage: Exploring Global Perspectives and Practices | September 22-25, 2024

The Centre, in collaboration with Jadavpur University and the University of Liverpool, organised a four-day workshop. The event brought together scholars and experts to discuss sustainability, economics, and heritage preservation. The workshop examined traditional notions and discourses of heritage, sociocultural, historical, and political contexts that give rise to specific discourses, taxonomies, definitions, and management frameworks.

Wall Painting Conservation Workshop | January 7-8, 2025

The Centre, in collaboration with the Museums Association of India, conducted a workshop at the 200-year-old Rangnathswami Temple in Pushkar. The event introduced participants to the factors behind the deterioration of wall paintings, highlighting their inherent vulnerability.

Architectural Heritage Research and Documentation | February 8-10, 2025

The Centre hosted a workshop for the National Association of Students of Architecture (NASA) on Architectural Heritage Research and Documentation as part of the Louis I. Khan Documentation Programme in Ahmedabad. This workshop focused on integrating heritage perspectives into architectural practice, emphasising the importance of research and documentation in the study of architectural heritage.

Workshop on the Basics of Heritage Conservation | October 16, 2024

The Centre, with the students of Elixir Foundation of Ahmedabad, conducted a workshop on its campus. The workshop emphasised that conservation is a critical discipline for safeguarding cultural heritage, which serves as a vital link between the past, present, and future.

Field Visits

Heritage Field Immersion to Varanasi by First Year Students | December 16-21, 2024

Students from the Class of 2026 visited Varanasi to cultivate a comprehensive understanding of Varanasi's cultural and intellectual heritage. The field visit included academic lectures and onsite workshops by practitioners, area experts, and professors organised by IGNCA, Regional Office Varanasi. The students explored Varanasi's tangible and intangible heritage in-depth. The field immersion also included visits to Prayagraj and Sarnath.

Field Visit to Kutch | March 2-9, 2025

As part of a field-based course on Indigenous Knowledge Systems, students undertook a week-long field-study in Kutch, exploring the region's rich cultural heritage and its deep connections to community, ecology, and local traditions. They critically engaged with various indigenous knowledge systems, examining how heritage adapts to changing environmental, social, and economic landscapes.

Projects

Content Research, Narratives and Display for Veer Balak Uddyan

The Directorate of Archaeology and Museums, Government of Gujarat, assigned the Centre to develop the content for a theme park dedicated to child heroes in Indian history. The project identified over 80 characters from different periods and regions of India. The Centre developed 78 narratives for these heroes, complete with virtues, psychological patterns, and colour symbolism, and provided detailed display guidelines for the entire park.

A Study on Anthropological Practices: Understanding Natural Conglomeration for Maha Kumbh 2025

The Poverty Alleviation Department of the Government of Uttar Pradesh invited Ahmedabad University to conduct an anthropological study of the Maha Kumbh 2025. The project was a collaboration between the University's Centre for Heritage Management (CHM) and the School of Arts and Sciences (SAS), in partnership with the Indira Gandhi National Centre for the Arts (IGNCA). A final report and documentary have been submitted to the Ministry, and a monograph is in progress.

Student Achievement

Nishra Shah

Master of Management Studies in Heritage Management

Conducted a tie and dye workshop with women in Deogarh, Rajasthan, on September 19-20, 2024, to empower them through community participation. This workshop, in collaboration with Uttishtha Foundation, was part of the crafts initiative to encourage traditional tie and dye techniques in the contemporary context.

Guest Lectures

Kishwar Desai, Director, Partition Museum, Amritsar/Delhi. *Museum, Memory, and Difficult Heritage*. September 13, 2024.

Rimi Khan, Senior Lecturer, National University of Singapore, Singapore. *Creative Economies*. October 14, 2025.

Sachchidanand Joshi, Member Secretary, Executive, and Academic Head, Indira Gandhi National Centre for the Arts, New Delhi. *Connecting Through Culture: An Overview of India's Soft Power Strength*. October 17, 2024.

Rimpesh Sharma, Managing Director, Ingenious, Studio Design and Architecture Firm, Gurugram. *Heritage Projects: Design and Management*. November 13, 2024.

Shrivatsa Goswami, Director, Chaitanya Prem Sansthan Vrindavan, India. *Vraja: A Continuous Creation*. January 22, 2025.

Jack Hawley, Professor, Columbia University, USA. Vrindavan in the Crucible of Times. March 12, 2025.

Urmila Mohan, Anthropologist of Material Culture. Rajkot *Patola as a Modern Art*. March 26, 2025.

Ravindra Khandwala, Professor, H K College, Ahmedabad. *Temple Economy and Management*. March 28, 2025.

Centre for Inter-Asian Research

Established in August 2021, the Centre brings together scholars and practitioners to reimagine the cultural, political, and economic relationships across the continent. The Centre focuses on collaborative research projects across India and Asia and supports interdisciplinary research and teaching across the Schools at Ahmedabad University.

Why Inter-Asian Research

Over 60 per cent of the world's population today lives in Asia. However, one is unaware of the relationships between Asian nations and their cultures and societies. The lack of knowledge is alarming in a context where big regional problems, such as political, economic, cultural, or social, require mutual understanding and cooperation. India is one of the most prominent nations in Asia and has one of the largest educational systems. Strangely, no research centre in India focuses on Asia, necessitating the need for intellectual leadership for India and the region.

Kaushal, M. (2024). River Consciousness in Indian Thought, Literature and Popular Culture. *Riverine Cultures*, Indira Gandhi National Centre for the Arts, New Delhi, India, September 19-21.

Kaushal, M. (2024). Safeguarding the Riverine Cultures of India. *Riverine Cultures*, Indira Gandhi National Centre for the Arts, New Delhi, September 19-21.

Kaushal, M. (2025). Is Folk all about Song and Dance? Aesthetics, Knowledge Systems and Discourse. *Annual Festival of Letters, Sahitya Akademi*, New Delhi, India, March 7-12.

Kaushal, M. (2025). Precolonial, Colonial and Postcolonial Heritage Discourse in India. *Art, Culture, and Values in India and Europe: Exchanges, Influences, and Evolving Dynamics*, Guru Gobind Singh Indraprastha University, Delhi, India, May 1-2.

Workshop

A Symposium: Spatial Politics across the Indian Himalayas | December 2, 2024

The symposium highlighted the need to update the academic vocabulary surrounding “land” as a category. The speakers highlighted varied ways of possessing land, belonging to a land, and even the geological fixity of land that can no longer be taken for granted, given contemporary political, cultural, and ecological shifts.

Speakers

Aditi Saraf, Assistant Professor, Department of Cultural Anthropology, Utrecht University

Khusdeep Kaur Malhotra, Assistant Professor, School of Arts and Sciences, Ahmedabad University

Suchismita Das, Assistant Professor, School of Arts and Sciences, and Fellow, Centre for Inter-Asian Research, Ahmedabad University

Moderator

Maya Ratnam, Assistant Professor, School of Arts and Sciences, Ahmedabad University

Knowledge Platforms

Indian Ocean and Beyond: Outward Bound from Gujarat

Webinar and publication series, in collaboration with the Centre for Indian Studies in Africa (CISA), University of Witwatersrand, Johannesburg, South Africa, began in July 2022. The third edition, launched during the academic year 2024-2025, covers a range of research themes pivoted around the Indian Ocean and its littoral.

A. R. Venkatachalapathy, Madras Institute of Development Studies. *Swadeshi Steam: V. O. Chidambaram Pillai and the Battle against the British Maritime Empire* (2023). October 22, 2024.

Shireen Hamza, Northwestern University, USA. *Islam, Medicine and Masculinity, from Medieval Yemen to Gujarat*. November 29, 2024.

Sundara Vadlamudi, American University of Sharjah, UAE. *Migration and Settlement of Tamil Muslims in Penang, 1780-1840*. March 28, 2025.

Andrew J. Eisenberg, New York University Abu Dhabi, UAE. *Sounds of Other Shores: The Musical Poetics of Identity on Kenya's Swahili Coast*. May 2, 2025.

Perceptions of Risk in the Himalayas

The webinar series critically interrogates how notions of 'risk' shape the materiality, geopolitics, cultural articulations, history, and perceptions of the Himalayas. Launched in December 2023, this multidisciplinary webinar series features earth scientists, anthropologists, artists, historians, ecologists, and others, generating new insights and questions, both about the Himalayas as a region and risk as a concept.

Radhika Govindraj, University of Washington, USA. *Risky Intimacies: Migration, Demography, and Intimacy in Uttarakhand*. August 6, 2024.

Rohit Naniwadekar, Nature Conservation Foundation, Mysore. *Of Heron, Hornbills and Humans: Stories of Survival and Connections in the Eastern Himalaya*. October 8, 2024.

Minket Lepcha, University of Manitoba, Canada, and Jenny Bentley, Universität Zürich, Switzerland. *Living with the Teesta River- Disasters, Vulnerabilities and Other-than-human Relations in the Eastern Himalaya*. November 5, 2024.

Centre for Learning Futures

CENTRES

The Centre designs and implements initiatives to support teaching and learning at the University. It offers academic reading and writing courses and study skills workshops. Through its Learning Initiatives, the Centre provides opportunities for curricular experimentation, pedagogic innovation, and platforms for integrating learner-centric technological solutions in higher education.

Programme

Post Graduate Diploma in Translation and Creative Writing

The Programme combines skills in literary translation, creative writing, and publishing using a variety of online courses, offline workshops, and hands-on studios.

Student Achievements

Punarvasu Joshi
PG Diploma in Translation and Creative Writing

Translated *The Mad House* by Gyan Chaturvedi, published by Niyogi Books. Link: <https://niyogibooksindia.com/books/the-mad-house/>

Gokul Sreekesh Prabhu
PG Diploma in Translation and Creative Writing

Nominated for the Debajyoti and Sikha Translation Fund (2025) by the Antonym Council of Global Arts and Literature.

Guest Lectures

Karthika VK, Publisher, Westland Books, New Delhi. *Evolution of Publishing in India*. September 28, 2024.

Perumal Murugan, Author, Chennai. *Art of Translation*. October 19, 2024.

Nandini Krishnan, Author. *History of Translation*. October 5, 2024.

Arundhati Subramanian. Poet and Author. *Aspects of Poetry and Craft*. November 30, 2024.

Sunil Shanbag, Theatre Director and Producer, Mumbai. *Translating for Performance: Challenges and Inspirations*. December 16-17, 2024.

Saumya Malviya, Professor, Indian Institute of Technology Mandi. *Translating Tradition*. December 19-20, 2024.

Engagement and Application Based Learning and Education (ENABLE)

The unique framework facilitates learning by engaging students with their context and environment, enabling the application of concepts to real-world problems. It empowers students to take charge of their learning through various techniques, with faculty acting as facilitators. In the past academic year, the Centre offered over 90 courses over two semesters, which engaged 5026 students.

ENABLE courses for 2024-25 included:

- A Glimpse into the World of Hindustani Music
- Analysing Corporate Annual Report
- Applied Social Psychology and Select Laws in India
- Archives of Artistic Practices in Modern South Asia
- Biomimicry With Playfulness
- Business to Business Marketing
- Can Innovation and Entrepreneurship Drive Economic Growth While Balancing Social and Environmental Priorities?
- Caste and Contemporary
- Catalysis and Catalytic Processes
- Chemical and Bio-Chemical Engineering Thermodynamics
- Chemical Process Simulation
- City as Text
- Cloud Computing
- Comparative Political Behaviour: Voters and Political Parties in India and the World
- Computer Graphics and Digital Image Processing
- Computer Vision: Modern Methods and Applications
- Conversational Japanese - I
- Conversational Japanese - II
- Culturing the Voice
- Dark Side of Organisation
- Design Thinking and Problem Solving
- Development and its Discontents
- Digital Marketing
- Economy and Society
- Embedded Systems Design
- Environment and Sustainability
- Evolutionary Biology
- Exploring Studio Art
- Exploring the Black Box
- Fundamentals of Design
- Fundamentals of Drawing
- Fundamentals of Music and Sound
- Fundamentals of Painting
- Fundamentals of Photography
- Fundamentals of Theatre and Theatricality
- Government Secrecy and Intelligence Studies
- Health Psychology
- Heritage and Business: Designing Heritage Experiences
- Hindi Short Story
- History of the 'Social'
- Human Computer Interaction
- Identity, Inequality, and Difference
- Inside Indian Music
- Interactive Media and Visualisation
- Interaction Design and User Experience
- Internet of Things
- Introduction to Plant Biology
- Introduction to Prompt Engineering
- Introduction to Research Methodology
- Journalism and Engaging with Media
- Living Heritage Approach and Sustainable Development
- Luxury Marketing
- Machine Learning Theory and Practice
- Mapping Society: An Introduction to Spatial Thinking, Cartography and GIS
- Marketing Research
- Marketing Strategy using MARKSTRAT simulations
- Music and Society
- Narratives and Artistic Media
- Organisational Behaviour
- People Analytics
- People Practices and Decision Making
- Political Psychology
- Pollution Control
- Product Dissection and Realisation
- Psychological Assessment and Testing
- Psychology of Emotions
- Self and Society in the Study of Religion
- Science Communication using Digital Media
- Seeing Photographs
- Social Behaviour and Public Policy
- Social Network Analysis
- State and Society
- Strategic Branding and Packaging Design
- Strategy for Management of Cultural Organisations in a Changing World
- Street Theatre: Raise the Voice
- Sustainability and Circular Economy
- Sustainability, Business, and Society
- Supply Chain Management
- Technology, Design, and Business Models
- Theatre and Society
- Understanding Human Figure Through Drawing and Painting
- Urban Heritage Management
- Urban Informal Economy
- Venture Studio Fellowship
- Visual Communication and Graphic Design
- Within the World of Cities

Generative AI Sessions

The Centre organised a series of Generative AI workshops to highlight the diverse applications of artificial intelligence across different contexts. The sessions were organised for the University Administration, Human Resources team members, the student run Entrepreneur's Club, and the Literary Club.

Semester End Exhibitions

The Semester End Exhibitions provide a platform for students and faculty to showcase the diverse outputs from their courses, marking the conclusion of the semester. In the past academic year, between November 2024 and April 2025, over 50 courses participated, with over 100 unique project outcomes exhibited. These outcomes included posters, photographs, performances, 3D models, working prototypes, coffee table books, computer applications, and presentations.

Learning Coalition

The Centre has set up a collaborative workshop, Learning Coalition, to advance the practice of project-based and experiential learning courses. It organises a series of workshops covering several aspects of teaching and learning with faculty from all Schools.

Design Thinking Workshop led by faculty Dr Mohan Kancharla, an Independent Advisor and a former Strategic Advisor at Tata Consultancy Services, was organised on July 29, 2024, with 20 participants.

Independent Study Period

The Independent Study Period (ISP) allows students to explore their passions and go beyond the classroom, making their academic learning truly interdisciplinary and their conceptual understanding more experiential. The Centre designed ISP 2024 around "Grand Challenges", focusing on societal problems from sustainability to oil spills and urbanisation. Over 250 students enrolled in 10 courses wherein each student project uniquely integrated Generative AI to address these issues.

New Faculty Programme

Organised from July 18-20, 2024, the Centre oriented and inducted new faculty into the University's academic environment and the opportunities available to them. The Centre also conducted sessions on course design. Nearly 33 new faculty members and senior staff from across schools attended the workshops, which comprised over 14 sessions.

Ahmedabad Junior Scholars Programme: Mathematics

The programme bridged the gap between the theoretical coursework of a school-bound syllabus and the ground realities of exploring the undercurrents of mathematics. The four-day residential programme, comprising 18 participants, enabled learning through academic sessions and direct interactions with subject-matter experts.

Teaching Assistants Orientation Programme

The Centre conducted a two-day orientation programme for incoming Teaching Assistants (TAs) on February 19, 2024. They participated in a series of workshops focused on "how to manage a classroom" and attended a session on the Library and Learning Management System (LMS). Additionally, the Centre arranged one-on-one meetings between TAs and their respective faculty for area-specific training. A total of 54 TAs attended the workshop, which comprised eight sessions led by nine Facilitators.

Course Design Institute

The three-day workshop, under the Ahmedabad Learning Dialogues umbrella, held on April 3-5, 2025, focused on designing interdisciplinary courses that emphasise experiential learning, experimentation, and research-based approaches. Around 18 academic practitioners from various institutions across India participated in the workshop, which featured seven intensive sessions covering topics, including integrating interdisciplinary ideas, designing hands-on projects, implementing interactive pedagogies, and creating assessments.

General Skill Assessment

The General Skill Assessment evaluates a student's English proficiency and identifies gaps between the skills acquired at the school level and those required for University studies. Nearly 844 students participated in the evaluation for the academic year 2024-25.

Writers' Studio

The Studio, through holistic and scholastic guidance, ensures that each student benefits from personalised interaction with tutors, cultivating a nuanced understanding of academic writing. It aims to contribute to students' growth and performance and nurture transparent communication channels. The Writers' Studio, an integral component of Communication courses, is dedicated to refining academic writing skills, specifically focusing on creating an Expository Essay. Over the past academic year, the Studio guided 586 students, cultivating a conducive learning environment.

Ahmedabad Grand Challenges Programme

The unique programme, designed for outstanding Grade X, XI, and XII students, immerses them in an academically rich environment, providing them with the experience of a liberal education-based research University. Nearly 38 highly motivated high school students participated in the eight-day on-campus programme, which commenced on June 28 - July 5, 2024. Students collaborated in teams to address a real-life air quality challenge, approaching the problem and developing solutions through various disciplinary perspectives.

The Conversation Lab

The Conversation Lab, an activity-based component, requires students to complete self-paced MOOCs, which enhances their listening, critical thinking, analytical, conversational, and interpretative skills. This enables students to engage more effectively in academic discourse. In total, 387 students participated in the lab.

Language Lab

The Language Lab equips students with the skills to formulate and deliver professional presentations. Through a structured process, students learn to initiate topics, conduct thorough research using scholarly sources, assimilate information, and present it effectively. It fosters a comprehensive understanding of presentation methodologies, encouraging students to apply and refine these skills in subsequent in-depth presentations on different topics. In the past academic year, 976 students participated in the lab.

Digital Curve

Digital Curve, a Centre initiative, brings the power of computation and digital technology to enhance all aspects of teaching, learning, and research. This initiative includes the Digital Lab, a dedicated space where students work on digital technology and new media projects. The initiative offered two courses, engaging 150 students who produced around 80 projects.

- Interactive Media and Visualisation
- Science Communication Using Digital Media

Illustrated Science

Illustrated Science Magazine curates the semester-long efforts of the undergraduate students in the science communication using digital media course. The initiative brought out two editions of the magazine: Monsoon 2024 (Third Issue) and Winter 2025 (Fourth Issue).

Biome: Science Exhibition

Biome explored the heterogeneity and dynamic relationships defining species' survival in natural and urban environments. This exhibition delved into the complexities of survival, adaptation, and coexistence. Through board games, interactive media, digital simulations, and quizzes, Biome invited people to reflect on the intricate systems that sustain life on Earth and our roles in shaping them. This project was a collaboration with the Ecology, Environment, and Climate Change Cluster at the School of Arts and Sciences, involving four mentors and five students.

Centre for Learning Futures

BOOK CHAPTER

Bansal, J., Gurganus, J., Lucas, C., & Nitz, M. (2024). Inclusion of Inter and Multi-disciplinary Experiences Through the Adoption of Experiential Learning in Undergraduate Engineering. In R. Kandakatla, S. Kulkarni, & M. Auer (Eds.), *Academic Leadership in Engineering Education: Learnings and Case Studies from Educational Leaders Around the Globe* (143-161), Cham: Springer.

INVITED LECTURES

Bansal, J. Blended Learning: Immersive, Affordable & Relevant. Agile Ahmedabad 2024 Conference, Silver Oak University, Ahmedabad. November 22-23, 2024.

Bansal, J. Opportunities and Challenges for Interdisciplinary Learning in Indian Education. Regional Research Symposium on Project Based Learning 2024, Anurag

University, Hyderabad. December 19, 2024.

Bansal, J. AI in Sustainable Higher Education: Opportunities and Challenges. Fifteenth International Staff Teaching Mobility Program, University of Applied Sciences, Nysa, Poland. May 19-23, 2025.

International Centre for Space and Cosmology

The Centre drives cutting-edge research in Space, Astrophysics, and Cosmology, trains the next generation of researchers, and advances public understanding of the Physics domain. The Centre disseminates crucial developments in these areas, encouraging young students to pursue research in these critical domains.

Faculty Achievement

Pankaj Joshi
Distinguished Professor of Physics
Director

- Listed as one of the World's Top 2% Scientists by Stanford University in 2024. He has also been recognised for his career research in 2023, 2022, and 2021.
- Received the Soham Memorial Award for Innovation, from Bharatiya Vidya Bhavan, Mumbai (August 2024).
- Named among the top 10 scientists from India and of Indian origin internationally by Indian Science Monitor, Chennai (July 2024).

Field Visits

Tata Institute of Fundamental Research (TIFR)

ICSC members visited TIFR to present their research and explore opportunities for potential collaboration. Discussions centred on a wide range of current research topics, including naked singularities, gravitational waves, black holes, and galaxies.

International Centre for Theoretical Sciences (ICTS)

Centre members visited ICTS, Bangalore, to discuss ongoing research work with eminent scientists Professors Vitor Cardoso, Paulo Pani, and Dimitrios Psaltis. Discussions centred on the shadow formation of compact objects without the presence of a photon sphere in spacetimes.

International Collaborations

Transient and Variable Stars (TVS) Science Collaboration of the Vera C. Rubin Observatory

The TVS Science Collaboration, a core working group of the Rubin Observatory's LSST, focuses on time-domain astrophysics. Meet Vyas from the Centre is an active member contributing to several subgroups. Aum Trivedi, a student researcher, is a guest member. Both researchers contributed to a recent workshop on the Rubin Target of Opportunities (ToO) programme, helping define strategies for detecting optical transients and simulating light curves. Their report is available at <https://arxiv.org/abs/2411.04793>.

Large Synoptic Survey Telescope (LSST) Dark Energy Science Collaboration

The LSST DESC is the largest dark energy collaboration in the world, primarily based at Stanford Linear Accelerator Center in Stanford. Oem Trivedi, a student researcher, has been an active part of the collaboration and is an integral part of the Lambda Cold Dark Matter group.

Wide Field Spectroscopic Telescope Science Team

This is an international collaboration of cosmologists and astronomers worldwide working towards the commissioning and proper outlay of the wide field spectroscopic telescope. Oem Trivedi has been working on various aspects of using the WST for testing various theories of the late universe and was one of the authors of the WST White Paper, accessible at <https://arxiv.org/abs/2403.05398>. Meet Vyas and Aum Trivedi also recently joined the collaboration.

Cosmic Explorer Consortium

The CE Consortium is a collaboration of cosmologists and astronomers worldwide working towards the next generation of ground-based gravitational wave observatories. Oem Trivedi, is an integral part of the dark sector subgroup of the collaboration. Meet Vyas and Aum Trivedi also joined the collaboration.

European Cooperation in Science and Technology (COST) Action Cosmoverse

The Cosmoverse is a cosmology working group under the European Union's COST Action. Oem Trivedi is a key member of its WG3 research group for fundamental physics. Meet Vyas has also recently joined and contributes to all three working groups. Both contributed to the Cosmoverse White Paper, now published in Physics of the Dark Universe (<https://doi.org/10.1016/j.dark.2025.101965>).

Nancy Grace Roman Space Telescope Wide Field Instrument Working Groups

The Nancy Grace Roman Space Telescope, a forthcoming flagship observatory, aims to revolutionise understanding of dark energy, exoplanets, and the infrared universe. Its mission relies on the Wide Field Instrument (WFI), designed to conduct deep and wide-field near-infrared surveys. Aum Trivedi and Meet Vyas are contributing to this mission by working with the Roman Science Working Groups, focusing on the scientific goals and software development for the WFI.

Roman Galactic Exoplanet Survey Project Infrastructure Team

Meet Vyas is actively involved in the Roman Galactic Exoplanet Survey (RGES), a key science programme of the Nancy Grace Roman Space Telescope designed to reveal the demographics of cold exoplanets in the Galactic bulge through a dedicated time-domain microlensing survey. As the youngest and only contributor from India to the Project Infrastructure Team (PIT), he is helping develop and test core analysis pipelines for the survey, including photometry, astrometry, and microlensing event detection.

Rubin Undergraduate Network

The Rubin Undergraduate Network is a community for early-career researchers involved in the Vera C. Rubin Observatory's LSST project. The network promotes collaboration, mentorship, and professional development. Meet Vyas is an active participant, engaging with peers and mentors, sharing research, and contributing to science and career development discussions.

Roman Science Collaboration

The Roman Science Collaboration is an international group dedicated to maximising the scientific output of the Nancy Grace Roman Space Telescope. Aum Trivedi is actively involved in several working groups, contributing to developing scientific strategies and data analysis pipelines.

Collaboration with UAG São Paulo

Meet Vyas is actively collaborating with the University of São Paulo Astrophysics Group on the theoretical and observational aspects of compact objects and relativistic astrophysics. As a result of this international collaboration, he co-authored the publication "Retrograde Precession of Relativistic Orbits and the Quest for Charged Black Holes" in Physics of the Dark Universe (2025).

Physiotherapy College for the Visually Impaired

The Physiotherapy College for the Visually Impaired is spread over two campuses in Ahmedabad – at the Blind People's Association at Vastrapur and The School for the Deaf and Mute Society at Navrangpura. These campuses support the Programme with space for three simultaneous learning sessions, including a science lab that houses 3D human anatomy models, a library with audio material, and a recording studio (at Blind People's Association). Each campus has a dedicated sighted physiotherapist and full-time as well as visiting faculty to guide students. Education is completely free and includes tuition fees, accommodation, and food. A Physiotherapy Clinic that treats people at nominal charges also functions under this Centre.

Started in August 2005, the Diploma Programme in Physiotherapy was designed to meet modern-day physiotherapists' requirements and included computer literacy. The programme endeavours to build the careers of visually impaired learners and transform them into professionals ready to meet society's challenges. In 2024-25, 14 students enrolled in the programme cleared their exams.

Sahyog: Centre for Promoting Health

Ahmedabad University's Bagchi School of Public Health and Self Employed Women's Association (SEWA) partnered to promote health locally, nationally, and globally. The collaboration has combined strengths in health promotion, research, training, epidemiology, community empowerment, and outreach. "Sahyog" embodies the essence of its name, which signifies an active partnership between learners and communities. The word's root, 'Saha,' means participation and cooperation, a belief that community involvement is integral to the Centre's success.

Overview

- The Centre conducted public outreach through Instagram posts for World Obesity Day, World Health Day, and oral health. It also leveraged social media to promote information on a range of health topics, including:
 - The importance of iron-rich foods, calcium for bone health, and heart health tips.
 - The benefits of natural foods and a series of essential vitamins (A, B, C, D, E, and K).
 - Educational content and myth-busting about tuberculosis.
 - The links between sleep, sedentary behaviour, stress, and diabetes.
- The Centre disseminated health promotion content to SEWA members through WhatsApp groups, reaching approximately 400 grassroots health workers (SEWA Health Ambassadors). These workers shared information during door-to-door household visits on topics such as diabetes and hypertension, routine immunisation and exclusive breastfeeding, anemia, seasonal illnesses, such as heat-related conditions and water- or vector-borne diseases. This outreach model is estimated to have reached thousands of individuals.
- The Centre organised multiple screening camps for SEWA members and the general public, covering non-communicable diseases, anaemia, eye conditions, and cervical and breast cancers. These efforts supported early detection and improved access to preventive care in underserved communities.

Event

Tackling Health Inequalities through Community Approaches: Focus on Oral Health | October 17, 2024

The School and SEWA co-hosted a panel discussion on oral health as a growing global health priority. Speakers, including Professor Kaumudi Joshipura, Professor Richard Watt, Dr Carol Guarnizo-Herreno, Yasmin Shaikh (Gujarat Health Coordinator, SEWA), Varsha Dabhi (Grassroot Leader, Sabarkantha), and other SEWA leaders, discussed systemic disparities in oral health, particularly among marginalised communities. Panellists explored common risk factors and emphasised the need for equitable, community-based solutions. Mirai Chatterjee, (Director, SEWA's Social Security team), moderated the session.

Research Projects

Menstrual Hygiene Project

The project will focus on improving practices among SEWA members through education, access to sustainable menstrual products, school-based training, and regular follow-ups. Pre and post-surveys will assess changes in knowledge, challenges, and stigma.

Anaemia Project

The project aims to improve health outcomes among SEWA members by promoting anemia awareness, providing access to screening and treatment, coordinating with frontline workers for nutritional support, and conducting follow-ups. A pre-survey will establish baseline data on anaemia prevalence, haemoglobin levels, knowledge, attitudes, and practices. A post-survey will assess changes following the intervention to determine project impact.

Rabies Prevention Project

The project will address the risk of rabies among SEWA members through education, training of frontline workers, and coordination with public health facilities to support timely access to post-exposure prophylaxis. Pre and post-intervention surveys will measure community knowledge, attitudes, and practice changes. 500 questionnaires have been distributed.

ASHA Supported Community Intervention Project on Diabetes Prevention at Gandhinagar and Dhansura

An implementation research project to train ASHA workers to lead community-based interventions for preventing diabetes in rural Gujarat (tribal and non-tribal areas). The study will train ASHAs using a structured lifestyle intervention model involving dietary modification, physical activity, heat protection strategies, and behaviour change techniques, based on global diabetes prevention trials tailored to local contexts. The project will include 500 intervention participants, supported by Master Trainers, local Public Health Centre staff, and a digital support system. Outcomes will include improved knowledge, attitudes, and practices of ASHAs and communities and reduced glucose abnormalities among participants.

Diabetes Project

The Centre conducted a diabetes management study to evaluate the impact of incorporating SEWA's community health workers (CHWs) in improving outcomes among informal sector women workers. The study assessed implementation barriers, linkage to care, retention in care, and changes in HbA1c levels compared to a historical standard of care. SEWA members supported by Community Health Workers (CHWs) showed an average 1 per cent reduction in HbA1c over six months, while non-SEWA members had a 0.1 per cent increase. The intervention leveraged point-of-care screening, telemedicine, digital tools, and a cadre of trained health workers to enhance access, adherence, and diabetes management in underserved communities.

The Climate Institute Global Centre for Environment and Energy

The Climate Institute, launched in 2024, seeks to lead global climate action by addressing the distinct challenges of the Global South. Through its three pillars—education, research, and impact—the Institute bridges knowledge, practice, and policy to advance context-specific, actionable solutions. Its work spans energy transition and climate mitigation, urban adaptation, air and water quality, and climate policy, anchored in sustainability, equity, and innovation.

To advance this mission, the Institute formalised several strategic partnerships during the year. It entered into institutional collaborations with Social Alpha and the Center for Study of Science, Technology and Policy (CSTEP), and continued its long-standing engagement with the Urban Climate Change Research Network (UCCRN). Additionally, the Institute initiated a knowledge partnership with the Gujarat Chamber of Commerce and Industry (GCCCI) for the annual Global Sustainability Summit. In support of its knowledge exchange and outreach agenda, the Institute co-hosted the Cities Conference in collaboration with the International Growth Centre, which is supported by the London School of Economics and University of Oxford.

The Global Centre for Environment and Energy (GCEE), now formally affiliated with the Climate Institute, contributes to the Institute's interdisciplinary mandate by advancing scientific research on climate change mitigation and adaptation.

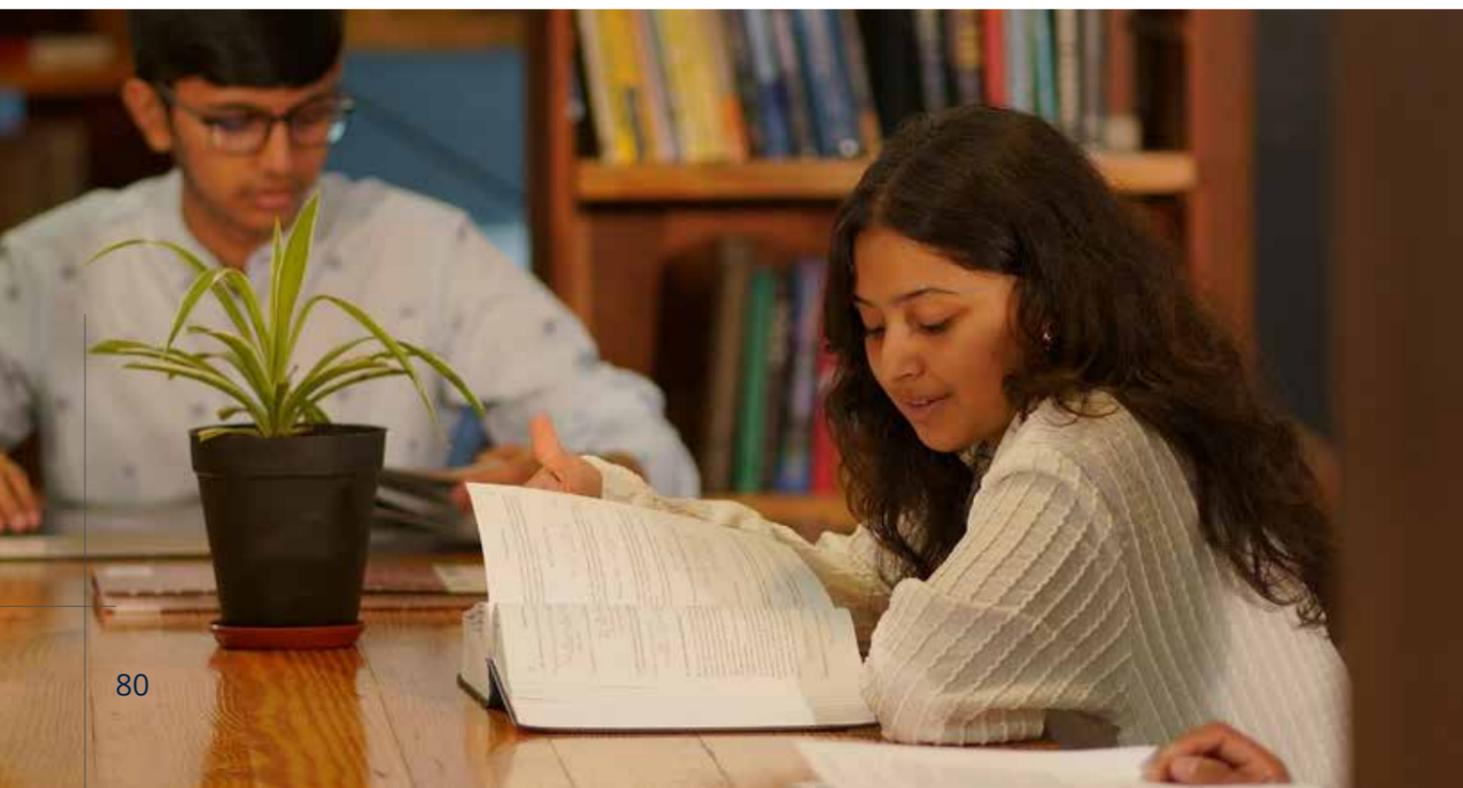

Programmes

UNDERGRADUATE

- Minor in Environment and Sustainability

DOCTORAL

- PhD in Management (Climate Change/Energy/Environment)

Faculty and Staff Achievements

Priyadarshi Shukla
Distinguished Professor
Chair, Global Centre for Environment and Energy

- Recognised in the World's Top 2% Scientists list for 2024 by Stanford University. The rankings are based on a database of over 2 lakh scientists based on their standardised citation indicators.
- Honoured with Lifetime Achievement Award by the Integrated Assessment Modelling Consortium (IAMC).

Minal Pathak
Associate Professor
Academic Director

- Appointed Section Editor for PLOS Climate's Mitigation section.
- Elected as one of the Cell Press 50 Scientists that Inspire for her innovative research on climate change mitigation actions in urban settings.
- Appointed member of the Organising Committee for 2025 Econometric Society Interdisciplinary Frontiers and CEPR- Economics+Climate Science (ESIFCLIM).

Shaurya Patel
Research Associate

Selected as Chapter Scientist for Chapter 5: Solutions by City Types and Regions in the Intergovernmental Panel on Climate Change (IPCC) Special Report on Climate Change and Cities (SRCities).

Aditya Vaishya
Assistant Professor

- Received Chairman's Award for Excellence in Research 2025 at Ahmedabad University's Foundation Day.
- Scientific steering committee member: URSI Regional Conference on Radio Science 2024.
- Steering committee member of the WeAther and Climate Hackathon held on September 19 - 21, 2024.

Events

Workshops

'Net Zero Strategy for the state of Gujarat', funded by United Nations Environment Programme - Copenhagen Climate Centre, and conducted jointly by the Global Centre for Environment and Energy (GCEE) at Ahmedabad University and Council on Energy, Environment and Water (CEEW); October 16, 2024.

Conferences

The Centre organised a panel discussion and keynote talks to mark the launch of the Climate Institute at Ahmedabad University. The special addresses were made by Shri Sanjeev Kumar, Principal Secretary, Climate Change Department, Government of Gujarat, and by Dr Shamika Ravi, Member, Prime Minister's Economic Advisory Council. The panel discussion comprised Dr Vimal Mishra (Professor, IIT Gandhinagar), Punit Lalbhai (Vice Chairman, Arvind Limited), Kaushik Deb (Executive Director, EPIC India Centre), and Indu Murthy (Sector Head - Climate, Environment, and Sustainability, CSTEP Bengaluru), and it was moderated by Professor Minal Pathak (Associate Professor, Ahmedabad University); October 7, 2024

Research Agenda for Climate Change and Cities in the Global South | December 16-17, 2024

The two-day conference was organised jointly with the International Growth Centre, which is supported by the London School of Economics and Oxford University. It brought faculty members and researchers from Ahmedabad University, London School of Economics, Imperial College London, The University of Hong Kong, Oxford University, and IIT Delhi.

VentureStudio

VentureStudio, the innovation and startup incubation hub, was established in 2011 in collaboration with Stanford University's Center for Design Research. Since its inception, the Centre has supported over 170 startups in diverse domains, including healthcare, life sciences, biotechnology, defense, environment, diagnostics, engineering, agriculture, fintech, hardware, industry 4.0, medical devices, manufacturing, and enterprise software, among many others.

The Centre provides a dynamic platform for aspiring entrepreneurs to build, validate, and scale innovative ideas. It offers 360° support, including mentorship, prototyping infrastructure, funding opportunities, and expert networks.

The Centre operates dedicated innovation facilities: DST Prayas Shala (Engineering Fabrication Shop) and Bio-NEST (Biotechnology Lab), providing hands-on access to prototyping and bio-incubation infrastructure. Students with promising ideas can receive grant support through government-backed schemes such as NIDHI-PRAYAS, NIDHI-EIR, SSIP, and more.

Mission

To be a differentiated, cutting-edge incubator in critical areas of need for the country, such as healthcare, life sciences, biotech, defense, environment, and manufacturing. The goal is to enable transformation from both economic and outcome viewpoints.

Vision

To play a central role in transforming Ahmedabad into a top 20 global innovation ecosystem.

170+ Number of Startups Supported

10+ Startups Onboarded during 2024-25

120+ Active Incubatees

40+ Patents and Trademarks Filed

70+ Products Commercialised

INR 60 Crore + Revenue Generated

INR 35 Crore + Follow-on Funds Raised

40+ Mentors and Industry Expert

700+ Employment Generated

INR 1.55 Crore + Grants Disbursed to Innovative Startups and Entrepreneurs this Year

Some milestones demonstrating Centre's growing impact and reach:

- Grant Application Surge: 2x increase
- Ecosystem Expansion: Centre facilities accommodated 300 coworking visitors with 185 active clients throughout the year
- Global Recognition: Trinano Technologies won 2nd prize in the Decarbonation International Challenge by Equans and Vivatech in Paris
- Investment Catalysis: Portfolio companies like Univia (\$3M) and Nawgati (\$2.5M) secured significant funding rounds.

Programme

VentureStudio conducts long-term engagements throughout the year focusing on Science and Technology innovation to support students, innovators, and entrepreneurs. Last year, three such engagements were offered:

VentureStudio Fellowship

The semester-long accelerator programme supports student entrepreneurs. It equips participants with essential skills in team formation, customer discovery, business model development, MVP creation, and achieving product-market fit. The programme also covers financial, legal, and fundraising aspects of entrepreneurship. It culminates in a Demo Day, where startups pitch to investors and VCs for professional feedback.

This academic year, Fellowship participants created an innovative paper and packaging solution from fallen leaves, addressing green sustainability market gaps. This venture has since secured seed funding and established partnerships with two local businesses for product trials.

- 4 students completed the programme
- 1 startup successfully launched
- 3 prototypes developed
- 15 customer discovery interviews conducted per team

Partnerships

VentureStudio is a Technology Business Incubator (TBI), approved by the National Science Technology Entrepreneurship Development Board (NSTEDB), Department of Science and Technology (DST), an approved BioNEST facility for bio-incubation by the Biotechnology Industrial Research Assistance Council (BIRAC), as well as an approved nodal agency under the Government of Gujarat Startup Policy and SSIP-Student Startup and Innovation Policy.

The Centre understands the importance of co-incubation in providing the best possible support to its startups. Hence, it works positively with other incubation centres and ecosystem players to create a thriving startup ecosystem in Gujarat.

VentureStudio also worked on partnering with corporates for their expertise and venture capital investors to provide varied value-added support to students and startups. Details of these partnerships are given below.

| | |
|--------------------------|---|
| GOVERNMENT | <ul style="list-style-type: none"> • Department of Science and Technology (DST) • Department of Biotechnology (DBT) • Government of Gujarat (GoG) • Department for Promotion of Industry and Internal Trade (DPIIT) • International Financial Services Centres Authority (IFSCA) • Federation of Indian Chambers of Commerce & Industry (FICCI) • Confederation Of Indian Industry (CII) • Gujarat Chamber of Commerce and Industry (GCCCI) |
| CORPORATES | <ul style="list-style-type: none"> • HDFC Bank CSR |
| INVESTORS | <ul style="list-style-type: none"> • GVFL • Venture Catalysts • TIE Ahmedabad • Growth 91 |
| COMMUNITIES | <ul style="list-style-type: none"> • eChai • Headstart • Wadhvani Foundation |
| SERVICE PROVIDERS | <ul style="list-style-type: none"> • MSG91 • Legalwiz • Salestable • OpportuneJobs • Bluechip • Giddh • TechEx • Upsquare Technologies |

Startup Incubation

| | |
|---|--|
| SCINOCULAR PVT LTD | SECTOR: AGRITECH |
| HARSHIL TANNA / ABHISHEK PANDYA | These grass-based sheets are made from agricultural waste and offer uniformity without the need for binders. They feature superior strength and a slim design, making them suitable for versatile furniture. |
| RESHACELIUM | SECTOR: BIOTECHNOLOGY, PACKAGING |
| ARTI KABRA | Leverages agricultural waste for cultivating mycelium, fostering a circular economy. The company can potentially collaborate with farms and agricultural cooperatives to secure a consistent supply of raw materials. |
| SHRIRAM INSIGHTS PVT LTD | SECTOR: B2B SAAS |
| OJASVIKA SAHU | Shram is an AI-powered work-management tool connecting employees' daily work with their performance evaluations. Shram replaces the traditional, fragmented system of records by capturing rich work data in real-time and uses AI to map functional and behavioural competencies to auto-generate performance reports. |
| EHYDRA | SECTOR: AUTOMOTIVE |
| HARSH MAURYA | This project outlines a business idea to develop and commercialise low-cost fuel cells using innovative, affordable, and scalable catalyst materials. By overcoming the cost barriers, this technology aims to revolutionise the energy sector and create a competitive advantage in a rapidly growing market. |
| REEVS MARKETING OPC PVT LTD - BUILT SPORTS | SECTOR: SPORTS WEAR |
| RAJEEV MENON | The socks are designed to reduce foot slippage inside shoes during multi-directional sports. They accomplish this by providing silicon-based paneling on the bottom, which offers extra grip and comfort for a better fit between the foot and shoe. |
| NEORYZE TECHNOLOGIES PVT LTD | SECTOR: FINTECH |
| SAMKIT KUNDALIA | Invoiceflo is a marketplace allowing business users to sign up and get their invoices financed in a very quick manner. |
| CULTUREX ENTERTAINMENT PVT LTD | SECTOR: AI/ CLOUD COMPUTING |
| VINAY MEHTA | AI and cloud-based operating systems for creator agencies. The platform includes a customisable dashboard, campaign management and reporting, creator discovery, proposal management, creator profile analytics, URL shortening, and more. It helps agencies to manage campaigns, track ROI, discover new creators, and more. |
| MARITECH INTEGRATED MARITIME PVT LTD | SECTOR: TRANSPORTATION |
| VIKAS GADOO | Revolutionising the commercial shipping industry by building the world's first real-time maritime exchange: an all-encompassing sustainable AI hub. The new-age platform offers real-time rates, streamlined operations, and smart, innovative tools, providing stakeholders greater efficiency and competitiveness. |
| NET ZERO INITIATIVE PVT LTD | SECTOR: CLIMATE TECH |
| ABHIMANYU RATHI | ReNewCred is global south's first carbon credits standard, registry, and ratings company. Backed by 250 scientists and built over a proprietary rapid digital monitoring, reporting and verification (dMRV) system, it provides high quality, continuously verified carbon credits for industrial decarbonisation. |
| AQUA SMART | SECTOR: AGRITECH |
| HARSH PATEL | The intelligent drip irrigation system is an innovative, fully automated solution to transform traditional farming practices. It is designed for efficiency and ensures uniform water distribution across agricultural land with minimal manual intervention. |
| AIR QUALITY MONITORING DEVICE AND SOLUTION | SECTOR: CLIMATE TECH |
| YOGESHKUAR PATEL | The startup addresses a critical need for fitness enthusiasts: real-time awareness of air quality to optimise workout conditions. Whether training indoors or exercising outdoors, users are often unaware of harmful pollutants like NO2, O3, CO, PM2.5 AND PM10 that can impair performance and long-term health. |
| AUTOMATED LEAF COLLECTOR | SECTOR: BIOTECHNOLOGY, PACKAGING |
| PARTH UBHADIYA | The remote-controlled leaf collector is a smart, eco-friendly solution to traditional leaf collection methods. Unlike noisy, fuel-guzzling vacuum machines, it uses a roller-based system for efficient, clog-free pickup across various terrains. Designed with adjustable sweep height and powered by a rechargeable battery, it reduces labour. |

| | |
|-------------------------------------|---|
| GENOSCOPE PVT LTD | SECTOR: HEALTHCARE |
| SHANAYA PATEL | The startup's approach introduces the first-of-its-kind companion diagnostic assay for predicting therapeutic response and relapse in head and neck cancers. This contrasts sharply with the global market, where no existing products specifically target head and neck cancers, although similar technologies are available for breast, lung, and colorectal cancers. |
| CARCELL THERAPEUTICS PVT LTD | SECTOR: HEALTHCARE |
| MEGHNA VANZA | Development of a safer, faster and affordable CD19 CAR-T cell therapy as a point-of-care treatment for lymphoma and leukemia. |
| AXENIC AGRITECH PVT LTD | SECTOR: AGRITECH |
| ARPAN MODI | Commercial micropropagation techniques for banana tissue culture and services for molecular diagnosis of plant traits, diseases, and gender. |

Bio-Incubation

| | |
|--|---|
| SAMRUDDHI GREEN PVT LTD | SECTOR: AGRITECH |
| | Microbial testing of soil for development of microbial biofertiliser formulations |
| AKSHAR FARMTECH LLP | SECTOR: AGRITECH |
| | Optimisation of soil microbiological flora for biofertiliser formulations |
| PROTPURE TECH PVT LTD | SECTOR: INDUSTRIAL BIOTECH |
| | Optimisation of agarose-based resins for industrial chromatography |
| TRADEFox TECHNOLOGIES PVT LTD | SECTOR: AGRITECH |
| | Optimisation of popping mechanism in the edible seeds of Euryale ferox (foxnut) using enzymes |
| LBIS RESEARCH PVT LTD | SECTOR: WASTE TO VALUE |
| | Development of 100 per cent biodegradable and compostable material from plant fibre |
| HASIECO VENTURES PVT LTD | SECTOR: WASTE TO VALUE |
| | Development of tableware and cutlery from grain waste |
| SERAGEN BIOTHERAPEUTICS PVT LTD | SECTOR: HEALTHCARE |
| | Point of care therapeutics and data insights that helps IVF Experts and Ob/Gyns treat male and female infertility disorders |

Startup Achievements

| | |
|-------------------------|--|
| HASIECO VENTURES | <ul style="list-style-type: none"> Won Best Innovation Award by PDEU in January 2025 |
| EKSHIKA BHAGTANI | <ul style="list-style-type: none"> Selected as one of DPIIT startups for showcasing innovation at Startup Mahakumbh 2025 |
| GENOSCOPE | <ul style="list-style-type: none"> Won National Bio-Entrepreneurship Competition in August 2025 at C-CAMP, Bengaluru |
| SHANAYA PATEL | <ul style="list-style-type: none"> Received CDSCO provisional test license |
| AXENIC AGRITECH | <ul style="list-style-type: none"> Showcased at the Global Bio-India 2024, New Delhi |
| ARPAN MODI | <ul style="list-style-type: none"> Conducted a workshop on commercial plant tissue culture at Bio-NEST |
| TRINANO | <ul style="list-style-type: none"> Won 'The Maharathi Award' at StartUp Mahakumbh 2025-Delhi in the climate tech sector |
| HARSH SETHI | <ul style="list-style-type: none"> Winner for Technology Innovation and Impact - Clean Energy Sector at Maharashtra Startup Week Winner in GTM Category at TiE Matrix Global Summit 2025 |

Facilities and Co-working

Our facilities serve as the physical foundation of our innovation ecosystem, providing entrepreneurs and researchers with access to specialised equipment and workspaces that would otherwise be prohibitively expensive. The VentureStudio Main Hub functions as our central collaboration space, where entrepreneurs can work, meet, and connect with mentors and peers. The DST Prayas Shala offers hardware startups the tools they need to rapidly prototype and refine their products, while the BIRAC Bio-NEST provides biotechnology ventures with specialised laboratory facilities essential for research and development.

VentureStudio

Our central coworking and incubation space provides entrepreneurs with modern workspaces, meeting rooms, and collaboration areas.

- 300 Coworking Visitors
- 185 Active Clients
- 20% Average Monthly Occupancy
- 99 First-time Users

DST Prayas Shala (Fab Lab)

Our fabrication laboratory enables hardware prototyping with advanced manufacturing equipment.

- 985 Equipment Usage Hours
- 18 New Clients Onboarded
- 4 University Partnerships
- 25 Prototypes Developed

BioNEST

Our wet lab facility supports biotechnology innovations with specialised equipment and expertise.

- 75 per cent Wet Lab Occupancy (9/12 seats)
- 17 New Users from Academia and Industry
- 5 Biotech Startups Supported
- 3 Patents Filed by Resident Companies

Equipment and Resources

Prayas Shala Equipment

- Vertical Machining Centre (VMC)
- Multiple 3D Printers (FDM, SLA)
- Electrical Discharge Machining (EDM)
- PCB Prototype Machine
- Soldering/desoldering Stations
- 3D Design Workstations with CAD/CAM software
- Laser Cutting and Engraving Equipment
- CNC Router
- Milling Machines

Bio-NEST Equipment

- High-Performance Liquid Chromatography (HPLC)
- Fast Protein Liquid Chromatography (FPLC)
- Lyophilizer for Freeze-drying
- Microplate Readers and Spectrophotometers
- PCR Machines and Gel Electrophoresis Systems
- Biosafety Cabinets and Laminar Flow Hoods
- Incubators and Growth Chambers
- Microscopy and Imaging Systems

Community Startup Meetups

| Session/Event/Meetup Topic | Date |
|--|-------------------|
| Basics of Government Grants and Subsidies for Startups | 6 July 2024 |
| GVFL Demo Day | 17 July 2024 |
| Marketing Mastery: Key Strategies for Startups to Build and Scale Your Brand | 27 August 2024 |
| Unlock the Secrets of Angel Investing | 27 September 2024 |
| Innovators Roundtable: Building Sustainable Materials and Technologies | 11 October 2024 |
| Innovators Roundtable: Creating Impactful Healthcare Innovations | 16 January 2025 |
| GTM Insider - Sustainability Strategies and Tactics | 24 January 2025 |
| Finding Co-Founders and Early Employees | 31 January 2025 |
| The Impact Economy: Building Startups with Profit and Purpose | 14 February 2025 |
| Startup Intern Connect | 18 April 2025 |
| Founders Forum: Bold Ideas from Emerging Entrepreneurs | 5 June 2025 |
| Build your First AI-Powered App Without Code | 2 June 2025 |

Innovation Impact

| STARTUP/FOUNDER | IMPACT |
|------------------------------------|---|
| Alphenix Design Pvt Ltd | Successfully completed the machining work for a BLDC (Brushless DC) motor, including fabrication of key mechanical parts such as the motor housing, shaft, and mounting components. The work involved high-accuracy turning and milling processes to meet tight tolerances essential for the motor's efficiency and performance. We have also made a customised PCB for the BLDC Motor. |
| Prayogik Technology Pvt Ltd | Engaged in model design and development of the TMSG electricity generator. This includes end-to-end support from conceptual 3D modelling to detailed design for manufacturing. Alongside design, we have successfully completed the precision machining of critical components required for the generator's assembly and testing. |
| Yogesh Kumar | Development of the electronics PCB and assembly component for the device to monitor air quality index. |

The Graduate School and the University Research Board

The activities of the Graduate School include:

- Formulating guidelines for the conduct of the doctoral programmes
- Supporting the outreach for the graduate programmes
- Coordinating admissions to the doctoral programme
- Coordinating the selection of doctoral candidates for University Fellowships/ Assistantships
- Organising the orientation programme for graduate students
- Maintenance of doctoral students' status and progress, including dissertation evaluation management

Doctoral Students | Total Enrolled: 109

| | | |
|---------------|--|----|
| Full Time: 84 | Amrut Mody School of Management: | 6 |
| | Bagchi School of Public Health: | 4 |
| | School of Arts and Sciences: | 48 |
| | School of Engineering and Applied Science: | 26 |

| | | |
|---------------|--|----|
| Part Time: 25 | Amrut Mody School of Management: | 12 |
| | Bagchi School of Public Health: | 1 |
| | School of Arts and Sciences: | 4 |
| | School of Engineering and Applied Science: | 8 |

| | | |
|----------------------------------|------------------------------------|----|
| Full Time Students Supported: 71 | Sponsored Projects: | 4 |
| | Supported by External Fellowships: | 6 |
| | University Assistantships: | 61 |

| | | |
|--|--|---|
| In this academic year, thirteen students successfully defended their dissertation. | Amrut Mody School of Management: | 3 |
| | School of Arts and Sciences: | 6 |
| | School of Engineering and Applied Science: | 4 |

Seven students were awarded PhD degrees during the Convocation 2024 (held in December 2024), and six were awarded PhD degrees during the Convocation 2025 (held in May 2025).

University Fellowships and University Assistantships

Since July 2018, Ahmedabad University has instituted University Fellowships and Assistantships for full-time doctoral students, which include a tuition waiver and a stipend. Subject to satisfactory academic performance, a student continues to receive the assistantship and tuition waiver for a maximum of five years. For the academic year 2024-25, Ahmedabad University awarded a full tuition fee waiver and University Assistantship of INR 40,000 per month to all 30 admitted full-time doctoral students.

Summer Internship Programme 2025

This academic year, 25 faculty members from across the Schools offered 32 projects, attracting 2,377 applications nationwide. Nearly 52 selected applicants joined the programme, held from May 9 to June 30, 2025. Interns from a diverse range of institutions participated, including IIT Patna, NIT Warangal, Amity University Noida, Delhi Technological University, Loyola College Chennai, IIT Gandhinagar, NISER Bhubaneswar, University of British Columbia, IIT Kharagpur, University of Delhi, Cochin University of Science and Technology, Imperial College London, and the University of Toronto. The programme included free accommodation in Student Residences and reimbursement of their travel expenses.

Activities

Two-minute Thesis Competition | April 16, 2025

The competition's first edition, organised for senior PhD students, engaged 21 student participants from diverse academic disciplines. It gave an open platform to senior PhD students to showcase their communication skills and research excellence in a two-minute format, outlining the problem, solution, methods, and results.

PhD Scholars Talk Series

Every month, doctoral students and candidates shared about their research at the organised talk. The speakers presented their research for about 20-30 minutes, followed by a Q&A session.

Moulie Ghosh, School of Engineering and Applied Science. *Upcycling of Glass Waste to Energy Storage Devices*. July 31, 2024.

Kanak Dhotre, School of Arts and Sciences. *Complex Dynamics: A Study of Symmetries in Chaos*. August 14, 2024.

Amitkumar Dubey, Amrut Mody School of Management. *Assessing Mitigation & Adaptation Options for Gujarat's Manufacturing Sector*. September 25, 2024.

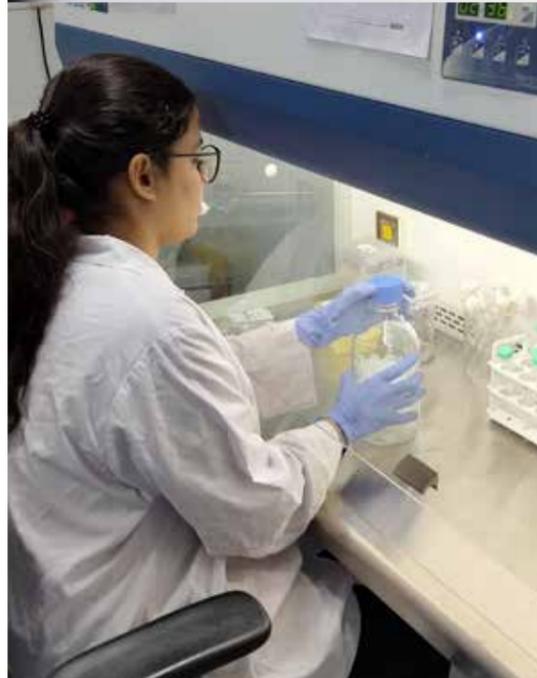

Satya Oza, School of Arts and Sciences. *Digital Platforms and Their Impact on Platform Workers*. October 23, 2024.

Vidhan Dave, School of Arts and Sciences. *Collective Food Transport in Ants*. November 13, 2024.

Mohit Rohida, School of Arts and Sciences. *The Bizarreness of New Age Computations*. December 11, 2024.

Ajinkya Ghawate, School of Arts and Sciences. *Genealogy of Being Maratha: Caste, Colonialism, and the Non-Brahmin Movement*. March 26, 2025.

Vanshika Pal, School of Arts and Sciences. *Sociality in Spiders*. April 2, 2025.

Graduate Faculty Committee

The Graduate Faculty Committee has been constituted for helping and advising the Dean of the Graduate School. The current committee members are as follows:

DEEPAK KUNZRU

Distinguished Professor and Dean
Graduate School and Research
Chairman

BHARGAV ADHVARYU

Professor
Amrut Mody School of Management

SAMYADAY CHOUDHURY

Assistant Professor
School of Arts and Sciences

SUCHISMITA DAS

Assistant Professor
School of Arts and Sciences

RATNA GHOSAL

Associate Professor
School of Arts and Sciences

ALOK SHUKLA

Assistant Professor
School of Arts and Sciences

ADITI SINGHAL

Assistant Professor
School of Engineering and Applied Science

University Research Board

Ahmedabad University has established the University Research Board (URB) to support and promote research by faculty, students, and staff. During the academic year 2024-25, the University Research Board members were:

Deepak Kunzru

Distinguished Professor and Dean
Graduate School and Research
Ahmedabad University
Chairman

Devanath Tirupati

Executive Provost
Ahmedabad University
Member

Sanjay Chaudhary

Associate Dean
School of Engineering and Applied Science
Ahmedabad University
Member

Darshini Mahadevia

Professor
School of Arts and Sciences
Ahmedabad University
Member

Rama Ratnam

Professor
School of Arts and Sciences
Ahmedabad University
Member

R R Sonde

Visiting Professor
Department of Chemical Engineering
IIT Delhi
Member

Balachandran Ravindran

Emeritus Professor
Institute of Life Sciences, Bhubaneswar
Member

Anirban Dasgupta

N Rama Rao Chair Professor
Department of Computer Science & Engineering
IIT Gandhinagar
Member

Mihkel Tombak

Chair, Department of Management
UTM, HATCH Chair in Technology Management and Strategy
Institute for Management and Innovation University of Toronto
Member

Start-up Grant Proposal

The Board recommends proposals for internal funding and examines proposals for submission to external sponsoring agencies. The internal research funds are distributed as Seed Grants (up to INR 5 lakhs for initiating new projects), Start-up Grants (up to INR 25 lakhs for newly recruited faculty), or University Challenge Grants (up to INR 25 lakhs for undertaking interdisciplinary projects to address complex challenges facing society). URB also provides financial support to faculty for teaching material development, participation in international conferences, and partial financial support recommendations for organising national and international conferences.

The details of the Start-up and Seed Grant proposals that were awarded in the academic year 2024-25 are given below:

| START-UP GRANT PROPOSALS | GRANT (INR IN LAKHS) |
|---|----------------------|
| Mangrulkar, M. Perovskite Solar Cell Devices with Improved Stability | 25 |
| Marurya, A Investigation of the Influence of Soft Surface on the Purely Elastic Instability of Non-Newtonian Fluids under the Influence of Different Shear Moduli | 25 |
| Saikia, M. Enumeration Formulas for Tiling Planar Regions | 12.57 |
| Srinivasan, R. Development of a Sustainable Wastewater Treatment Strategy for Complex Effluents Using Biological and Electrochemical Methods | 25 |

The details of the existing start-up grants active during 2024-25 are given below:

| START-UP GRANT PROPOSALS | SANCTIONED VALUE (INR IN LAKHS) |
|---|---------------------------------|
| Choudhury, S. Probing Stellar Populations in the Magellanic Bridge Using the UVIT/AstroSat and Multi-wavelength Data | 21.76 |
| Das, S. Cultural Analysis of Environmental Precarity and Adaptation in the Eastern Himalayas | 7.4 |
| George, N. Neural and Computational Basis of Habitual Attention | 23.3 |
| Ghosh, S. Study of Ion Beam Energy Generated by the Double Layers in Expanding Radio-frequency Plasma | 25 |
| Mehta, M. Negotiating Urbanisation: Marginality, Mobility, and Aspirations in Gujarat | 5.7 |
| Mukherjee, S. Temporal and Spatial Dynamics of Potential Lumpy Skin Disease Vectors in Gujarat, India | 25 |
| Mukherji, S. Properties of Gene Regulatory Networks Associated with Bacterial Stress Response | 11.05 |
| Pathak, B. Deciphering Molecular Mechanism of Calcium Deficiency in Peanuts and Tissue Culture Optimisation Using Cotyledonary Node as an Explant | 25 |
| Prabh, S. Deterministic Networking | 21.5 |
| Rai, A. Structure-function Mapping of Salmonella-host Cytoskeleton Interactions | 18.3 |
| Ratnam, R. Signal Encoding and Signal Detection in the Electrosensory System of Weakly Electric Fish: Behaviour and Neurophysiology | 25 |
| Singh, R. Detection of Electromagnetically Induced Transparency of Perfect Cylindrical Vector Vortex Beam in Warm Rubidium Vapour | 25 |
| Swamy, K. Experimental Co-evolution of Yeast and Bacteria to Unravel the Impetus for the Evolution of Fermentation as a Quantitative Trait in Yeast | 19.7 |

Seed Grant Proposal

The details of the URB-awarded Seed Grants in the academic year 2024-25 are given below:

| SEED GRANT PROPOSALS | GRANT (INR IN LAKHS) |
|---|----------------------|
| Ganguli, A. Studies on Hydrodynamics in Bubble Columns: Experimental Measurements and Computational Fluid Dynamic Simulations | 5 |
| Gupta, S. Structural Estimation of Demand for Health Wearables in the Post-pandemic World | 3.1 |
| Roy, M. Gender Differences in the Effect of Burnout on Performance | 5 |
| Singh, R. The Employment Effects of R&D Tax Credits | 2.4 |

The details of the existing seed grants active during 2024-25 are given below:

| SEED GRANT PROPOSALS | SANCTIONED VALUE (INR IN LAKHS) |
|--|---------------------------------|
| Ahmed, S. Analysis of Additive Manufacturing of Metals and Composites by WAAM and FDM Processes Respectively | 4.8 |
| Chapagain, N. K. Understanding the making of 'Gandhi of Architecture': Exploring the Values of Vernacular Heritage of Pithoragarh in the Indian Himalayas | 4.04 |
| Dalai, S. Porous Carbon Nanofibers Derived from Cotton Textile Waste for Hydrogen Storage | 8 |
| Das, B. Investigation of Fatigue Performance of Additive Manufacturing Structural Steel by Experiment and Constitutive Material Modelling | 5 |
| Ghosal, R. Using a Multi-pronged Approach to Assess Health of an "Ecological Indicators" Species, the Mugger Crocodile (<i>Crocodylus Palustris</i>) in Central Gujarat, India | 5 |
| Kuril, S. Can Machines Help in Making Organisations More Humane? (Chatbots in Organisations for Bullying and Harassment) | 5 |
| Rai, A. Development of a Fault-diagnosis Device for Rotating Machinery Using Triboelectric Nanogenerators | 3 |
| Rao, R. Global Oil Price Pass-through and Optimal Monetary Policy In India | 3.12 |
| Ratnam, M. Shifting Cultivation and the Invention of Tradition: Agroecology, Climate Change and the Discourse of Indigenous Agriculture | 1.6 |
| Ratnam, R. Acoustic Signalling and Chorusing Behaviour In Frogs and Toads of Gujarat | 5 |
| Roy, M. Do Students Discriminate Against Female Professors? Evidence from India | 2 |
| Singh, D. Emotional Distractor Suppression in Emotion-Induced Blindness | 3.33 |
| Tanavde, V. Development of an Assay for Enumerating Extracellular Vesicles by Flow Cytometry | 2 |
| Trivedi, T. Chronicling the Textile Industry of Ahmedabad: A Case Study Of The Ahmedabad Textile Industry's Research Association | 1.9 |

International Conferences

In this academic year, the University disbursed INR 51,96,940 to support the participation of 28 faculty members in international conferences

Purchase of Major Equipment

In 2024-25, the purchase of the following major equipment for the School of Engineering and Applied Science was approved:

| NAME OF EQUIPMENT | AMOUNT (INR IN LAKHS) |
|--|-----------------------|
| Surface Area/Chemisorption/TPD/TPR equipment | 90 |
| GC-MS | 90 |
| FTIR with ATR accessory | 20 |
| Thermal Evaporator (with e-beam) | 60 |
| Drivetrain Prognostics Simulator/Machinery Fault Simulator | 40 |
| | 300 |

University Challenge Grant

| UNIVERSITY CHALLENGE GRANT | GRANT (2024-2025) |
|--|--------------------|
| Rao, M.S. Designing Effective Nudges for Health and Institutional Citizenship Behaviour: Role of Psychological Ownership | INR 1150000 |

Teaching Material Development/ Innovation Grant

| TEACHING MATERIAL DEVELOPMENT/ INNOVATION GRANT | GRANT (2024-2025) |
|---|-------------------|
| Choudhury, S. Establishing Astronomy and Astrophysics Teaching Laboratory – Phase I: Setting up Pyramidal Horn Antenna Radio Telescopes | INR 73000 |

University Grants Office

The Grants Office, established in June 2019, facilitates grant fundraising across levels. The Office provides administrative assistance and guidance in proposal preparation, proposal submission, and oversight of all financial and non-financial aspects of the grants. It has developed a portal for facilitating friction-free processing of pre-application and post-award requirements of both internal and external funded grants. The office also publishes a newsletter, Research Horizons, with relevant research information and a monthly research compendium giving information on funding opportunities. It also comprises a conversation with an Ahmedabad University colleague about their research and funding. These articles are curated for non-specialist readers to provide collegiate insights into research funding.

Ethics Committee

The University has constituted an interim Ethics Committee, which certifies that a research proposal does not violate the University's Code of Ethics and adheres to the Government of India's regulations. The Committee members are:

| | | |
|--|--|---|
| Deepak Kunzru Distinguished Professor and Dean Graduate School and Research <i>Chairperson</i> | Amit Nanavati Professor School of Engineering and Applied Science <i>Member</i> | Ekta Sharma Associate Professor Amrut Mody School of Management <i>Member</i> |
| Ratna Ghosal Assistant Professor School of Arts and Sciences <i>Member</i> | Rama Ratnam Professor School of Arts and Sciences <i>Member</i> | |

Externally Sponsored Projects

In the academic year 2024-25, there were 44 ongoing sponsored projects with a total sanctioned budget of INR 3060 lakhs. Of these, 11 projects were completed during this period, and 13 new projects with a total sanctioned budget of INR 745 lakhs were approved. The details of the ongoing projects are given below:

| PRINCIPAL AND CO INVESTIGATORS | TITLE OF THE PROJECT | FUNDING AGENCY | AMOUNT (INR IN LAKHS) |
|---|---|---|-----------------------|
| Krishna Swamy (School of Arts and Sciences) | Unraveling Cellular Re-programming Underlying the Evolution of Hybrid Vigour in Introgressed Yeast Hybrids (Ramalinga Swamy Fellowship) | Department of Biotechnology | 113.6 |
| Snigdha Khuntia (PI) (School of Engineering and Applied Science) Sameer Dalvi (Co-PI) (IIT Gandhinagar) | Synthesis of Magnetic Catalyst Coated Microbubbles for Removal of Trace Pollutants | Department of Science and Technology, Government of India | 38.7 |
| Ashutosh Kumar (PI) (School of Arts and Sciences) Sunil Kumar Singh (Co-PI) Samir Damar (Co-PI) (CSIR-NIO, Goa) Vikrant Jain (Co-PI) Vimal Misra (Co-PI) (IIT Gandhinagar) Sanjeev Kumar (Co-PI) (PRL) | Study of Earth Surface Processes at Three Different Critical Zones with Different Climatic and Geologic Settings in Western India | Ministry of Earth Sciences | 23.93 |
| Shanaya Patel (School of Arts and Sciences) | Early Career Fellowship | DBT/Wellcome Trust India Alliance | 167.34 |
| Harshad Mayekar (School of Arts and Sciences) | SERB NPDF | Science and Engineering Research Board, New Delhi | 22.37 |
| Vivek Tanavde (PI) Ashutosh Kumar (Co-PI) (School of Arts and Sciences) | Imaging and Flow Cytometry Centre at Ahmedabad University | Department of Biotechnology | 448.35 |
| Dhaval Patel (PI) Mehul S Raval (Co-PI) (School of Engineering and Applied Science) Mukesh Zaveri (Co-PI) (NIT- Surat) | Design and Development of 5G Enabled Intelligent Transportation System in Gujarat | Gujarat Council on Science and Technology | 22.1 |
| Mehul Raval (PI) (School of Engineering and Applied Science) Paawan Sharma (Co-PI) (Pandit Deendayal Petroleum University) | Semantic Person Retrieval in Surveillance | Gujarat Council on Science and Technology | 33.18 |
| Raghvinder Singh (School of Arts and Sciences) | Development of a Free-Induction-Decay Atomic Magnetometer for Geomagnetic Applications | Science and Engineering Research Board | 32.85 |
| Bhuvan Pathak (PI) (School of Arts and Sciences) Subramanian Sankaranarayanan (Co-PI) (IIT Gandhinagar) | Development of Polyunsaturated Fatty Acid Rich Groundnut Cultivars Using CRISPR-Cas9 Gene Editing | Gujarat State Biotechnology Mission | 47.54 |
| Vivek Tanavde (PI) (School of Arts and Sciences) Dhiraj Bhatia (Co-PI) (IIT Gandhinagar) | Development of a Nano Liposomal Formulation for Targeting Chemo-Resistant Oral Cancer Stem Cells | Gujarat State Biotechnology Mission | 34.81 |
| Rama Ratnam (School of Arts and Sciences) | Cellular and Molecular Imaging Centre at Ahmedabad University | Department of Science and Technology (FIST) | 239 |
| Dharamashi Rabari (PI) (School of Engineering and Applied Science) Sanjay Patel (Co-PI) (Nirma University) | Investigations of Deep Eutectic Solvents as Catalyst for Cyclo-addition of CO ₂ to Propylene Oxide: Quantum Calculations and Experimental Verification | Gujarat Council on Science and Technology | 17.85 |

| PRINCIPAL AND CO INVESTIGATORS | TITLE OF THE PROJECT | FUNDING AGENCY | AMOUNT (INR IN LAKHS) |
|--|---|---|-----------------------|
| Rama Ratnam (PI) Krishna Swamy (Co-PI) (School of Arts and Sciences) | Optimal Neural Coding of Sensory Signals | Science and Engineering Research Board | 34.58 |
| Minal Pathak (PI) Priyadarshi Shukla (Co-PI) (Amrut Mody School of Management) Vaibhav Chaturvedi (Co-PI) Praveen Chandrasekaran (Co-PI) (Council on Energy, Environment and Water) | Net Zero Strategy for the State of Gujarat, India | United Nations Office for Project Services | 103.91 |
| Ashim Rai (School of Arts and Sciences) | Intermediate Fellowship -Structure-Function Mapping of Salmonella-host Cytoskeleton Interactions | DBT/Wellcome Trust India Alliance | 376.25 |
| Neel Kamal Chapagain (PI) (Amrut Mody School of Management) Sriparna Saha (Co-PI) (Graphic Era Hill University) | Understanding the Making of 'Gandhi of Architecture': Exploring the Values of Vernacular Heritage of Pithoragarh in the Indian Himalayas | Indian Council of Social Science Research | 6 |
| Akhand Rai (School of Engineering and Applied Science) | Development of Intelligent Pipeline Leak Detection and Localisation Practices Independent of Prior Leak History | Science and Engineering Research Board | 18.3 |
| Soumen Ghosh (School of Arts and Sciences) | Study of Electron Energy Distribution on Formation of Double Layer in Expanding Plasma | Science and Engineering Research Board | 32.51 |
| Gaurav Goswami (School of Arts and Sciences) | Probing the Existence of Light Bosons with Recent Cosmological Observations | Science and Engineering Research Board | 17.49 |
| Tapaswini Sarangi (PI) Aditya Vaishya (Mentor) (School of Arts and Sciences) | High-resolution Air Quality Analysis towards Clean Air and Sustainability over Western India | Department of Science and Technology, Government of India | 30.55 |
| Ashutosh Kumar (PI) (School of Arts and Sciences) Dhiraj Bhatia (Co-PI) (IIT Gandhinagar) | Co-delivery of Methotrexate and RELA siRNA Using Nanoscale DNA Tetrahedrons and Folate Liposomes to Synergistically Target Synovial Macrophages in Rheumatoid Arthritis | Gujarat State Biotechnology Mission | 79.38 |
| Darshini Mahadevia (School of Arts and Sciences) | Assessment of Adaptation to Climate Change in Indian Cities - Report to NATCOM and BTR | Ministry of Environment, Forests, and Climate Change, Government of India | 34.67 |
| Jeemol Unni (PI) Sonal Yadav (Co-PI) (Amrut Mody School of Management) Ravikiran Naik (Co-PI) (FLAME University) | Digital Labour Platforms in India: Understanding Precarity and Empowerment | Indian Council of Social Science Research | 20 |
| Darshini Mahadevia (PI) (School of Arts and Sciences) Geetam Tiwari (Co-PI) (IIT Delhi) | Inclusive Net-Zero Transport Plan for a Gujarat city | United Nations Office for Project Services | 71.28 |
| Amit Nanavati (School of Engineering and Applied Science) | GraaS: Graph Analytics for Security | Cisco University Research Program Fund/Silicon Valley Community Fund | 27.83 |
| Subhash Rajpurohit (School of Arts and Sciences) | eDNA Assessment of Nalsarovar Wetland: Understanding the Interplay of Life and Temperature | Climate Change Department, Government of Gujarat | 12 |
| Ashutosh Kumar (PI) Vivek Tanavde (Co-PI) (School of Arts and Sciences) | Synergistic Chemotherapy and microRNA Intervention via Liposome-mediated Delivery System targeting HER2: A Comparative Study between miR155/Paclitaxel and miR145/Docetaxel Combinations against Drug-resistant Breast Cancer | Indian Council of Medical Research (ICMR) | 72.22 |

| PRINCIPAL AND CO INVESTIGATORS | TITLE OF THE PROJECT | FUNDING AGENCY | AMOUNT (INR IN LAKHS) |
|--|--|---|-----------------------|
| Krishna Swamy (School of Arts and Sciences) | Investigating the Role of Ploidy Dependent Chromosome-wide Dosage Compensation that Alleviates Proteotoxic Stress in Introgressed Yeast Hybrids. | Science and Engineering Research Board | 42.49 |
| Ratna Ghosal (School of Arts and Sciences) | Monitoring Reproductive Strategies of Marsh Crocodile Populations within Gujarat, an Interdisciplinary Approach Using Deep Learning Tools, Behavioural Observations, and Non-Invasive Endocrine Assays | Council of Scientific and Industrial Research | 26.97 |
| Bijal Mehta (PI) Kavita Saxena (Co-PI) Neha Gadhvi (Co-PI) (Amrut Mody School of Management) | Experiences and Expectations from Networking Associations for Business: A Perspective from Women Entrepreneurs at Gujarat | Indian Council of Social Science Research | 8.08 |
| Aditya Vaishya (PI) (School of Arts and Sciences) Girach Imran A., (Co-PI) (Space Applications Centre, ISRO, Ahmedabad) | Air Quality Assessment over Ladakh | Space Applications Centre, ISRO, Ahmedabad | 32 |
| Eshita Mazumdar (Co-PI) (School of Arts and Sciences) Debika Banerjee (PI) (IIT Delhi) | Different Aspects of Combinatorial and Analytic Number Theory | Anusandhan National Research Foundation (ANRF) | 55.28 |
| Samyaday Chaudhury (PI) (School of Arts and Sciences) Shivam Kumaran (Co-PI) (Space Applications Centre, ISRO, Ahmedabad) | Study of Interstellar Medium Filaments Detection Algorithms and Application on the Galactic Plane Terahertz Surveys | Space Applications Centre, ISRO, Ahmedabad | 9.3 |
| Sanket Patel (PI) (School of Engineering and Applied Science) Sudhir Pandey (Co-PI) (Amrut Mody School of Management) | Scalable Digitisation Model and System to Learn, Recreate, Validate, and Preserve the Folklore and Classical Performing Art | Department of Science and Technology, Government of India | 30.75 |
| Dhaval Patel (PI) (School of Engineering and Applied Science) Chetan Patel (Industry Partner) (TechSture Technologies India Pvt. Ltd) | Deployment of 6G Accelerated Smart Transportation with C-V2X on Ahmedabad-Rajkot Highway (NH47) Corridor | Department of Telecommunications | 55 |
| Aditya Wadekar (PI) Ratna Ghosal (Co-PI) (School of Arts and Sciences) | Applying a Multi-pronged Approach to Assess the Health of a Large Ectotherm- Muggar Crocodile- across Varying Habitats | Wildlife Conservation Society | 6.43 |
| Aditya Chaturvedi (PI) (School of Arts and Sciences) Molly Kaushal (Co-PI) (Amrut Mody School of Management) | Academic Studies on Maha Kumbh Mela (A Study on Anthropological Practices: Understanding Natural Conglomeration for Maha Kumbh 2025) | Government of Uttar Pradesh | 26.65 |
| Aditi Deo (School of Arts and Sciences) | Singing With Care: Senior Citizens Karaoke Clubs in Ahmedabad, India | Musical Care International Network | 3.19 |
| Kanad Patel (PI) Maryam Kaveshgar (Co-PI) (School of Engineering and Applied Science) | Biomimicking Autonomous Underwater Vehicle with SONAR Imaging | EPICS in IEEE | 5.93 |
| Sunil Kale (School of Engineering and Applied Science) | Education, Training, and Skill Development of National Technical Textiles Mission | National Technical Textiles Mission, Government of India | 444.36 |
| Shomen Mukherjee (PI) (School of Arts and Sciences) Oded Berger-Tal (Co-PI) (Ben-Gurion University) | Monitoring Asiatic lions in the Greater Gir Landscape of Gujarat | Arvind Foundation | 30.07 |
| Subhash Rajpurohit (School of Arts and Sciences) | A Novel Ovary-based Gene-screen for Potential Biocontrol Strategies for Invading Insect Pests | Gujarat State Biotechnology Mission | 42.95 |
| Kanisha Kalaria (PI) Vivek Tanavde (Mentor) (School of Arts and Sciences) | Targeting Oral Cancer Stem Cells Using Drug Loaded DNA Nanocages | Indian Council of Medical Research | 53.53 |

Institutional Biosafety Committee

The Institutional Biosafety Committee (IBSC) is an internal regulatory committee created under the guidelines of the Department of Biotechnology, Government of India. IBSC reviews all research activities on biohazardous substances and maintains the University's biosafety guidelines. Following the guidelines of IBSC, the primary investigator (PI) must apprise the IBSC about experiments involving biohazardous substances. The PI must obtain IBSC approval before conducting similar experiments on the University premises.

During this academic year, this committee met twice in September 2024 and December 2024 and approved two projects. The IBSC submitted an annual compliance report to the Department of Biotechnology for the Financial Year 2024- 25. The Department of Biotechnology renewed and approved the IBSC at Ahmedabad University on October 20, 2023. The current committee members are:

Vivek Tanavde

Associate Professor
School of Arts and Sciences
Chairman

Dhiraj Bhatia

Assistant Professor
IIT Gandhinagar
External Expert

Rama Ratnam

Professor
School of Arts and Sciences
Internal Member

Sharmistha Majumdar

Associate Professor
IIT Gandhinagar
DBT Nominee

Gayatri Raval

University Doctor
Office of Dean of Students
Biosafety Officer

Krishna Swamy

Associate Professor
School of Arts and Sciences
Internal Member

Ratna Ghosal

Associate Professor
School of Arts and Sciences
Member Secretary

Souvik Sen Gupta

Associate Professor
School of Arts and Sciences
Internal Member

The Undergraduate College

The Office of the Dean of the Undergraduate College oversees the philosophy, structure, and implementation of undergraduate programmes. It works closely with the University's schools to enhance students' learning experiences.

The Undergraduate Programme at Ahmedabad University is designed to create responsible citizens who can build a better society. The flexible curriculum allows students to explore their passions while gaining expertise in a chosen field. Through innovative teaching and interdisciplinary learning, the programme cultivates a love for learning and a passion for finding action-oriented solutions to societal issues. The University fosters an environment of empathy and respect, where students and faculty can use scholarship to engage with diverse ideas and opinions.

The Office recommends new academic policies or suggests revisions to existing policies based on feedback from students and faculty.

Foundation Programme

The Foundation Programme is a mandatory common core for all first-year students, designed to build a strong foundation for interdisciplinary learning. The programme focuses on 21st-century skills and perspectives needed to become a responsible global citizen through project-based learning.

It is structured around six key domains:

| | | |
|---------------|------------------|-------------------------------|
| Data Science | Behaviour | Constitution and Civilisation |
| Communication | Biology and Life | Materials |

These domains are taught through three thematic studios, including Democracy and Justice, Environment and Climate Change, and Water, which emphasise a holistic and hands-on approach to inquiry and problem-solving.

Additionally, all students will take a First Year Interdisciplinary Seminar. This course focuses on reading, writing, and critical thinking, building on the interdisciplinary philosophy with a deeper dive into domains within each school. The seminar also aims to enhance students' writing skills, helping them synthesise complex ideas effectively.

The Foundation Programme uses an interdisciplinary approach to engage students with contemporary societal problems. Through project-based learning and thematic studios, such as the one on Water, students learn to apply multiple systems of knowledge, including biology, data science, and communication, to analyse issues and develop solutions. The programme incorporates lectures, fieldwork, and prototyping to provide a hands-on learning experience.

The Foundation Programme studio on Environment and Climate Change satisfies all requirements for pursuing a course on Environment.

Foundation Series - Real World Insights

In 2024-25, as part of the interdisciplinary, project-based approach of the Foundation Programme, the Office introduced the Foundation Series: Real World Insights. The series helped students supplement the academic conceptual understanding developed through their studios with direct exposure to industry experts with extensive knowledge and practice experience. These sessions effectively bridged the gap between theoretical frameworks and real-world applications across different domains covered in the studios' modules.

Democracy and Justice

Kanan Dhru, Senior Lecturer-LegalTech, The Hague University, Netherlands. *Justice Innovation in the Age of Artificial Intelligence*. August 22, 2024.

Shyam Parekh, Editor and Journalist, Media Educator, Founder of Gujarat Literature Festival. *The Press and the People - Unpacking Media's Role in Democracy*. September 20, 2024.

Water

Rajagopalan Balaji, Professor and Former Chair, Department of Civil, Environmental and Architectural Engineering, University of Colorado Boulder. *Two-decade Long Drought and the Water Supply Crisis on the Colorado River*. August 6, 2024.

Vivek P. Kapadia, Former Secretary to Government of Gujarat, and Director, Sardar Sarovar Narmada Nigam Ltd. *Water Resource Management and Engineering*. August 21, 2024.

Nafisa Utthan, Former Executive Director, Founder and Advisor, Utthan. *Gender Transformative Water Security*. September 4, 2024.

Paresh Vora, Executive Director, WIN Foundation, **Gayatri Doctor**, Senior Associate Professor, CEPT University, **Shubhra Raje**, Founder, Shubhra Raje Built Environments, **Mahesh Pandya**, Director and Editor, Paryavaran Mitra, **Piyush Pandya**, Architect, Urban Planner and Academician, **Jatin Sheth**, Social Activist, and **Mansee Bal Bhargava**, Founder and Director, WforW Foundation and Research Entrepreneur at Environmental Design Consultants Ahmedabad. *Interaction on Water Education*. March 25, 2025.

Foundation Challenge: Real World Quests

The Foundation Challenge empowers students to analyse various phenomena and apply their interdisciplinary and domain-based learning to real-world challenges. In Monsoon 2024 and Winter 2025, 14 and nine student teams identified an issue they were passionate about and dedicated 10 days to intensive work. This included field research through interviews, surveys, and other methods to gain comprehensive insights from diverse perspectives, including meetings with over 20 faculty across all disciplines.

Based on their findings, groups refined or adjusted their project focus to ensure meaningful outcomes. With guidance from faculty mentors, students fine-tuned their ideas and methodologies. The challenge culminated in tangible outputs such as business plans, prototypes, digital platforms, awareness campaigns, research reports, creative pieces, or educational curricula.

Each output aimed at creating positive change, demonstrating the student's ability to connect their Foundation Programme knowledge with real-world applications. The students presented their work to a panel comprising faculty from Ahmedabad University, defending their research and choices, after which the top three projects were awarded. Details of these projects are given below.

Monsoon 2024 - Winning Projects

1. **Unconsumed Food:** Reducing hunger by collecting unconsumed food from students and cafeteria facilities at Ahmedabad University and redistributing it amongst the underprivileged. The students included Drushti Lalwani and Shreyansh Agarwal from BSM (Hons), Swayam Prajapati from BTech, Yash Koshti from BA (Hons), and Yug Digneshbhai Bangoriya from BS (Hons).
2. **Recycle Rangers:** Incentivising students to recycle paper waste they accumulate throughout the semester. The students included Anya Daftary and Sakshi Sharma from BA (Hons), Kuhu Upadhyay from Integrated MS, Maitrey Dave, Manas Pandya, and Pratik Agrawal from BTech, and Rahul Sadrani from BSM (Hons).
3. **Metro: Nakshatra Nav** - incentivising the use of the metro as a means of public transport among students at Ahmedabad University. The students included A. Karthikey Reddy and Vridhi Jain from BA (Hons), Nandini Singh and Rishika Raj from Integrated MS.

List of Foundation Challenge Projects

Menstruation: Teaching school children about menstruation in an inclusive and gender-neutral manner, discussing and presenting it in a scientific and sensitive way to eliminate the taboos associated with the topic.

Terrablooms: Create low-cost methods for housing societies to begin composting their wet waste in order to incentivise waste segregation.

Environment and Climate Change

Youba Sokona, Former Vice Chair, IPCC. *Prospects for Climate Resilient Development and Just Energy Transition in African Countries*. August 12, 2024.

Vijayalakshmi, Founder, Vishwapriya Permaculture, and Permaculture Educator and Designer. *Permaculture and Sustainable Farming*. August 23, 2024.

Dileep Mavalankar, Distinguished Professor of Public Health and Former Director, Indian Institute of Public Health, Gandhinagar. *Climate Change and Ahmedabad Heat Action Plan and its Impact*. September 6, 2024.

Navin Juyal, Senior Scientist, Physical Research Laboratory. *Is Global Warming Responsible for the Recent Disaster in the Himalayas?* September 13, 2024.

Daily Wage Labourers: Highlighting the challenges faced by daily wage labourers during heatwaves.

Dairy Alternatives: Exploring the health, animal, and ecological effects of dairy and looking at alternatives.

Substance Abuse: Focuses on reducing substance use, specifically smoking, through nudges and other interventions.

Udaan: Night School - Providing an alternative education focusing on academics and life skills to children aged 8-15 from underprivileged communities.

Language Support: Minimising language barriers for students who come from vernacular schooling.

Malnutrition: Malnutrition and undernourishment among children from underprivileged backgrounds.

Winter 2025 - Winning Projects

1. **Grounds up:** Creating bio-leather from discarded chai patti and coffee grounds, and empowering underprivileged communities to craft sustainable handicrafts from this eco-friendly material. The students included Soumyaa Desai, Heet Jain, and Kavya Ranka from BSM (Hons) and Eileen Patel (Undeclared).
2. **Wings of Change:** Wings of Change is a student-led initiative transforming Ahmedabad University's green spaces into vibrant, pollinator-friendly ecosystems with purpose beyond aesthetics. The students included Krish Shah, Dheer Mulani, Anaya Shah, Archi Patel, Richa Pujara, and Mauryaraj Prajapati from BSM (Hons).
3. **Sort it:** Developing solutions for efficient waste segregation and incentivising community participation. The students included Rakshit Singh from BS (Hons), Manit Varshney from BSM (Hons), Eti Patel, and Yash Manjrekar from BA (Hons).

List of Foundation Challenge Projects

Beyond Binary: Transforming the Ahmedabad University campus into an inclusive environment that recognises and embraces gender as a diverse spectrum.

Project Stitched: Promoting sustainable fashion by upcycling used clothes and donating unwanted ones to extend their life cycle.

Hydrogrow: Designing a moisture sensor that detects dry soil and automatically draws water from an external source to keep plants watered completely hands-free.

Men's Mental Health: Creating a more mental health positive atmosphere for men at Ahmedabad University.

Know Your Body: Teaching sex education in an inclusive and sensitive manner to promote awareness around taboo topics such as sex and female body.

Bio Enzymes: Raising awareness about bio enzymes as alternatives to chemical cleaning solutions.

Re:Book: Encouraging the donation of used books by connecting students and institutions through a dedicated website to support those in need of text books/other reference books.

Guardians of the Grounds: Aiming to understand and improve the working conditions of support staff at Ahmedabad University during high heat events through actionable interventions.

Street Food Vendors: Raising awareness about unhygienic street food through a website and educating street food vendors on proper hygiene practices through awareness drives.

First Year Interdisciplinary Seminar on Critical Thinking and Writing

The First Year Interdisciplinary Seminar courses, which are mandatory and part of the Foundation Studio, are offered to all first-year undergraduate students every Winter Semester 2025. This is a "way of thinking" course, which focuses on reading, reflecting, analysing, discussing, and writing to build critical skills.

Lists of courses offered in Winter 2025

Alien in your own land? The Northeast in the idea of India

At Home in the World? Tracing the Indian Diaspora of Indenture

What Makes the World Hang Together? Laws and Institutions in the Rule-based Global Order

Doing Well by Doing Good?

Science and Social Responsibility: Coping with Global Warming

The Social Life of Waste

Learning How to Learn with (Generative) AI: Imagining Hybrid Intelligence

Stars, Stories, and Science

The Power of Things: Critical Writing on Objects in Art and Culture

Feminism is for Everybody

Humans at Extreme Environment Frontiers

Memes Matter: The Role of Memes in Communities, Market, and Political Movements

Environment, Health, and Society: An Interdisciplinary Approach to Global Challenges

Emergence: Understanding Complex Systems in Science and Society

Talkin' Bout a Revolution: Music, Protest, and Socio-Economic Transformations

Can Innovation and Entrepreneurship Drive Economic Growth While Balancing Social and Environmental Priorities?

Swipe and Scroll: Behind the Scenes of Viral Marketing

AI, Business, and Democracy: Ethics, Governance, and the Digital Future

Animals and Humans: Intersections, Interactions, and Ethics

Student Volunteer Programme

All Undergraduate and Integrated Master's students admitted from 2024 need to complete 45 hours of engagement with society as a prerequisite for graduation. One of the objectives of this Social Service requirement is to build a value for action in the lives of our students. This is achieved through a mandatory course, Engagement with Society, coordinated by the Student Volunteer Programme.

Details for the year 2024-25 are given below:

| | |
|--|---|
| Jivdaya Charitable Trust - Animal welfare | aProCh - Aims to create a child-friendly city |
| Humankind - Creating teaching aids and conducting sessions for students from under-resourced schools | Centre for Environment Education (CEE) - Promoting environmental awareness |
| Khoj Museum - Science education | Manav Sadhna - Providing holistic education to underprivileged communities |
| Prabhat Education Foundation - Special needs education | Teach for India - Conducting teaching sessions for underprivileged students |
| TIDE Foundation - Generating teaching materials | Avsath - Providing education to underprivileged children |
| Gyan Prakash Charitable Trust - Conducting teaching sessions for underprivileged children | Karunakare - Offering free holistic support to cancer patients |
| Shwas Charitable Trust - Providing education to slum kids | |

This year, about 626 students participated in these projects until June 2025. The community service initiative combines on-field volunteering with reflective meetings to offer students a richer, more sensitive experience. The programme includes discussions, social issue identification, and collaborative problem-solving to help students better understand and address community needs.

Undergraduate Research Programme (UGRP)

The Undergraduate Research Programme (UGRP) offers students from all disciplines a chance to gain mentored research experience. This programme allows undergraduates to collaborate with faculty mentors on projects, explore new interdisciplinary fields, or delve deeper into their area of study, culminating in the dissemination of their results. In 2024-25, 158 students participated in 56 UGRP projects with 40 faculty members.

Lists of completed UGRPs in 2024-25

Foundation Programme Volume

Document faculty and student experiences for a volume on the Foundation Programme's evolution from 2018 to its current studio structure, featuring scholarly articles, student projects, and pedagogical innovations. It provided multiple perspectives on the programme's interdisciplinary philosophy.

Empirical Study of Venture Capital/Private Equity and IPO Performance

Faculty examined the impact of firm specific and investor related variables on the likelihood of participation of foreign investors, domestic investors and Joint Venture (JV) partners in Indian firms.

Total Factor Productivity Estimation and Dashboard Development

This project will estimate Total Factor Productivity (TFP) using factory-level data from India. TFP measures the output difference between businesses with identical inputs. Students will first study the relevant literature and estimate TFP with close faculty guidance. The second component involves developing a web-based dashboard to visualise the estimated TFP at various levels.

Digital Labour Platforms in India: Understanding Precarity and Empowerment

This project will study digital labour platforms, distinguishing between digital wage/salary and self-employed gig workers. It will examine worker characteristics and motivations, focusing on gender differences and how workers perceive their employment status. The research will highlight the need for economic and social security for gig workers to foster a more sustainable and inclusive platform economy.

Consumer Perceptions of 'Savoir-faire' Promotions of Luxury Fashion Brands

This project aims to understand how consumers perceive 'savoir-faire' promotions by luxury fashion brands. To examine this, the researchers will collect online data, including content shared by brands and consumer reactions. They may also conduct interviews to gain a deeper understanding of consumer perceptions.

'DEIWatch: A Systematic Literature Review on Accountability Frameworks for Fair AI Systems'

This project focuses on conducting a Systematic Literature Review (SLR) to examine existing frameworks, methodologies, and metrics that assess the impact of AI systems on Diversity, Equity, and Inclusion (DEI). The project will identify research gaps, evaluate current practices, and propose future directions for developing accountability frameworks.

Understanding Bayesian Extinction and Stellar Tool (BEAST).

This project will use Spectral Energy Distribution Diagrams (SEDs) to estimate a star's physical parameters. The student will use the Bayesian Extinction and Stellar Tool (BEAST) to fit stellar atmospheric models to multi-wavelength data from the Magellanic Bridge, collected by instruments like UVIT, Gaia, and VMC. The role involves understanding, installing, and running the BEAST software.

Understanding Transit Method for Exoplanet Detection and TESS Data

This project aims to analyse light curves from the TESS survey by developing robust analytical techniques and conducting a literature review on transit methods. The work will use mathematical functions for statistical analysis, including dimension reduction to find dominant variability, classification, regression modeling, and outlier detection.

Understanding Present India through its Data and Statistics

1. Study of Women Workforce Participation and School Enrollment of Students
2. Living Condition
3. Extreme Climate Data
4. Public Health Data
5. Political Data

The project includes quantifying the relationship between unemployment rates and education levels using national survey data, and examining how women's workforce participation influences their children's education. Students will also learn to estimate the number of homeless people in India, using these projects to understand complex societal challenges better.

A Review of Philosophical Isms about Mind/Psychology

The project explores the intersection of philosophy and psychology, specifically focusing on how various philosophical perspectives ("isms") inform our understanding of the human mind and psychological processes.

Effect of Emotions on Self-referential Processing

We prioritise new information associated with ourselves over others, a phenomenon known as self-prioritisation. The perceptual saliency model explains this by positing that associating information with the self increases its saliency, which leads to biased processing. This project will investigate how another powerful stimulus, emotion, influences this self-prioritisation.

Psychology of Disgust

The project examines the social and pathological aspects of disgust, a fundamental and multifaceted human emotion, focusing on how personality traits and gender influence its manifestation.

English to Hindi Survey Translation

This project seeks fluent English and Hindi speakers to translate a survey. The primary responsibilities include accurately translating the English survey into culturally appropriate Hindi and reviewing the final text for errors.

Designing Computer-based Behavioural Games to Measure Cognitive Processes

The project involves designing short behavioural experiments to measure human attention and decision-making processes. The research intern will design these brief, reaction-time-based games using Python or MATLAB.

Exploring Ayurveda for Anti-leishmanial Therapeutics

This project will explore whether complex plant extracts used in traditional medicine can help combat leishmaniasis. It will involve an extensive literature review to identify Ayurvedic formulations with reported anti-microbial properties and investigate their potential as anti-leishmanial agents through experimental approaches.

Setting up a Radio Telescope (BOSE Antenna) at Ahmedabad University -Phase I

The project will provide students with hands-on experience in radio astronomy by having them build and set up a horn antenna at the University. This antenna, a miniature radio telescope, will detect 21cm radiation from the Milky Way's vast amounts of neutral hydrogen gas.

Understanding Basking Behaviour of Mugger Crocodiles Using Multi Pronged Approach

Thermoregulation is crucial for all organisms. Unlike humans, cold-blooded animals like crocodiles rely on their environment to maintain body temperature. They exhibit fascinating behaviours such as basking and gaping to cope with adverse conditions. The project aims to understand how these dynamic behavioural adjustments are crucial to their survival.

Visualising Science: Biodiversity Dynamics for Sustainable Futures

This project aims to communicate scientific research to a general audience, particularly the young, by encouraging them to ask relevant questions at the intersection of environmental science, ecology, and climate change. Students will work as writers, illustrators, and programmers to create engaging digital media that communicates scientific knowledge in an interactive and visually compelling manner.

An Analog Double Differentiator for Electron Distribution Function Measurement in Plasma

Students will build an analog double differential circuit and test its operation by applying known signals, such as sine or cosine, to verify its operation. A frequency response will also be tested, specifically its operation at 1 Hertz. Besides hands-on exercise, students will learn about basic plasma physics.

Pedestrian-Driver Interaction

Understanding various behaviour patterns of the pedestrian and the pedestrian-driver interaction during crossing the road in the context of Indian road scenarios. The outcome will help create a dataset and further studies in ADAS and AV.

Advanced Rider Assistance System (ARAS)

Understand how people drive or interact with the driver during their daily commutes. Gathering information to model the behaviour and define safety norms.

Mixing Induced Advanced Oxidation Process: CFD Simulations and Experimental Measurement

The project will involve interesting lab-based experiments to achieve a sustainable method for wastewater treatment and finally achieve reusable water.

Experimental Study to Understand

1. Mixing in Bench Scale Vessels Containing Water with Air

Diffusers

2. Mixing and Solid Suspension in Lab Scale Vessels Containing Water with Air Diffusers

The project will study mixing and solid suspension using an air-water system to optimise advanced oxidation processes for wastewater purification. The research will experimentally investigate how varying the position of the diffuser and the air flow rate affects dissolved oxygen levels, mixing, and solid suspension.

Design and Prototype of the Biomedical Cardiovascular Stent Made up of 3D Printed SS 316L: Finite Element Simulation

The project will use the Finite Element Method (FEM) to design and optimise a cardiovascular stent (small, mesh-like tubes implanted in coronary arteries to prevent them from re-closing after angioplasty). The study will analyse the corrosion behaviour of 3D-printed stainless steel SS 316L under different types of loading, aiming to evaluate, and improve the stent's lifespan.

Edge Artificial Intelligence

With the rise of smart edge devices, edge AI is being used in time-sensitive applications like autonomous vehicles and remote surgery to provide ultra-low latency. This project offers students a chance to gain expertise in edge AI applications within distributed systems, including swarm robotics and network optimisation.

Learning Coalition for the Foundation Programme Faculty

The Learning Coalition reviews all aspects of the Foundation Programme. It looks at the studios anew to determine if any major changes are needed in content, evaluation, pedagogy, resources, or scheduling, and implements those changes as feasible.

In the 2024-25 academic year, a total of 73 Foundation Programme faculty members participated in the Learning Coalition. The sessions were held on July 11, 2024, with 50 participants, and on March 3, 2025, with 23 participants.

Capstone Projects

Capstone projects address real-world problems that require interdisciplinary teams to solve them. These problems can be identified by students, faculty, and University administration, or sourced from external organisations like start-ups, small and medium enterprises, and NGOs. Each project comprises a team of 4-6 students from at least two different disciplines, and is led by a faculty member. In 2024-25, 498 students participated in 90 Projects (both internal and external) mentored by 43 faculty members.

Mahatma Gandhi Scholars Programme

The Mahatma Gandhi Scholars Programme seeks to bring some of the brightest and most talented students across the country to Ahmedabad University.

- Summer internship experiences
- Mentorship while applying for graduate studies in India and abroad
- A significant scholarship

This programme provides:

- Depth and breadth of educational experiences beyond the existing curricular requirements through intensive academic projects
- High levels of engagement with faculty, deans, and distinguished visitors from academia, government, and industry
- Participation in quasi-curricular programmes to stimulate research, promote independent inquiry, and encourage curiosity in academic and non-academic endeavours
- Engagement with Indian societal issues with a definite action-oriented plan

This year, we welcomed three new students to this programme

1. **Aayushi Dave**, BA (Hons), Psychology
2. **Ipsita Sharma**, The BxMx Programme (Dual Degree), BA (Hons) in Social and Political Sciences + MBA
3. **Tamanna Chandna**, Bachelor of Arts (Hons), Psychology

International Affairs

The Office advances Ahmedabad University's internationalisation agenda by enabling partnerships with global institutions, non-profit organisations, foreign missions, and student organisations. The Office cultivates a culture of global citizenship and leadership among students and faculty by hosting international university delegates, administering the semester abroad programme, and organising international higher education fairs. Additionally, the Office supports incoming international students and scholars visiting the University under governmental and bilateral agreements such as Fulbright, American Institute of Indian Studies (AIIS), and the Erasmus KA 171 programme.

International Admits to Global Educational Institutions

In 2024–25, students received offers from over 70 international institutions across North America, Europe, Asia, and Australia, including:

Amrut Mody School of Management

Babson College, USA
 Boston University, USA
 Brunel University of London, UK
 Georgetown University, USA
 Johns Hopkins University, USA
 Kedge Business School, France
 Kings College London, UK
 La Trobe University, Australia
 London Business School, UK
 NEOMA Business School, France
 New York University, USA
 Northeastern University, Boston, USA
 Polimoda, Italy
 Purdue University, USA
 RMIT University Melbourne, Australia
 Singapore Management University, Singapore
 SKEMA Business School, France
 Trinity College Dublin, Ireland
 University of Adelaide, Australia
 University of California, Riverside, USA
 University of Canberra, Australia
 University of Massachusetts Boston, USA
 University of Rochester, USA
 University of South Australia, Australia
 University of Warwick, UK
 York University, Canada

School of Arts and Sciences

Birmingham University, UK
 Julius-Maximilian-Universität Würzburg, Germany
 La Trobe University, Australia
 London School of Economics and Political Science, UK
 Loughborough University, UK
 Monash University, Australia
 New York University, USA
 North Carolina State University, USA
 Northeastern University, USA
 Queen Mary University of London, UK
 Saarland University, Germany
 Texas A&M University, USA
 University College London, UK
 University of Buffalo, USA
 University of Minnesota, Twin Cities, USA
 University of New Haven, USA
 University of Padova, Italy
 University of Pennsylvania, USA
 University of Western Australia, Australia
 University of Western Sydney, Australia
 Vanderbilt University, USA
 York University, Canada

School of Engineering and Applied Science

Arizona State University, USA
 Drexel University College of Engineering, USA
 George Mason University, USA
 McMaster University, Canada
 New York University, USA
 North Carolina State University, USA
 Northeastern University, USA
 Northwestern University, USA
 Rutgers New Brunswick, USA
 Stony Brook University, USA
 Technical University of Munich, Germany
 University of Illinois, Chicago, USA
 University of Maryland at College Park, USA
 University of Massachusetts Amherst, USA
 University of Southern California, USA
 University of Texas at A&M, USA
 University of Texas at Arlington, USA
 University of Texas at Dallas, USA
 University of Windsor, Canada

University Delegation Visits

Dasheika Ruffin, Global Head of Google's Diversity, Equity, and Inclusion (DEI) and Community Engagement Strategy and Former Campaign Staff for President Obama; and **Alison Williams**, Former Chief of Staff to Arkansas Governor Asa Hutchinson. US Embassy Speaker Programme on US Elections. September 5, 2024.

Kelly Goulis, Senior Associate Dean of Admissions and Student Engagement, Viterbi School of Engineering, University of Southern California (USC), Los Angeles, USA. September 25, 2024.

Rimi Khan, Professor, National University of Singapore (NUS), Singapore. Session on Master of Arts in Creative and Cultural Entrepreneurship. October 14, 2024.

Pankaj Chandra, Vice Chancellor; **Raghavan Rangarajan**, Dean, School of Arts and Sciences; and **Anubhooti Arora**, Director, Office of International Affairs, Ahmedabad University, visited Virginia Commonwealth University (VCU), Qatar, and New York University (NYU), Abu Dhabi. November 27-29, 2024.

Events

During 2024-25, the Office conducted over thirty events, including high-level delegation visits and international education fairs. It hosted forty international higher education institutions on campus for talks, information sessions, workshops, and partnership-building meetings. Furthermore, the Office hosted four international education fairs.

It further facilitated Professor Amit Nanavati's visiting fellowship at the Huawei Lab within Edinburgh's School of Informatics. It also enabled Juhi Bansal, Senior Associate Director of the Centre for Learning Futures, to visit the University of Applied Sciences, Nysa, Poland, fostering stronger collaboration.

Office of International Affairs. *Annual Multi-Country Education Fair 2024.* August 7, 2024.

Indiana University. *The Kelley MSIS Global Case Competition.* August 14, 2024.

Office of International Affairs. *International B-School Fair 2024.* August 28, 2024.

Chicago School of Psychology, USA. *Discovering Exciting Psychology Programmes in STEM.* October 23, 2024.

Suchi Kothari, Professor and Convenor of the Screen Production Programme, University of Auckland, New Zealand. *Film Screening and Discussion.* November 8, 2024.

Jonathan Tee, Strategic Recruitment Specialist, University of British Columbia, British Columbia, Canada. *Pursuing a Master of Public Policy and Global Affairs (MPPGA) at the School of Public Policy and Global Affairs.* November 15, 2024.

US Consulate General Mumbai. *Writing a Winning Statement of Purpose for Your Graduate Application.* November 18, 2024.

Office of Graduate Admissions, Emory University, USA. *Pursuing a PhD in Economics and Public Policy at Emory University.* November 19, 2024.

Anubhooti Arora, Director, Office of International Affairs, Ahmedabad University. *Statement of Purpose (SOP) Review for Students.* November 23, 2024.

Sir Peter Mathieson, Vice Chancellor, University of Edinburgh, Edinburgh, UK. January 21, 2025.

Asheley Jones, Chief Learning Officer, CFA Society Australia, Australia. January 28, 2025.

Vishakha Yaduvanshi, Indian Foreign Service Officer and Communications Team, Arvind Limited. February 11, 2025.

Iain Gordon, Vice Principal and Head of Science and Engineering, Edinburgh College of Science and Engineering, Edinburgh, UK. March 5, 2025.

Diego Vazquez Villa Mediana, Professor of Practice, School of Commerce, Valladolid, Spain. March 26 - April 5, 2025.

Gbenga Ibikunle, Professor and Chair of Finance, Edinburgh Business School, Edinburgh, UK. April 7, 2025.

Neelima Jayendran and **Monika Merlin**, Virginia Commonwealth University, Qatar. April 10 - 12, 2025.

Anubhooti Arora, Director, Office of International Affairs, Ahmedabad University. *Presenting Higher Education Opportunities at Ahmedabad University to Prospective African Students.* November 23, 2024.

Office of International Affairs. *International B-school Fair with eight leading Business Schools 2025.* February 5, 2025.

Srijani Datta, Manager, Recruitment and Admissions, Simon Fraser University, Canada. *Graduate Programmes at Beedie School of Business.* February 7, 2025.

Office of International Affairs and French Embassy. *Choose France Tour 2025: French Education Fair.* February 19, 2025.

Ranjan Daniels, Senior Associate Dean, Student Recruitment and Global Outreach, University of Chicago, USA. *Graduate Programmes at the Harris School of Public Policy.* February 24, 2025.

Pankaj Chandra, Vice Chancellor, Ahmedabad University. *Building Your Profile for Applying to Highly Selective Universities.* March 16, 2025.

Diego Vazquez Villa Mediana, Professor of Practice, School of Commerce, Valladolid, Spain. *Studying in Spain: A session on Fully-funded Erasmus Plus KA 171 Semester Abroad to the University of Valladolid (Spring 2026).* April 1, 2025.

Eric Schirmer, Professor, University of Edinburgh, UK. *Cancer-type Specific Targeting of Nuclear Size to Reduce Metastatic Spread.* April 8, 2025.

Semester Abroad and Other Short-term International Opportunities

The Office facilitates opportunities for students to undertake a semester abroad at Ahmedabad University's partner institutions across the United States, Europe, and Asia. In 2024-25, twenty-two students from various Schools at the University completed a semester abroad.

The University of Wisconsin-Madison stands as Ahmedabad University's first American partner institution for the study abroad programme.

During 2024-25, students successfully secured competitive scholarships, including the Erasmus KA 171 programme through the University of Valladolid, Spain, and fully-funded research internships for PhD students at Lingnan University. Furthermore, HSE University, Russia, supported our students participating in a summer immersion programme at their Saint Petersburg campus.

HSE Saint Petersburg, Russia

1. **Satya Oza**, PhD, Humanities and Social Sciences
2. **Honey Dhanecha**, BBA (Hons), Marketing, Class of 2027
3. **Rutu Shah**, BA (Hons), Psychology, Class of 2027
4. **Simran Arora**, BA (Hons), Economics, Class of 2025
5. **Heer Sheth**, BBA (Hons), Accounting and Finance, Class of 2027

Rennes School of Business, France

1. **Rohan Shah**, BBA (Hons), Finance and Economics, Class of 2025
2. **Ananyashri Siddhartha**, BBA (Hons), Accounting and Finance, Class of 2026
3. **Shachi Goenka**, BBA (Hons), Accounting and Finance, Class of 2026
4. **Tanmay Bansal**, BBA (Hons), Marketing, Class of 2026

University of Wisconsin-Madison, USA

1. **Vineetha Banavar**, BA (Hons), Psychology, Class of 2027
2. **Keya Patel**, Integrated MBA, Family Business and Entrepreneurship, Class of 2027
3. **Bhavisha Gandhi**, BBA (Hons), Accounting and Finance, Class of 2026

Lingnan University, Hong Kong

1. **Divita Garg**, PhD, Biological and Life Sciences
2. **Kanav Bajaj**, BA (Hons), Economics, Class of 2026
3. **Rashmita Ganguly**, BA (Hons), Psychology, Class of 2027
4. **Anika Sheth**, BA (Hons), Psychology, Class of 2027

University of British Columbia, Canada

1. **Aabha Shah**, BBA (Hons), Finance, Class of 2024
2. **Gayatri Chavda**, BBA (Hons), Business Analytics, Class of 2024
3. **Sakhi Shah**, BA (Hons), Philosophy, History and Languages, Class of 2024

University of Applied Sciences in Nysa, Poland

1. **Aarya Gogia**, BS (Hons), Computer Science, Class of 2026

ECAM LaSalle, France

1. **Yash Shah**, BTech, Mechanical Engineering, Class of 2026

University of Vaasa, Finland

1. **Khushi Rathi**, BBA (Hons), Accounting and Finance, Class of 2026

Career Development Centre

The Centre guides and prepares students for successful careers by providing resources to explore, discover, develop, and pursue their personal and professional goals. The Centre facilitates its connection to the corporate world that matches those goals.

It supports students at all career stages, from exploring interests and preparing for assessments to networking opportunities and developing job search strategies. It also functions as the nodal office for the University's corporate relations.

Activities conducted by CDC help students work on areas of development and build their career.

These activities include:

- Career Counselling and Guidance
- Skill Development Training
- Internship and Placement Coordination
- Career Mapping
- Industry Interactions
- Organising Networking Events

Career Counselling, Assessment, and Development

The Centre organises and facilitates events and programmes to build students' capabilities and job readiness. These include career orientation, seminars on higher education, corporate interactions, alumni talks, and career counseling sessions incorporating psychometric assessments and one-on-one meetings. Additionally, the Centre provides thorough placement and internship training, encompassing aptitude and technical tests, and mock interviews. Nearly 110 events were organised across schools based on early engagement or specific needs analysis, benefiting students.

Career Development Centre - Student Committee

The Centre works closely with students via a Student Committee, which acts as a bridge between the student community and the Centre to build a symbiotic environment for students' development.

Industry Interactions

The Centre organised several interactions with industry experts during the academic year, including those designed to inform graduating and pre-final year students.

Nirav Patel, Chief Operations Officer, InfocusP Solutions. *Expectation of a Product Company in IT Domain.* August 9, 2024.

Vaibhav Vyas, Vice President Operations, Smytten. *E-commerce-Disruption in Personal Care Segment: Idea to Success.* August 28, 2024.

Manish Thakker, Global Head, Human Resources, Zydus International. *What Corporates really look for in MBA Graduates?* May 30, 2025.

Dipesh Shah, Executive Director, International Financial Services Centres Authority (IFSCA), Gift City. *Gujarat International Finance Tec-City (GIFT City) Changing the Financial Services landscape of India and the World.* February 3, 2025.

Sahil Nayar, Senior Associate Director, KPMG India, **Nitesh Shah**, Managing Partner and Chief Executive Officer, Elara Capital, and **Ajay Gopalakrishnan**, Head, Human Resources, Plum Goodness. *Beyond Degree - Skills, Values and Attitude Corporations Expect from MBA graduates.* June 7, 2025.

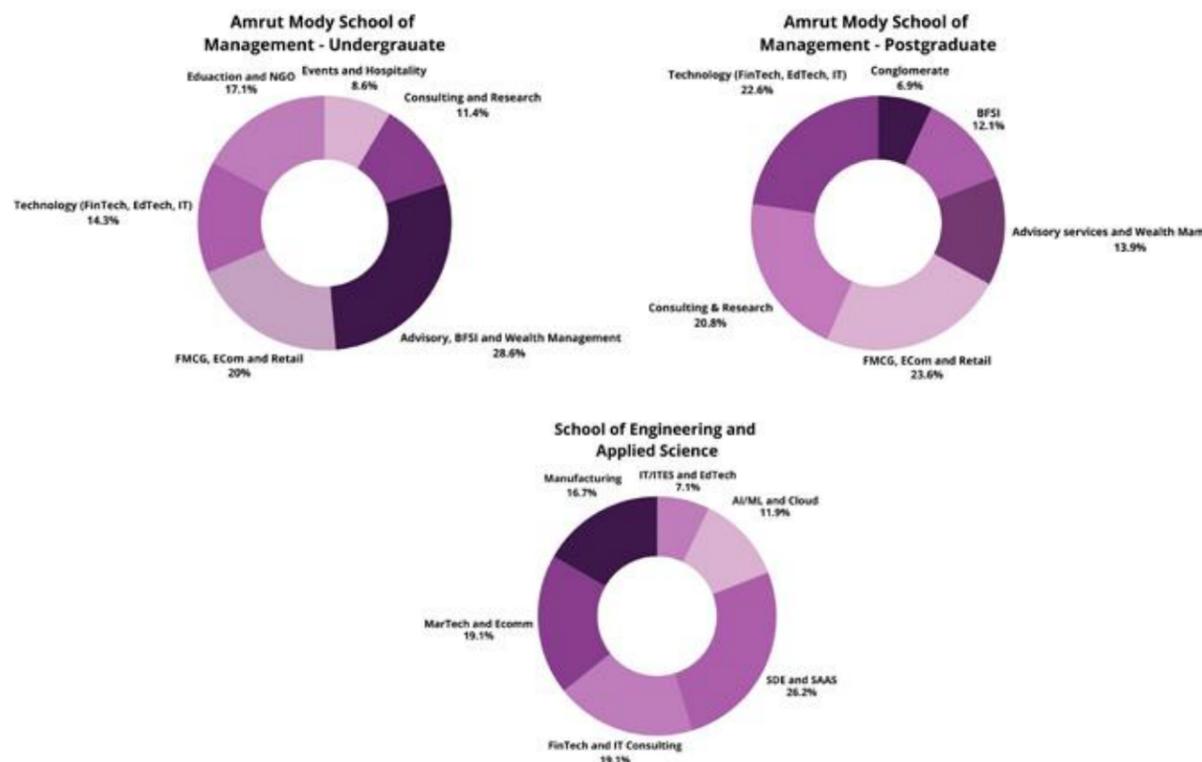

Campus Placements

The Centre provided rigorous training to graduating students while simultaneously intensifying its focus on corporate outreach and nurturing existing relationships. This dual effort aimed to secure more aspirational career opportunities for students and ensure a broader range of recruiters visited the campus. Consequently, students were placed in progressive organisations across various sectors, leading to improved compensation packages.

| CAMPUS PLACEMENT | ACADEMIC YEAR 2024-2025 | GRADUATING STUDENTS | ACADEMIC YEAR 2024-2025 |

Alumni Affairs

The Office has strengthened its engagement with alumni through various initiatives over the past year. Alumni meets and events reconnected graduates, while panels, mentorship programmes, and collaborative sessions enhanced alumni-student ties. These efforts highlight the role of alumni in the University's ongoing development.

Interactions with Students from Different Schools

Chemistry and the World Around Us 2.0 Symposium | March 26, 2025

Karan Kothia (BTech, Class of 2020) and Meet Bhatt (BTech, Class of 2019) addressed current students at the symposium, providing tangible career examples rooted in the chemical sciences.

Route Camp

This year, the following alumni offered Route Camp Projects for the MBA Programme. This 12-credit academic initiative involves an organisation presenting a real business issue for students to solve, enabling direct engagement with real-time challenges faced within their respective organisations.

Engineers as Entrepreneurs | April 9, 2025

Nikki Thakrar, Darshan Dedaniya, and Aanvi Mehta from BTech, Class of 2019, Kaivalya Shah from BTech, Class of 2018, and Samkit Kundalia from BTech, Class of 2023, shared insights into their transitions from engineering into entrepreneurship and industry leadership, as part of the panel discussion titled "Tech to Business – Engineers Disrupting Industry."

Jatin Thacker

BCom, Class of 2008
Founder and Promoter, Unicorn Metal Industries

Richa Dalwani

BBA, Class of 2011
Founder, The Heritage Art

Mihir Parmar

BCom, Class of 2006
CEO, Inkkit

Rashvi Tulsiyan

BCom, Class of 2016
Chartered Accountant

Mit Gandhi

MCom, Class of 2011
Co-founder, One case

Rutul Shah

BCom, Class of 2016
Co-founder, Capbridge

Helly Shah

BBA, Class of 2019
HR Head, Ninis Kitchen

Alumni Engagement with the Career Development Centre

The Office collaborates with the Career Development Centre to connect students with internship and recruitment opportunities via our alumni network. In the past year alone, alumni from reputed companies offered student internships, placement opportunities, and industry projects.

Ahmedabad Alumni Entrepreneurship Network

| SPEAKER/ORGANISER | SESSION TITLE | DATE |

Alumni Meets

The Office organised several meets to engage with alumni across the world. Alumni from different programmes and graduation years met in Canada, Ahmedabad, Delhi, Vadodara, and Surat.

Events and Activities

The Alumni Series and Conversations:

The following alumni interacted with students as a part of The Alumni Series during the year

1. **Abhijna Pathak**, BCA, Class of 2017, January 17, 2025
2. **Mohit Masand** and **Bhavika Masand**, BCom, Class of 2007, January 27, 2025
3. **Rutvi Shah**, Integrated MS, Class of 2019, **Dhairya Mazmudar**, BS (Hons), Class of 2022, and **Manya Shah**, Integrated MS, Class of 2022, February 24, 2025
4. **Shashvi Shah** and **Shalvi Shah**, BBA (Hons), Class of 2023, March 19, 2025

Ahmedabad Alumni Badminton Championship | September 15, 2025

Over 80 alumni from the class of 2003 and 2024, representing all Schools of Ahmedabad University, participated in the sports tournament. The event featured participants across Gujarat, including Ahmedabad, Vadodara, Rajkot, Surat, and others. The alumni engaged in more than 125 games played across seven categories in badminton and table tennis.

Alumni Presence at University Events

Orientation 2024 | August 1, 2024

Alumni interacted with the incoming batch, providing new students with insights into their academic journey, the course structure, and campus life.

1. **Param Pandya**, MMS in Heritage Management, Class of 2017
2. **Aanchal Mehta**, MMS in Heritage Management, Class of 2018
3. **Aashka Jadeja**, MMS in Heritage Management, Class of 2021
4. **Raj Shah**, MBA, Class of 2022
5. **Shalvi Shah**, BBA (Hons), Class of 2023
6. **Anjasi Mehta**, BBA (Hons), Class of 2023
7. **Anshira Chowdhary**, BCom, Class of 2024
8. **Shivani Mishra**, BBA (Hons), Class of 2018
9. **Hiral**, Integrated MBA, Class of 2018
10. **Mohammed Moin Hawawala**, BTech, Class of 2024
11. **Kevin Modi**, BTech, Class of 2024
12. **Ananya Oli**, BTech, Class of 2024
13. **Kishan Parikh**, BTech, Class of 2024
14. **Keyur Khatri**, BTech, Class of 2024

Alumni actively participated in various events, including a session by Uday Kotak, Founder and Director of Kotak Mahindra Bank, on "Leaders of the New Era." They also engaged in the launch of the Family Business Club by the Confederation of Indian Industry (CII) Family Business Network (FBN), Youth Fest Panorama 2024, Ahmedabad University Sports Cup 2025, Family Business Fest 2025, Centre of Excellence Meetings, SICAF, Concourse 2025 (Management Fest), and International Yoga Day 2025.

Life at Ahmedabad University

AHMEDABAD

The Office has evolved from a support function to a cultural anchor, shaping the student experience. In 2024-25, it embedded values of care, inquiry, initiative, and belonging into all its programmes, including Orientation, mentorship, wellness, and co-curricular initiatives, fostering a campus culture where students are supported and challenged to grow.

Highlights

- The Orientation programme blended peer-led discovery, structured academic preparedness, civic engagement, and performance-based storytelling.
- 7,600 consultation and support requests were responded to by the Wellness vertical, expanding reach and deepening its integration with the Health Centre.
- Medical document verification processes became smoother and more data-driven. Thalassemia screening, fitness assessments, and blood donation camps increased health awareness.
- 72.6 per cent of first-year students felt comfortable seeking mental health support due to the implementation of counselling, support groups, and the Family Connect Initiative.
- A new series of wellness talks encouraged students to shift from passive consumption to active engagement, promoting a more holistic and preventive approach to mental health.

Wellness

The effort is to enhance the entire tenure of the students at the University by making it as easy, positive, and happy as possible. The emphasis is on care for both physical and mental wellbeing.

Physical Wellness

The Office facilitates the following health services at the University Centre:

- Free medical consultations
- Medical documents verification
- Student insurance
- Health record data
- Thalassemia screening camp
- Blood donation camps
- Health camps
- Consultations
- Dental Health Camp

Compliance and Grievances

The Office offers upfront and extends backend support to the following under the Compliance and Grievance Redressal Mechanism at Ahmedabad University:

Mental Wellness

The Office continuously monitors the mental and emotional wellbeing of students, and has dedicated resources to address any challenges students might be facing through:

- Personal counselling
- Peer support programme
- Distance counselling
- Family connect initiative

- Anti-Ragging Committee
- Prevention of Sexual Harassment (POSH)
- Grievance Redressal Committee
- Women's Development Cell

Activities of Wellness

| ACTIVITY | FACILITATOR | DATE |

| Yoga Camp | Swati Sadhwani | 20-31 January 2025 |
| First-Aid Training | Dr Gayatri Raval and Indian Red Cross Society | 22 January 2025 |
| Session on Physiotherapy | Dr Furqaan Abbasi | 29 January 2025 |
| Yoga Classes | Swati Sadhwani | 3 February - 17 April 2025 |
| Health Camp | Dr Gayatri Raval | 5-7 February 2025 |
| Peer Support Programme (PSP) Launch | Nairuti Trivedi, Rucha Sarwate, and PSP Students | 12 February 2025 |
| Inside Out 2 Movie Screening | Nairuti Trivedi and Mishika Thakur | 19 February 2025 |
| Blood Donation Camp | Indian Red Cross Society | 12 March 2025 |
| Thalassemia Screening | Indian Red Cross Society | 19 March 2025 |
| Step into Smart Choices | Dr Akhil Mukim | 26 March 2025 |
| My Brother Nikhil Movie Screening | PSP and Queer Collective | 9 April 2025 |
| International Yoga Day | Swati Sadhwani | 21 June 2025 |

Family Connect Initiative

This initiative aims to build a rapport with the families of students who receive financial aid. This enables the University to get feedback on the aid's impact and instills in the family the confidence about University Support. The ODS contacted the family members of 82 students who received financial aid (16 from Ahmedabad and 66 outside Ahmedabad) to assess students' wellbeing, academically and personally.

Work Study Programme

160 students were enrolled in the University's Work Study Programme during the 2024-25 academic year. This initiative allows deserving students to earn a dignified wage while working in various administrative or school offices across the University.

Student Support Initiatives

Understanding and Documenting Student Life of Karta Scholars

In the academic year 2024-25, the Office focused on engaging 32 Karta Scholars (students from underserved, underrepresented, and socioeconomically constrained backgrounds) admitted through the Karta Initiative. The Student Experience Executive led the one-on-one qualitative interviews with them to uncover their lived experiences, academic challenges, social integration barriers, and support needs. These conversations were complemented by institutional observation, data analysis (academic performance, geographical distribution, gender representation), and synthesis of emergent themes. The Office shared the findings internally for deeper understanding and systemic planning.

Circle of Care

The Circle of Care Programme, an initiative of the Office of the Dean of Students, is a peer support structure first introduced in the academic year 2018–2019. Designed to ease the transition from school to university, the programme offers incoming first-year students practical guidance and emotional safety as they navigate unfamiliar systems, processes, and structures. At its core, it is a simple yet powerful model: each group of 15–20 first-year students is paired with two senior students, known as Student Mitrs, who serve as trained mentors and guides. These Mitrs support newcomers, acting as both informed companions and accessible sources of support during the early months of university life.

In the academic year 2024–25, the programme was recast as a peer-led learning system, facilitating responsible engagement and proactive initiative in learning and growth. The responsibilities of a Student Mitr expanded, positioning them as active shapers of University culture. Besides being supportive, they are also mentors who foster reflection, model academic habits, and build engagement and initiative within their circles.

Intellectual and Creative Engagement

The Learning Community (TLC): Philosophy, Foundations, and Emergence

The Learning Community (TLC) at Ahmedabad University was launched in 2024 to supplement academic learning with life skills, self-understanding, and ethical awareness. TLC is built on three pillars: Personal Development, Morality of Everyday Life, and Global Citizenship.

Pilot sessions in late 2024 explored self-awareness and goal-setting. The initiative was officially launched in January 2025 with immersive, participatory campus installations. This launch, organised by 21 student volunteers, prioritised experiential learning. TLC has collaborated with other student programmes, confirming its role as a flexible, student-driven ecosystem focused on reflection, connection, and action.

Social Engagement

Range De Pathshala | November 10-17, 2024

Rang De Pathshala is an annual initiative aimed at fostering volunteerism among University students by contributing to community development. Volunteers collaborate to create educational infographics and murals at a local government school, enhancing the visual appeal of the learning environment. They organise engaging extracurricular workshops for the children, encompassing activities such as dancing and art. The event aims to create a vibrant and aesthetically pleasing school atmosphere that promotes learning and instills the value of social service.

Anandmela | January 26, 2025

Nearly 1,500 children from NGOs visited Ahmedabad University for an event of fun-filled games and interactive learning sessions. Themed “Jungle Safari Across Different Seasons”, the event created a space where entertainment and education came together seamlessly.

Cultural Events

| ACTIVITY | DATE |
|---|----------------------------|
| Garba | 19 October 2024 |
| Onam | 11 September 2024 |
| Hiking – Three-day trip to Mount Abu | 3-5 January 2025 |
| Literary Festival | 22-24 January 2025 |
| Sports Fest | 12 February - 9 April 2025 |
| Treble Dusk 6.0 - concert | 26 March 2025 |
| Avartan: A Symphony of Forgotten Rhythms An immersive cultural experience, featuring dance performances reflecting the distinctive heritage of different regions | 9 April 2025 |

Student Clubs

Two student clubs, Wealth Club and Social Service Forum, received the Chairman's Awards for Best Performing Student Clubs at Ahmedabad University's 16th Foundation Day.

Club Achievements

The Dance, Quiz, and Theatre Clubs together earned over 12 prizes at intercollegiate competitions between December 2024 and February 2025.

| CLUB | EVENT | DATE | POSITION |

Sports

The sports and games at the University are comprehensive programmes that incorporate many activities during an academic year. The activities available to students encompass indoor and outdoor sports such as Basketball, Badminton, Chess, Cricket, Carom, Football, Frisbee, Shooting, Table Tennis, Tennis, Volleyball, and Yoga, among others. The University Centre also has a well-equipped gymnasium with modern equipment and a trained instructor.

- The University introduced a mandatory credit course on Sports and Wellness to promote the overall wellbeing of its students. This course encourages an active lifestyle, sound physical and mental health, teamwork, agility, and focus.
- Ahmedabad University is a member of the Association of Indian Universities (AIU) and actively participates in AIU-organised/affiliated games and sports at the regional and national levels.
- The University Sports Office organises fests yearly to promote a healthy lifestyle and sportsmanship spirit.
- The University also facilitates students' participation in regional, national, and international tournaments.

Staff Achievement

Sonia Bathla

Director
Sports

- Appointed as Technical Official from Asian Hockey Federation to officiate at Bihar Women's Asian Champions Trophy Rajgir 2024 from November 11-20, 2024.
- Appointed as Assistant Technical Delegate from Hockey India to officiate at the inaugural season of Hockey India League (Women) held at Ranchi, Jharkhand, from January 10-27, 2025.
- Appointed as Technical Official from Federation of International Hockey to officiate at FIH Hockey Men's Nations Cup-II held at Muscat, Oman, from February 17-23, 2025.

The Nalanda

The University believes in building a spirit of enquiry and independent thinking by exchanging ideas and developing bridges between disciplines, cultures, and society. The Nalanda is a unique initiative that brings students in close contact with deep thinkers through inspiring and transformational conversations with them. These events are detailed below.

University Library System

AHMEDABAD

The University Library System supports student learning and nurtures creativity and the reading habit among the academic community. It encourages student participation and information literacy by offering liberal visiting hours, as it is open 24 hours from Monday to Saturday and from 9 am to 6 pm on Sundays. The timings are also extended during examinations.

The Library has expanded its collection of research journals, premium images, educational videos, online newspapers, and magazines, in addition to the ongoing acquisition of print books, journals, and databases to meet the diverse and evolving needs of students and faculty. The collection supports a multidisciplinary curriculum and research requirements covering Engineering, Computer Science, Mathematics, Humanities, Management, Biological Sciences, and Social Sciences. During the year, the Library added over 1,100 books, expanding its print collection. It also conducted over 25 impactful programmes, including training on archives, academic publishing, financial databases, and digital tools.

Digital Initiatives

The library continually enhances its services through digital innovations. It employs the Koha Integrated Library Management System and has implemented RFID at key locations to improve access and security. Users benefit from remote access to all subscribed online resources, alongside services such as Turnitin and Drillbit for plagiarism checks, EndNote for reference management, and Grammarly for writing support. All resources are conveniently accessible via the ProQuest Summon Discovery Service, while DSpace hosts in-house publications. Additionally, the library manages all service requests through the GLPI tracking system.

Financial Statements

Report on the Audit of the Financial Statements

We have audited the accompanying financial statements of Ahmedabad University which comprise the Balance Sheet as at March 31, 2025, and the Income and Expenditure Account for the year then ended and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the financial statements give a true and fair view in conformity with the accounting principles generally accepted in India of the state of affairs of Ahmedabad University as at March 31, 2025 and its deficit for the year ended on that date.

We conducted our audit of the financial statements in accordance with the Standards on Auditing prescribed by the Institute of Chartered Accountants of India ("ICAI"). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of Ahmedabad University in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position and financial performance of Ahmedabad University in accordance with the accounting principles generally accepted in India, including the applicable Accounting Standards. This responsibility also includes maintenance of adequate accounting records for safeguarding the assets of Ahmedabad University and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing Ahmedabad University's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate it or to cease operations, or has no realistic alternative but to do so.

The Management is responsible for overseeing Ahmedabad University's financial reporting process.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Auditor's Responsibility

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing our opinion on the effectiveness of the internal financial controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on Ahmedabad University's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause Ahmedabad University to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable

Date: September 13, 2025

user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

Further, we report that:

- We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- In our opinion, proper books of account as required by the Act so far as it appears from our examination of those books.
- The Balance Sheet, the Statement of Income and Expenditure dealt with by this Report are in agreement with the relevant books of account.

LIST OF FACULTY

AHMEDABAD

PRAMATH ANAMBY

Assistant Professor
School of Arts and Sciences
PhD, Indian Institute of Science,
Bangalore

BHARGAV ADHVARYU

Professor
Amrut Mody School of Management
PhD, University of Cambridge

SHWETA AGARWALA

Professor and Associate Dean
School of Engineering and Applied
Science
PhD, National University of Singapore

MAYANK AGGARWAL

Assistant Professor
Amrut Mody School of Management
PhD, IIM Ahmedabad

SHUJA AHMED

Assistant Professor
School of Engineering and Applied
Science
PhD, IIT Patna

SAFWAN AMIR

Assistant Professor
School of Arts and Sciences
PhD, University of Madras

MD SHAHRUKH ANJUM

Assistant Professor
Amrut Mody School of Management
PhD, IIM Bangalore

HARNAIN KAUR ARORA

Assistant Professor
Amrut Mody School of Management
PhD, IIM Ahmedabad

SANJAY BANERJI

Visiting Professor
Amrut Mody School of Management
PhD, The State University of New York

DINESH BAROT

Assistant Professor
Amrut Mody School of Management
PhD, Gujarat University

KUNAL BASU

Distinguished Professor
School of Arts and Sciences
PhD, University of Florida

JAYENDRA BHALODIYA

Assistant Professor
School of Engineering and Applied
Science
PhD, The University of Warwick

GAURAV BHATTACHARYA

Assistant Professor
Amrut Mody School of Management
PhD, Jawaharlal Nehru University

RUPSA BHOWMICK

Assistant Professor
School of Engineering and Applied
Science
PhD, Louisiana State University

AMRITA BIHANI

Assistant Professor
Amrut Mody School of Management
PhD, CEPT University

MARY ANN CHACKO

Assistant Professor
School of Arts and Sciences
PhD, Teachers College
Columbia University

ABHISHEK CHAKRABORTY

Assistant Professor
School of Engineering and Applied
Science
PhD, Indian Institute of Space Science
and Technology

ARANYA CHAKRABORTY

Assistant Professor
Amrut Mody School of Management
PhD, McGill University

SUDEEP CHAKRAVARTI

Professor of Practice
School of Arts and Sciences
BA (Honours), Delhi University

PANKAJ CHANDRA

Vice Chancellor and Professor
Amrut Mody School of Management
PhD, The Wharton School
University of Pennsylvania

NEEL KAMAL CHAPAGAIN

Professor and Director
Centre for Heritage Management
PhD, University of Wisconsin

KASTURI CHATTERJEE

Assistant Professor
School of Arts and Sciences
PhD, Jawaharlal Nehru University

ADITYA CHATURVEDI

Assistant Professor
School of Arts and Sciences
PhD, Emory University

RAKESH CHATURVEDI

Associate Professor
Amrut Mody School of Management
PhD, Pennsylvania State University

SUGAT CHATURVEDI

Assistant Professor
Amrut Mody School of Management
PhD, Indian Statistical Institute, Delhi

SANJAY CHAUDHARY

Professor and Associate Dean
School of Engineering and Applied
Science
PhD, Gujarat Vidyapith

SAMYADAY CHAUDHARY

Assistant Professor
School of Arts and Sciences
PhD, Indian Institute of Science
Bangalore

HEMANT CHOUHAN

Associate Professor
School of Engineering and Applied
Science
PhD, IIT Delhi

JATIN CHRISTIE

Senior Lecturer
Amrut Mody School of Management
PhD, Dharamsinh Desai University

SRIDHAR DALAI

Assistant Professor
School of Engineering and Applied
Science
PhD, IIT Mumbai

A DAMODARAN

Visiting Professor
Centre for Heritage Management
PhD, University of Kerala

AMIT DAS

Professor
Amrut Mody School of Management
PhD, University of Minnesota Twin
Cities

BIMAL DAS

Assistant Professor
School of Engineering and Applied
Science
PhD, IIT Patna

SABYASACHI DAS

Associate Professor
Amrut Mody School of Management
PhD, Yale University

SHOBHA DAS

Dean and Professor
Amrut Mody School of Management
PhD, University of Minnesota Twin
Cities

SUCHISMITA DAS

Assistant Professor
School of Arts and Sciences
PhD, University of Chicago

KATHYAYINI DASH

Assistant Professor
School of Arts and Sciences
PhD, Centre for Theatre Dance and
Performance Studies

ADITI DEO

Assistant Professor
School of Arts and Sciences
PhD, Indiana University

SATISH DESHPANDE

Professor of Practice of Management
Amrut Mody School of Management
Executive Fellow in Management,
Indian School of Business

VEDANT DEV

Assistant Professor
Amrut Mody School of Management
PhD, IIM Ahmedabad

POONAM DUGAR

Assistant Professor
Amrut Mody School of Management
PhD, Gujarat University

MANOMOHINI DUTTA

Assistant Professor
School of Arts and Sciences
PhD, The University of Texas

ARIJIT GANGULI

Assistant Professor
School of Engineering and Applied
Science
PhD, Institute of Chemical Technology

NITHIN GEORGE

Assistant Professor
School of Arts and Sciences
PhD, IIT Gandhinagar

ASHITAVA GHOSAL

Professor and Senior Associate Dean
School of Engineering and Applied
Science
PhD, Stanford University

RATNA GHOSAL

Associate Professor
School of Arts and Sciences
PhD, Indian Institute of Science,
Bangalore

ADITYA GHOSH

Professor
Centre for Heritage Management
PhD, University of Heidelberg

INDRAJIT GHOSH

Assistant Professor
Bagchi School of Public Health
PhD, Indian Statistical Institute,
Kolkata

SOUMEN GHOSH

Assistant Professor
School of Arts and Science
PhD, Institute of Plasma Research,
Gandhinagar

LOYIMEE GOGOI

Assistant Professor
Amrut Mody School of Management
PhD, Dibrugarh University

TIMOTHY GONSALVES

Distinguished Professor
School of Engineering and Applied
Science
PhD, Stanford University

GAURAV GOSWAMI

Assistant Professor
School of Arts and Sciences
Phd, Jawaharlal Nehru University

SAYAN GOSWAMI

Assistant Professor
School of Arts and Sciences
PhD, Louisiana State University

RAGHWINDER GREWAL

Assistant Professor
School of Arts and Sciences
PhD, IIT Madras

AARZOO GUPTA

Visiting Professor
School of Arts and Sciences
PhD, Thapar Institute of Engineering
and Technology

BAIBHAV KUMAR GUPTA

Assistant Professor
School of Engineering and Applied
Science
PhD, IIT Ropar

SAMARTH GUPTA

Assistant Professor
Amrut Mody School of Management
PhD, University of Boston

SOUVIK SEN GUPTA

Assistant Professor
School of Arts and Sciences
PhD, Jadavpur University

SUPRATIM DAS GUPTA

Assistant Professor
Amrut Mody School of Management
PhD, University of South Carolina

SHAM GURAV

Professor of Practice of Engineering
School of Engineering and Applied
Science
PhD, Delft University of Technology

TANYA JAIN

Assistant Professor
Amrut Mody School of Management
PhD, IIM Bangalore

KAUSHIK JANA

Assistant Professor
School of Arts and Sciences
PhD, Indian Statistical Institute,
Kolkata

MONA JANI

Assistant Professor
School of Engineering and Applied
Science
PhD, Savitribai Phule Pune University

CHETKAR JHA

Assistant Professor
Bagchi School of Public Health and
School of Arts and Sciences
PhD, University of Missouri

MURARI KUMAR JHA

Assistant Professor
School of Arts and Sciences
PhD, Leiden University

HETAL JHAVERI

Assistant Professor
Amrut Mody School of Management
PhD, Sardar Patel University

JITESH JHAWAR

Assistant Professor
School of Arts and Sciences
PhD, Indian Institute of Science,
Bangalore

KEYUR JOSHI

Assistant Professor
School of Engineering and Applied
Science
PhD, Queen's University

PANKAJ JOSHI

Distinguished Professor of Physics
School of Arts and Sciences
Director, International Centre for
Space and Cosmology
PhD, Bhavnagar University

JINRAJ JOSHIPURA

Professor of Practice of Management
Amrut Mody School of Management
MS, Massachusetts Institute of
Technology

KAUMUDI JOSHIPURA

Professor and Dean
Bagchi School of Public Health
PhD, Harvard University

VAIBHAV KADIA

Assistant Professor
Amrut Mody School of Management
Associate Dean
Office of the Dean of Students
PhD, Ganpat University

SUNIL KALE

Professor and Dean
School of Engineering and Applied
Science
PhD, Stanford University

ADITYA PRAKASH KANTH

Assistant Professor
Centre for Heritage Management
PhD, National Museum Institute

HARMEET KAUR

Assistant Professor
School of Engineering and Applied
Science
PhD, Academy of Scientific and
Innovative Research

MOLLY KAUSHAL

Professor and Director
Centre for Heritage Management
PhD, Moscow State University

MARYAM KAVESHGAR

Assistant Professor
School of Engineering and Applied
Science
PhD, National Technical University of
Ukraine

SNIGDHA KHUNTIA

Assistant Professor
School of Engineering and Applied
Science
PhD, IIT Guwahati

APAAR KUMAR

Associate Professor
School of Arts and Sciences
PhD, Emory University

ASHUTOSH KUMAR

Associate Professor
School of Arts and Sciences
PhD, Integral University

ATUL KUMAR

Assistant Professor
Amrut Mody School of Management
PhD, IIM Ahmedabad

DEEPAK KUNZRU

Dean
Graduate School and Research
Distinguished Professor
School of Engineering and Applied
Science
PhD, University of Pittsburgh

SAMVET KURIL

Assistant Professor
Amrut Mody School of Management
PhD, IIM Ahmedabad

NARENDRA KUSHWAHA

Assistant Professor
Amrut Mody School of Management
PhD, IIM Tiruchirappali

ANURAG LAKHLANI

Senior Lecturer
School of Engineering and Applied
Science
Master of Science, The University of
Texas at Arlington

VINODH MADHAVAN

Associate Professor
Amrut Mody School of Management
PhD, Golden Gate University

DARSHINI MAHADEVIA

Professor
School of Arts and Sciences
PhD, Jawaharlal Nehru University

PINAKI MAJUMDAR

Professor
School of Arts and Sciences
PhD, Indian Institute of Science,
Bangalore

**KHUSDEEP KAUR
MALHOTRA**

Assistant Professor
School of Arts and Sciences
PhD, Temple University

VINOD MALL

Visiting Professor
School of Engineering and Applied
Science
PhD, DAICT, Gandhinagar

PREETI MANECK

Senior Lecturer
Amrut Mody School of Management
PhD, Maharaja Sayajirao University of
Baroda

**MAYURIBALA
MANGRULKAR**

Assistant Professor
School of Engineering and Applied
Science
PhD, Skolkovo Institute of Science and
Technology

KUNAL MANKODI

Senior Lecturer
Amrut Mody School of Management
PhD, Ganpat University

LEYA MATHEW

Assistant Professor
School of Arts and Sciences
PhD, University of Pennsylvania

ANAMIKA MAURYA

Assistant Professor
School of Engineering and Applied
Science
PhD, IIT Kanpur

ESHITA MAZUMDAR

Assistant Professor
School of Arts and Sciences
PhD, Homi Bhabha National Institute
(DAE)

BIJAL MEHTA

Associate Professor
Amrut Mody School of Management
PhD, Sardar Patel University

MITAXI MEHTA

Assistant Professor
School of Engineering and Applied
Science
PhD, Gujarat University

MONA MEHTA

Associate Professor
Associate Dean, Arts
School of Arts and Sciences
PhD, University of Chicago

RAVI MIGLANI

Professor of Practice of Management
Amrut Mody School of Management
Post Graduate Diploma in
Management, IIM Ahmedabad

RACHNA MISHRA

Assistant Professor
School of Arts and Sciences
PhD, University of Delhi

SIBANI MOHAPATRA

Professor of Practice
Amrut Mody School of Management
Fellow Programme in Management
(Industry), Indian Institute of
Management, Indore

SUBHABRATA MOITRA

Assistant Professor
Bagchi School of Public Health
PhD, University of Kalyani

SANJOY MUKERJI

Professor of Practice of Management
Amrut Mody School of Management
PhD, University of Kalyani

PRITHWIRAJ MUKHERJEE

Associate Professor
School of Arts and Sciences
PhD, ESSEC Business School, France

SHOMEN MUKHERJEE

Associate Professor
School of Arts and Sciences
PhD, Ben Gurion University

SUTAPA MUKHERJI

Professor
School of Arts and Sciences
PhD, Institute of Physics, Bhubaneswar

RAJESH NAIDU

Assistant Professor
School of Arts and Sciences
Master of Fine Arts, Indiana State
University

SHEFALI NAIK

Assistant Professor
School of Engineering and Applied
Science
PhD, Sardar Patel University

AMIT NANAVATI

Professor
School of Engineering and Science
PhD, Louisiana State University

PALLAVI NARAYAN

Associate Professor of Practice
School of Arts and Sciences
PhD, IIT Delhi

TEJASWINI NIRANJANA

Visiting Professor
School of Arts and Sciences
PhD, University of California

VISHAL NIRGUDE

Assistant Professor
School of Engineering and Applied
Science
PhD, IIT Indore

KEITA OMI

Assistant Professor
School of Arts and Sciences
PhD, University of Utah

DARSHNA PADIA

Assistant Professor
Amrut Mody School of Management
PhD, Saurashtra University

ASHWIN PANDE

Assistant Professor
School of Arts and Sciences
PhD, Indian Institute of Science and
University of Maryland

SUDHIR PANDEY

Senior Lecturer
Amrut Mody School of Management
PhD, University of Lucknow

SHILPA PANDIT

Associate Professor
School of Arts and Sciences
PhD, University of Madras

JINAL PARIKH

Assistant Professor
Amrut Mody School of Management
PhD, Dharamsinh Desai University

ANIL PATEL

Assistant Professor
Bagchi School of Public Health
PhD, Physical Research Laboratory

DHAVAL PATEL

Associate Professor
School of Engineering and Applied
Science
PhD, Nirma University

KUNTAL PATEL

Assistant Professor
School of Engineering and Applied
Science
PhD, Hemchandra North Gujarat
University

PARAG PATEL

Senior Associate Dean and Associate
Professor
Amrut Mody School of Management
PhD, Gujarat University

SANKET PATEL

Associate Professor
School of Engineering and Applied
Science
PhD, DA-IICT, Gandhinagar

SAPTAM PATEL

Assistant Professor
Amrut Mody School of Management
PhD, Gujarat University

BHUVAN PATHAK

Assistant Professor
School of Arts and Sciences
PhD, University of Arkansas

MINAL PATHAK

Associate Professor
Amrut Mody School of Management
PhD, Gujarat University

PRAVAKAR PAUL

Assistant Professor
School of Arts and Sciences
PhD, University of Iowa

SHASHI PRABH

Associate Professor
School of Engineering and Science
PhD, The University of Virginia

BALAJI PRAKASH

Professor and Associate Dean,
Sciences
School of Arts and Sciences
PhD, Indian Institute of Science,
Bangalore

For Establishing Tinkerer's Lab at Ahmedabad University

CIRCLE OF GIVING

Gift from the Graduating Class of 2024, 2025, and Alumni

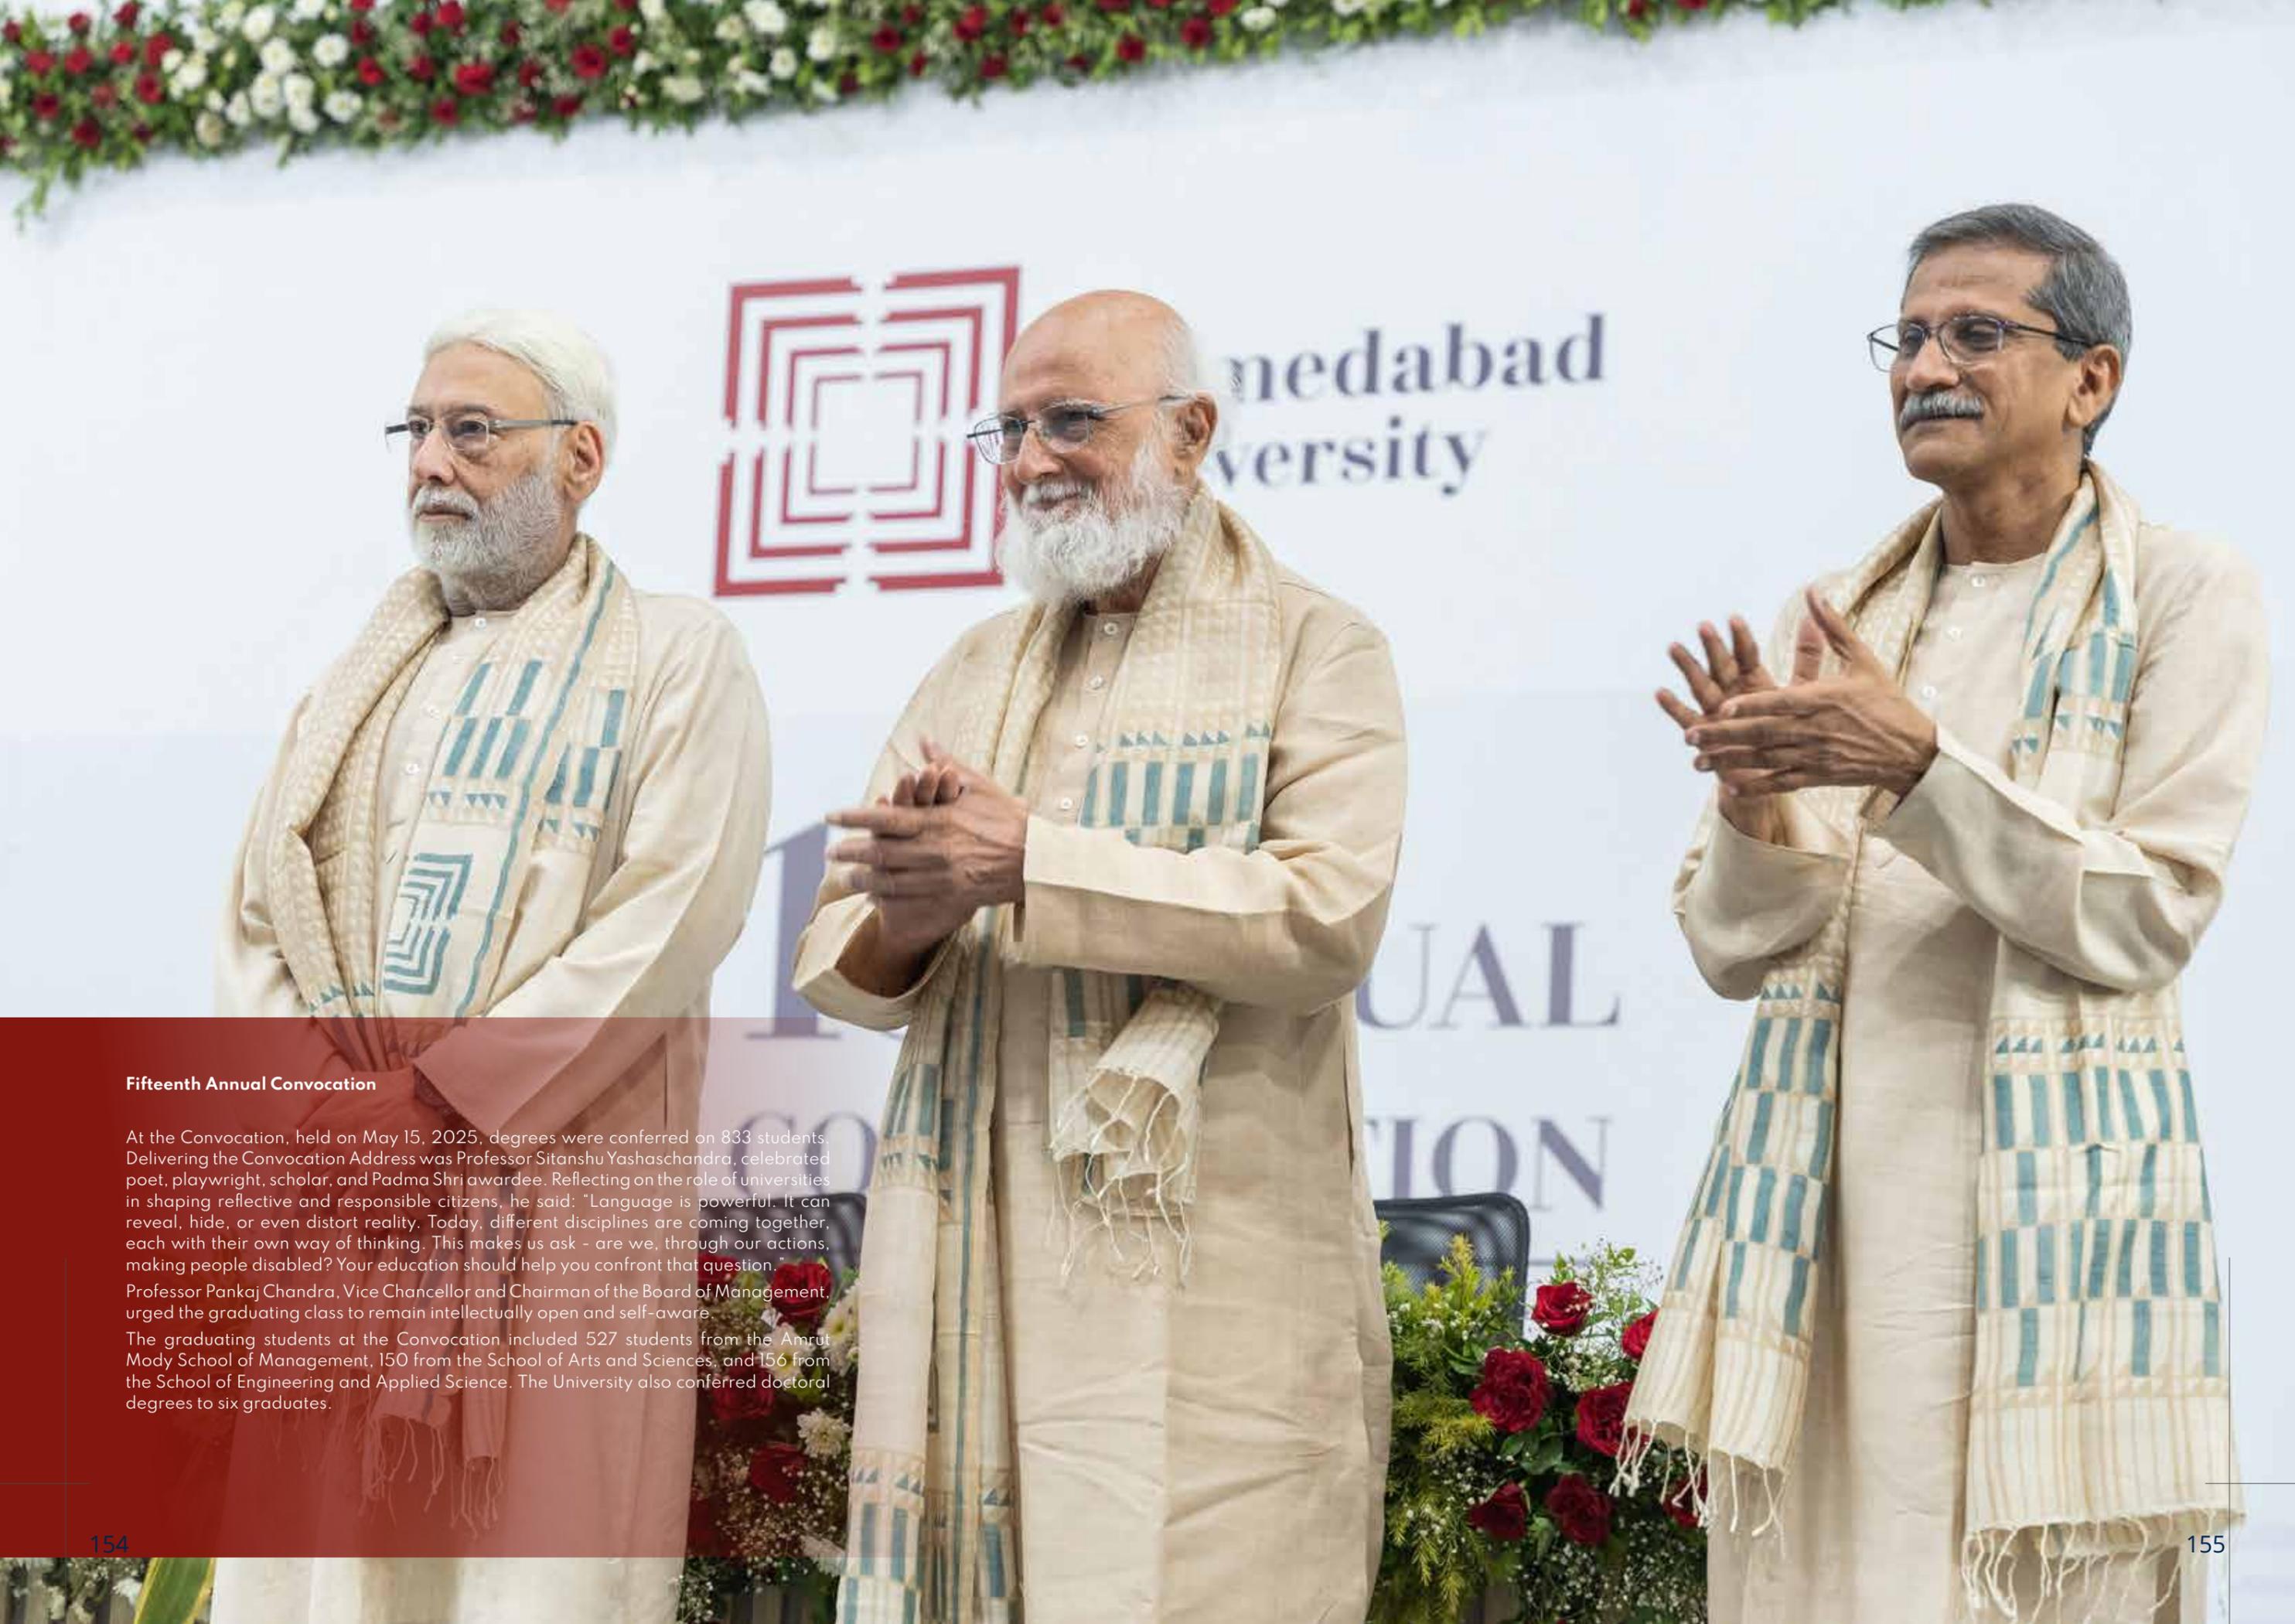

Fourteenth Annual Convocation

The Convocation, held on December 10, 2024, marked the culmination of the academic journey of 830 students. Vinita Bali, former Managing Director of Britannia Industries and a globally acclaimed leader in business and sustainability, delivered the convocation address.

Ms Bali, in her convocation address, inspired students to apply their learning in service to the community and emphasised the need to make the right choice. "In your everyday life, you will face choices and dilemmas, both big and small. Maintain your integrity, sense of ethics, and values, and strive to do what is right—not just for ourselves but also for our planet and community."

Vice Chancellor and Chairman of the Board of Management, Professor Pankaj Chandra, in his address, motivated graduates to use their education to make meaningful contributions to society.

The graduating students at the Convocation included 494 students from the Amrut Mody School of Management, 162 from the School of Arts and Sciences, and 174 from the School of Engineering and Applied Science. The University also conferred doctoral degrees to seven graduates.

Fifteenth Annual Convocation

At the Convocation, held on May 15, 2025, degrees were conferred on 833 students. Delivering the Convocation Address was Professor Sitanshu Yashaschandra, celebrated poet, playwright, scholar, and Padma Shri awardee. Reflecting on the role of universities in shaping reflective and responsible citizens, he said: "Language is powerful. It can reveal, hide, or even distort reality. Today, different disciplines are coming together, each with their own way of thinking. This makes us ask - are we, through our actions, making people disabled? Your education should help you confront that question."

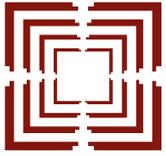

Professor Pankaj Chandra, Vice Chancellor and Chairman of the Board of Management, urged the graduating class to remain intellectually open and self-aware.

The graduating students at the Convocation included 527 students from the Amrut Mody School of Management, 150 from the School of Arts and Sciences, and 156 from the School of Engineering and Applied Science. The University also conferred doctoral degrees to six graduates.
